Subject.

Supply of typewriting machines to the model school attached to the Government Training school for masters, Rajahmundry.

The proposal of the Director to employ a commercial instructor in the practising section of the Government high school, Rajahmundry, has not yet been received. Apparently it is passing through the Accountant-General. Unless the commercial instructor is sanctioned, there will be no need for purchasing typewriting machines for the school. Final orders on the present current may therefore await the receipt and disposal of the proposal to appoint a commercial instructor.

2. As regards the question of purchase of typewriting machines itself, attention is invited to G.O., No.883 Educational, dated 14th December 1911 in which the supply of five Remington typewriting machines was sanctioned for the use of the model school attached to the Teachers' College. The proposal to purchase six machines is apparently with reference to the comparatively higher strength of the Rajahmundry school. In 1911-12 the three top forms of the high school had 87 pupils in the Teachers' College and 220 in the Rajahmundry ~~College~~ ^{school}. The purchase of the six machines may therefore be approved. The suggestion to have different patterns seems to be a step in the right direction as they will provide practice for students in a variety of machines.

The proposals are:-

(A) to employ a Commercial Instructor on Robo per mensem, in the model school attached to the Govt. Secondary Training Schools for Masters, Rajamundry for 1 year from 1-6-14 or until the modified scheme for the establishment of model secondary schools is sanctioned, whichever is earlier; and

(B) to sanction the supply of six typewriting machines to that school, (2 Remington, 2 York and 2 Underwood.)

2. Item (A) - The rate of pay proposed ^{Niz Rs 60} is the same as that allowed to temporary Commercial Instructors in other Govt. Schools:-

- (1) Madrasa-i-Azam.
- (2) Govt. College, Mangalore.
- (3) Teachers' College Saidapet.

The teacher is proposed to be employed from the 1st June 1914. As the teacher will apparently be required only after the summer vacation ^(i.e. from about the beginning of July) it may be suggested for the consideration of the Educational Dept. that the employment of the teacher may be sanctioned with effect from the date of re-opening of the school after the summer vacation. The proposal may otherwise

be accepted.

3. Item (B) - In the model high schools scheme originally submitted to the Govt. of India in 1910, a provision of four typewriting machines only was made in respect of each high school for instructional purposes. In the following cases, however, a larger number of machines has been sanctioned: -

(1) Madrasa-i-Azam. (6 Yost. machines.)

(2) Model school attached to the Teachers' College - (5 Remington machines)

The Rajahmundry School in the present case is reported to have a higher strength than the Teachers' College and the proposal to sanction the supply of six machines may, it is submitted, be accepted.

4. Attention is in this connection solicited to para 1 of G.O. 418 Finl & 22-9-09 where Govt. have directed that the decision as to the type of typewriting machines to be adopted for supply to Govt. offices should rest with the Supdt. of Stationery, except when the machine is required for the personal use of gazetted officers. In the present case, the machines are for instructional purposes, as pointed out by Educational, the supply of different patterns will provide practice to students in a variety of machines. Submi

that, in the circumstances, the proposal now made, viz to supply 2 Remington, 2 Vost, and 2 underwood machines may be accepted.

5 Provision of funds - As the Instructor is proposed to be employed only in 1914-15, there will be no extra charge during the current year. In regard to charges for the next year, the point will be noted in connection with the budget estimates for 1914-15 under "22. Education".
