GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

Letter—from the Hon'ble Sir ALFRED GIBBS BOURNE, D.Sc., F.R.S., K.C.I.E.,
Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 9th October 1913.
No.—Ref. on Cur. 3729.

I have the honour to submit the enclosed plans bearing Nos. 32 and 33 in triplicate with estimates amounting to Rs. 10,300 towards the cost of making certain extensions to the building occupied by the London Mission high school, Coimbatore, and to recommend that a half grant may be sanctioned to be paid when funds become available. The necessity for the proposed extension is explained in pages 3 and 5 of the enclosed application. The manager in his letter, dated 2nd October 1913 (copy enclosed), requests permission to commence work at once, and I support his request as a special case.

2. The plans and estimates are said to have been examined and passed as correct by the Superintending Engineer, Coimbatore.

ENCLOSURE.

Letter—from the Manager, London Mission high school, Coimbatore.
To—the Director of Public Instruction.
Dated—the 2nd October 1913.

In accordance with your instructions sent me in your communication R.O.C. No. 3729, dated 5th July 1913, regarding the London Mission high school extension, Coimbatore, I have the honour of forwarding to you the complete plans and estimates for the erection of the new wing for the school costing Rs. 10,300.

2. The plan, site plan and estimates are all sent in triplicate and have been examined by J. M. Parker, Esq., Superintending Engineer, Coimbatore, and passed by him as correct. He has advised us to use karamarudu for joists, if it is obtainable in Coimbatore and this we propose to do as this wood is not attacked by white-ants and is very durable.

3. As the building season is now commencing we request that you kindly favour us with an early communication allowing us a grant of Rs. 5,150 and permitting us to proceed with the work without delay. The additional rooms are urgently needed.

Thanking you for a favourable consideration.

II

Memorandum No. 3029-1, Educational, dated 18th October 1913.

The authorities of London Mission high school, Coimbatore, will be permitted to begin the work of extending the building occupied by the school without prejudice to their application for a grant for the purpose, which is now under the consideration of Government, on the distinct understanding that no guarantee is given that any grant will be sanctioned towards its cost.

W. FRANCIS,
Ag. Secretary to Government.

To the Director of Public Instruction.

III

Note by the Chief Engineer, Public Works Department, No. 9139 C.,
dated 28th November 1913.

The Director of Public Instruction submits for sanction, through the Educational Department, plans and estimate amounting to Rs. 10,300 for extensions to the building occupied by the London Mission high school at Coimbatore.

2. The plans and estimates have been scrutinized in the Chief Engineer's office and some minor alterations have been effected in the sections of the rolled steel girders and scantlings of roof timbers resulting in a saving of Rs. 83 which has been added to the estimate for unforeseen works.

3. The joists in the physics laboratory should be 15 inches centres instead of 18 inches.

4. The girders of the first floor have been altered from 15" × 5" × 42 lb. to 14" × 6" × 46 lb.

5. The spacing of the wooden posts in the verandah has been reduced from 10½ to 8 feet centres and the section of the bressummer altered from 5" × 7" to 4" × 6".

6. For a roof of Mangalore tiles over flat tiles, with air spaces, the common rafters should be spaced 21 inches centres as per Memorandum No. 234 C, dated 9th January 1908.

7. Eave boards and planking up between the joists are unnecessary and have been omitted in the estimate.

8. The height of the ground floor on the plan is 16 feet, as drawn it is 17½ feet and as noted in the estimate it is only 15¼ feet. In carrying out the work care should be taken not to exceed the provision made in the estimate.

9. The pressure on the soil as calculated in the Chief Engineer's office is 1.22 tons per square foot which is safe for hard gravel soil. The Superintending Engineer should have the foundations examined and consider if the foundations provided are suitable.

10. With the above remarks the estimate amounting to Rs. 10,300 is recommended for sanction.

S. D. PEARS,
Chief Engineer.

Order—No. 1157, Educational, dated 6th December 1913.

The Government are pleased to sanction a grant not exceeding one-half of the actual expenditure nor Rs. 5,150 towards the cost of making certain extensions to the building occupied by the London Mission high school, Coimbatore, subject to the following conditions :—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted; and

(2) that all the conditions prescribed in the Grant-in-Aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b1) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.

* Copies distributed on.....*(Press Clerk.)

† Copies distributed on.....*(Despatcher.)

A	B	C
Please send proof in triplicate. The papers have been carefully edited.	Proof returned corrected. Please strike off and send number of copies as indicated.	As the matter is clear manuscript and has been carefully edited, (b) proof need not be sent. Please print and supply number of copies as indicated.
	Type may be released after usual interval at once.	Type may be released after usual interval.
