question, attention is solicited to para 3 of D.P.S. letter No. 512 dated 5th March 1913 wherein he stated as follows: "In order to promote efficiency of control, financial stability and continuity of work in secondary schools I have been endeavouring in the last few years to secure the transfer of all proprietary schools to a responsible committee of management."

It would appear that especially in case of management of institutions by individuals which was, as in the case quoted, unsatisfactory the Director has been pressing for the introduction of committee system. Please compare also the Director's proceedings, dated 27th May 1910 on page 19 of papers with go. N-554 Edl, dated 12th June 1913, regarding the Ripon Hindu Theological High School, Kizianagram.

The recent resolution of the Govt of India on Educational Policy (paras 20 & 21) seems also to favour the institution of organized bodies for the management of schools. The answer
