To The Secretary to the Government of Madras,
Educational ~~Local and Municipal~~ Department.

Sir,

From March 1912 the Sub-Assistant Inspector of schools, Trichinopoly Madura Girls' Range, has been incurring a charge of Rupee one per mensem from contingencies of the Government Girls' school, Karur, on account of watering the plants in the school garden. The amount is being paid to the peon of the school in addition to his pay. The Accountant-General now says that the sanction of Government should be obtained as it is a fixed and recurring charge incurred for more than six months. The procedure adopted by the Sub-Assistant Inspector, although not in conformity

The S.P.I. can sanction

with the rules, has been an economical one. It will not be possible to command the services of a separate gardener for the paltry sum of a rupee per month. In these circumstances, I have the honour to request that Government may be pleased to accord their sanction to the charge.

C. No. 2123 From the D.P.I. Rec No. 4257, dated 4. 7. 1913.

SUBJECT.

Payment of an allowance of rupee one per mensem to the peon in the Govt girls' school, Karur, for watering the plants in the school garden.

The Govt girls' school, Karur, is a higher elementary school having standards from the infant to the seventh. On the 31st March 1912 the strength of the school was 270. The school has a staff of eight teachers including the headmistress and there is also a peon on Rs 5. The D.P.I. now requests sanction to the payment of an allowance of rupee one per mensem to the peon in the school to remunerate him for ~~the~~ watering the plants in the school garden.

2. With regard to the ^(D.P.I.) proposal, it is submitted that it does not appear that there are ^(separate) gardeners at present in the other Govt girls' schools, nor does it seem that any allowance is ^{being} paid to the peons in the ~~schools~~ ~~for watering the plants in the school garden~~ for watering.

watering plants in the school garden &c. Gardeners are, however, employed in the Govt Training schools for masters & mistresses. ~~Though the school is a pretty large one the peon has ~~not been asked to do this work as it is not in the budget for the peon~~ actually found it possible to afford to the garden~~ watering the plants in the school garden may, therefore, well form part of this legitimate work. ~~It~~ It is for consideration whether the D.P.S. proposal to pay an allowance of rupee one to the peon in the Karnar girls school should be accepted.

SK The allowance is being paid since March 1922.

If no extra charges are incurred for
watering ~~plants~~ the school gardens
at Erode & Shanani, there appears to
be no reason why such charges should
be incurred at Karur. Orders are
solicited as to whether the D.P.D may be
informed that watering the school
garden at Karur should be consi-
dered to form part of the duties of the
person attached to the school, the allow-
ance already paid being sanctioned.

Re. Re. forerms.

The amount is very small but
the trouble is that if once watering
plants in a school garden is ad-
mitted to be an object for which
Govt. should pay extra, demands
are likely to be made for all the
other gardens. The children ought
to water their own gardens & not
just watch some one else do it. H

Govt. refuses to pay for men to do
this for them, perhaps they will begin
to do it for themselves. If they
wait, the school-gardens stand
confessed a failure & the idea of
having them a notion born before
its time

As at present advised, I agree with Mr.

D.P.I.'s opinion: and if he differs, to
discuss it with him.

My office sent my note of 3.11.13 to the Secretary by mistake -

I now learn that at Kanne the water is drawn from a well 30 feet deep by the peon and run into a tub. The pupils do their own watering from this tub. This seems all right.

I think the officers of the Department do try and look these gardens on right lines and he try to introduce them only where they are likely to be useful educationally.

The circumstances are shown to be special & an allowance may be sanctioned. Has Fm. to agree?

For orders. It seems very doubtful whether we should allow the person at this school to get another rupee a month on to his pay out of the school contingencies.

Since he has the time to do the watering we may view it as part of his legitimate duties.
