Qn. 48. (a) Will the Government be pleased to place on the table a statement showing the number of boys who sought for admission into the Intermediate class in each of the colleges in the Presidency for the years 1912-13 and 1913-14 and the number of boys actually admitted in these years?

(b) Will the Government be pleased to state if any rules have been framed by the Government or the Syndicate or the Senate to regulate the admission of boys into the Intermediate class?

Page 118 of the University Calendar for 1913

¶ The syndicate has not framed the rules referred to in Regulation 166(a).

Page 14 of the report - vol I

Clause (a) of the question.- The information

asked for in this clause is not available in this office and it is extremely doubtful whether it is available in the D.P.I.'s office. The Director may however be asked to state if he can give the statement desired by the Additional Member prepared without much trouble and if so ~~when~~ ^{where}

~~prepared without much trouble and if so when~~

Clause (b) of the question.- No rules have

been framed either by the Government or by the University to regulate the admission of boys into the Intermediate class as a consequence of recognizing the secondary school leaving certificate as a qualification for admission to the University course. The matter is left ~~to the~~ to the discretion of the head of the College.

¶ Please see University Regulation 166(a). But in paragraph 52 of the Report on public instruction for the year 1911-12 the D.P.I. ^{stated} that the immediate result of this change in the rules i.e. leaving the admission in the hands of the heads of colleges, was the admission into the first year college

college class of nearly twice the number of students that had usually in any year joined it, that this indicated that admission had been made without sufficient care, that enquiry by the syndicate showed that in the case of some colleges this had been so and that measures were accordingly taken which it was anticipated would ensure better grounded and consequently less numerous admissions in future. It is ^{however} not known definitely what these measures are. Please compare the Director's letter No. 5904, dated 8th August 1913 in the linked file. It is understood that all that the syndicate has done is to issue a circular recommending the adoption of certain principles in making admissions. Copy of this circular is not available. For the purpose of the question it may perhaps be enough to state that "no rules have been framed either by the Government or by the University".

~~Local and Municipal~~

Sir,

With reference to your telephonic message of the 22nd instant, I have the honour to submit herewith a statement obtained from the University of Madras showing the --- number of students who were actually admitted into the Intermediate class in each of the Affiliated Colleges during the years 1912 and 1913 and to state that any figures I can obtain the number who sought admission into the above class will be very imperfect since the colleges will probably have no precise record and the students commonly apply for admission to more than one college and would therefore be often reckoned twice at least

The question and answer as finally settled are as follows:—

Question 58. (a) Is the Government aware that students in the *mufassal* experienced great difficulties this year in getting admission into the intermediate classes of the various colleges in the Presidency and is it a fact that a large number of students had to go about from college to college for admission?

Admissions to intermediate classes in colleges.

(b) Will the Government be pleased to obtain and place on the table a statement showing the number of boys who sought admission into the intermediate class in each of the colleges in the Presidency for the years 1912-13 and 1913-14 and the number of boys actually admitted in those years?

(c) Will the Government be pleased to state if any rules have been framed by the Syndicate or the Senate to regulate the admission of boys into the intermediate class and, if there are none, will the Government be pleased to take such steps as may be necessary in the matter of securing admission of boys holding school final certificates with certain minimum qualifications into the college classes?

Answer 58—

(a) The Government have no detailed information on the matter.

(b) A statement* showing the particulars asked for regarding actual admissions to the intermediate class is placed on the table. No accurate information is available as to the number of students who sought admission, partly because students commonly apply for admission to more than one college and would therefore often be reckoned at least twice in any returns which might be compiled.

(c) No rules have been issued by the University to regulate admission; but the Syndicate, it is understood, has recommended to the principals of colleges the adoption of certain general principles in the matter. The Government are not prepared to take any steps in the direction suggested.

The Syndicate has not thought it desirable yet to issue any "Rules and Directions" as contemplated by regulation 166a, which, ~~such~~ heads of affiliated colleges should follow in the admission to colleges of holders of Secondary School Leaving Certificates. What the Syndicate has done is merely to send out a circular to all the colleges recommending certain principles for the guidance of principals of colleges in making admissions of Secondary School Leaving Certificate holders. The Syndicate does not wish to tie the principal's gown with any hard and fast rules that but has left the Principals certain discretion in the matter. As regards your staff
