ABSTRACT.—Passing orders in regard to the future management of the Breek's Memorial School, Ootacamund.

## II

Letter—from the Hon'ble Sir ALFRED GIBBS BOURNE, D.Sc., F.R.S., K.C.I.E.,  
Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 11th September 1913.

No.—Ref. on Cur. 6875.

I have the honour to submit the enclosed copy of a letter from the correspondent, Breek's Memorial school, Ootacamund, in which he applies for the enlargement of the building by Government. It will be seen from the schedule embodied in G.O. No. 820, Educational, dated 21st November 1911, that the administration of the endowment to which the building belongs is now vested in the committee of the school who, among other things, have to keep the building in good order and repair. The Government Order is, however, silent in regard to the question as to who should undertake any enlargement found necessary for the needs of the school. The enlargement proposed is, I think, necessary for the proper development of the school which has steadily increased in numbers and the work of which is very favourably reported on by the Inspector of European and Training Schools. The endowment, however, consists merely of the existing building and appliances. I beg, therefore, to request the orders of Government as to whether they are prepared to bear the expense of making the additions and alterations. While the building was in use as a Government school, some minor constructions were carried out by the Public Works Department, notably a latrine.

## ENCLOSURE.

Letter—from the Correspondent, Breek's Memorial School, Ootacamund.

To—the Inspector of European and Training Schools.

Dated—the 1st July 1913.

I have the honour to formally apply for the Breek's Memorial school building to be enlarged by the Public Works Department, in accordance with the plan suggested at your visit in May last.

2. The present bathroom accommodation for the girls is very poor and there is none for the seven lady teachers. Added to this, the only means of reaching the downstairs class-room is by going round the building outside, and this, during the heavy monsoon rains, is not only inconvenient but likely to give the children severe colds.

3. If, as I pointed out during your visit, another wing of three rooms could be added in the north side of the building, the present downstairs class room could be converted into a lady teachers' retiring-room and the approach to the girls' bathroom could also be made more private.

4. I may further add that already I have been obliged to use the Principal's office room and library as a class room, and as our numbers are increasing every month, there is every probability of there being a demand for more class rooms early next year.

5. As you suggested, I saw the Public Works Department officer and he estimated the proposed enlargement would cost about Rs. 5,000.

Awaiting your instructions in the matter.

**Order—No. 1114, Educational, dated 26th November 1913.**

In view of the special circumstances of the case the Government approve the construction of a north wing to the Breek's Memorial School at Ootacamund at an estimated cost of Rs. 5,000. The work will be executed by the Public Works Department, wherein orders will issue for the preparation of detailed plans and estimates. The cost will be met from the non-recurring Imperial grant of 5½ lakhs for European education.

NOTES CONNECTED WITH G.O. No. 1114, EDUCATIONAL,  
DATED 26TH NOVEMBER 1913.

[SUBJECT.— *Additions to the Breeks' Memorial school building, Ootacamund.*]

*From the Director of Public Instruction, dated 11th September 1913, No. 6875.*

For a short history of the Breeks' Memorial school, Ootacamund, please see Mr. Mullaly's letter R. C. No. 391, dated 14th June 1904, on pages 2 to 4 of G.O. No. 388, Educational, dated 25th June 1901. The Breeks' Memorial school building is a trust property and it is now vested in the Treasurer of Charitable Endowments—G.O. No. 346, Educational, dated 22nd May 1905. The trust is now administered by a committee consisting of Mr. Robert Stanes of Coonoor and five others who are required to maintain a school, called the Breeks' Memorial school, for the children of Europeans and Eurasians, and to keep the buildings and the furniture, etc., belonging thereto in good order and repair—please see G.O. No. 820, Educational, dated 21st November 1911.

2. The school is now in need of additional accommodation and the committee requests that the Government will construct another wing of three rooms on the north side of the building at an estimated cost of about Rs. 5,000.

3. The Breeks' Memorial trust consists merely of the existing school building and the committee which administers the trust receives no income from the trust.

G.O. No. 820, Educational, dated 21st November 1911. On the other hand the committee receives a grant of Rs. 400 a month from the Government towards the maintenance of

the school. In these circumstances it is for consideration whether the additional accommodation required for the school should be provided at the cost of Government. Attention is invited to G.O. No. 1093, Educational, dated 10th December 1912, in which a half-grant (Rs. 7,500) was sanctioned to the school towards the cost of purchasing a site and building for a hostel; and a proposal is under consideration to give a further grant of Rs. 2,150 towards the improvements to the building carried out by the committee. It is thus seen that the management has been able to find funds for the purpose of hostel. It is not stated whether the committee will not be able to provide funds for the extension to the school premises, now in issue. The application to Government to meet the entire cost seems to be based on the presumption that the Government are under an obligation to carry out the required extension. This obligation does not appear to be established. The question will, however, be different if the application is based on any inability of the committee to carry out the work. It may perhaps be better to ask the Director to examine the question from this standpoint.

T.K.—22-9-13.

C. RAMANUJACHARI—25-9-13.

Yes: in view, also, of the very chequered career of the school, will the Director of Public Instruction please say more about the causes which have led to the present increase in its popularity and what prospect there is of these being permanent?

W. FRANCIS—25-9-13.

*To the Director of Public Instruction.*

## OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

In the first place as regards the prospects of the school, I think they are very low. The increased strength is due to (1) very much better management and staff than the school has ever had before, (2) its being now a mixed school (only boys before) and (3) its appealing now to the missionaries.

2. It seems to me that the committee can hardly be expected to put money into a building which is not theirs. All they undertook to do was to run a school in the building if it was lent to them.

3. As regards their resources, they have none as a committee which is merely a body put together to work the school. The money for the hostel was in great part, if not wholly, provided by Mr. Stanes.

4. The whole circumstances of the case are anomalous and it seems to me that Government might more properly make these necessary additions than anyone else since for all practical purposes the buildings must be at the disposal of Government.

J. H. STONE—2-10-13.

As stated by Mr. Stone the position seems no doubt to be anomalous. The property is vested in the Treasurer of Charitable Endowments and he is to permit the Director of Public Instruction to use it for purposes of education in accordance with a scheme sanctioned by Government. This scheme consisted of vesting the administration of the endowment in a committee, who have no greater interest in it than *maintaining* it in good order and repair. Though the Government have no absolute right in the property, there seems to be no *other* agency to take the requisite interest in it to improve the property. It is also stated that the committee has no funds to execute the works proposed. The only course seems to be for the Government to undertake them. The improvements are stated to be necessary. It is therefore for consideration whether the Public Works Department may, with the concurrence of Financial, be asked to have the detailed plans and estimates prepared and further action taken.

C. RAMANUJACHARI—9-10-13.

Government have always recognised by liberal treatment the very special position held by this school. At long last it seems to be flourishing and it can look to no one but Government to help. The Rs. 5,000 required can doubtless be found from the special grants for European schools. Will Financial concur in a grant of the whole amount if this can be done?

W. FRANCIS—10-10-13.

To the Financial Department.

## FINANCIAL DEPARTMENT.

The proposal to carry out (by the Public Works Department) certain additions and improvements to the Breeks' Memorial school building at Ootacamund at a cost of Rs. 5,000 and to meet the charges from the special grants\* for European schools, may, it is submitted, be accepted in financial.

V. GOPALAKRISHNAN—13-10-13.

Is the building a Government one?

by Government for the maintenance of the school.

2. Attention is solicited to G.Os. No. 1093, Educational, dated 10th December 1912 and No. 958, Educational, dated 16th October 1913, in which grants aggregating Rs. 10,650 were sanctioned under the Grant-in-aid Code to meet *one-half* of the cost of purchasing a building for a hostel for the school and carrying out certain improvements thereto, the *other-half* required having been apparently provided by Mr. R. Stanes of Coonoor.

3. In the present case, there is no obligation on the part of the Government to carry out the improvements (cost Rs. 5,000) now proposed. In view, however, of Mr. Stone's remarks, dated 2nd October 1913, on page 2 *ante*, the proposal to carry out the improvements by the Public Works Department at the cost of Government may, it is submitted, be accepted.

How much of the 5½ lakhs grant for European schools has been allotted and how?

W. O. HORNE—1-11-13.

Paragraph 2 on page 2 *ibid*.

1913-14, 1914-15 and 1915-16. So far as the current year (1913-14) is concerned, the Director of Public Instruction has not sent in any proposals for utilising any portion of this 5½ lakhs. The expenditure (Rs. 5,000) in the present case—it seems doubtful whether any expenditure will be incurred by the Public Works Department in the current year—will be incurred only in 1914-15, and can be met from this grant of 5½ lakhs for European education.

† A portion of this will be spent in 1914-15 and the balance in 1915-16.

## PUBLIC WORKS DEPARTMENT

There are no preliminary plans and approximate estimate for the proposal in the file. But it is stated that the cost of Rs. 5,000 was estimated by a Public Works Department officer and the requirements of the school are given in the correspondent's letter. As this information seems hardly sufficient for the preparation of detailed plans and estimates, the file may be returned to Educational with the request that they may obtain and furnish the preliminary plans and estimates as required by G.O. No. 981 W., dated 15th September 1910.

INSTRUCTIONS FOR THE  
SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b<sup>1</sup>) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
