Sir,

In connection with the plan of Building
sanctioned by the Chief Engineer, and for which a grant of Rs. 18650/-
has been sanctioned by the Government of Madras, ^{which was} and communicated to
me through the Proceedings of the Director of Public Instruction
Dis. No. 106 of 1913 dated 6-1-1913. I have the honour to submit
herewith a deviation statement prepared by H. Stokes Esq., the
Basel Mission Engineer who has been entrusted with the superintend-
ing work of the building now being erected and to request that you
will be so good as to forward this to the Chief Engineer, Public
Works Department, with a request to sanction the deviation proposed
herein.

I have the honour to be,

Sir,

Your most obedient servant,

From L. Stokes. Building Superintendent-
B. M. Christian High School, Ndipi.

To Mr J. P. P. Ndipi

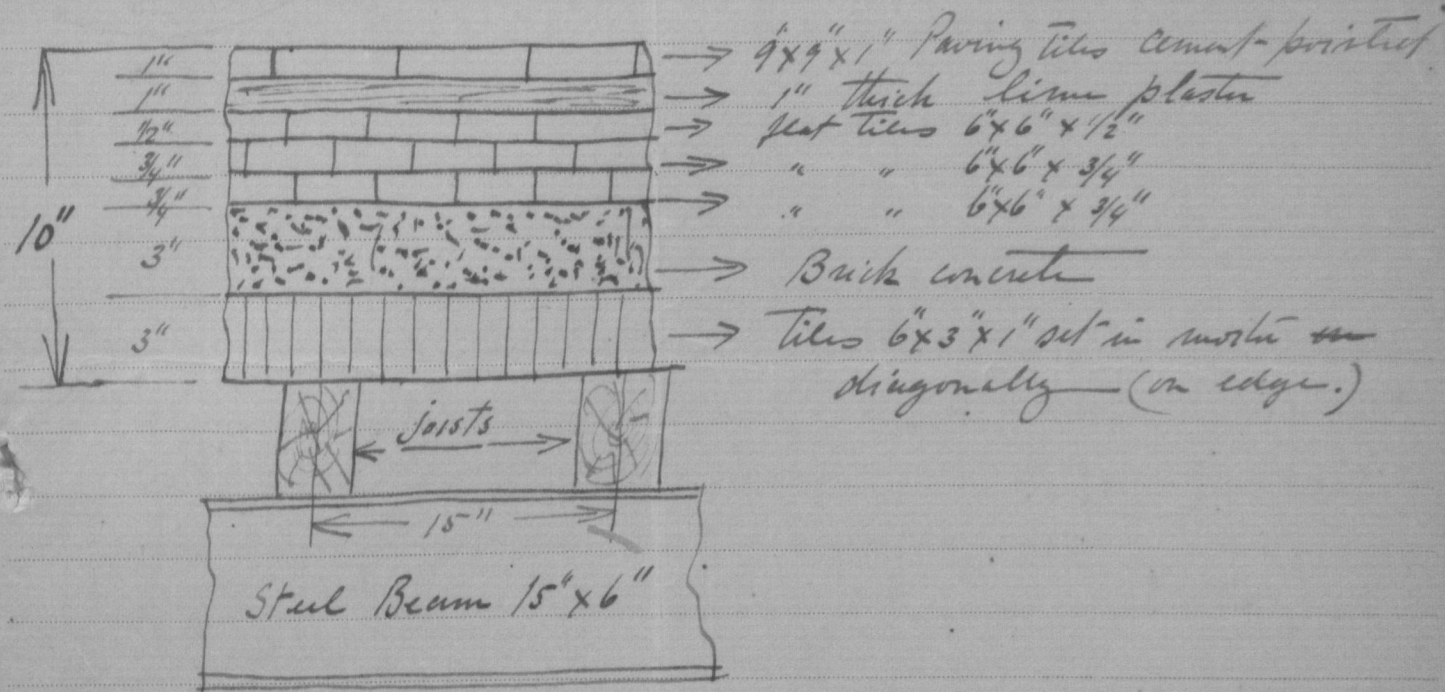

Dear Sir,

In the estimate for above building, "Madras terrace" has been sanctioned for the first floors. As the proscribed flat-tiles and bricks are not available locally and could only be obtained at a prohibitive cost from elsewhere, I request that a slight deviation from the sanctioned specification may be sanctioned. The following sketches show clearly where the deviation comes in and in my opinion would in no way affect the stability of the floor or make it less rainproof on the other hand it would mean a substantial saving. I quite understand that deviations are undesirable but when local conditions demand them as they certainly do in this case adhering to the letter of the estimate is not in the interest of the building which we all wish to see well done. In his letter N^o 4559 dated 5th 10/13 to the Sub Dist Officer S. Camara the Executive Engineer allows a deviation statement ^{to be} sent to the Chief Engineer through the District of Public Instruction, and I will be thankful if you will do so at an early date.

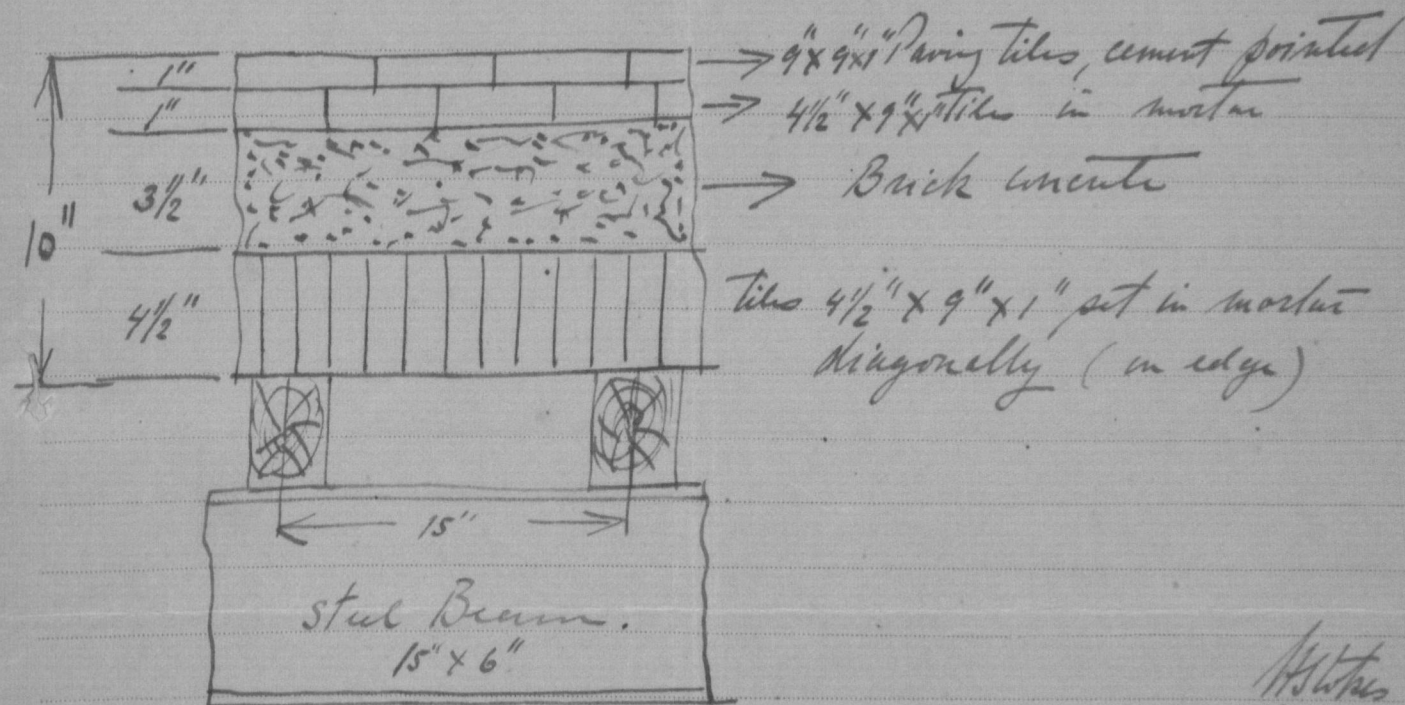

Yours faithfully
L. Stokes.
