To the Secretary to the Government of Madras
Educational Department.

Sir,

I have the honour to submit for the sanction of Government a reappropriation statement (in duplicate) to meet additional expenditure in the current year under the following heads in the Museum budget:-

- (i) Establishment. Provision is made for two months' pay of the Archaeological Assistant sanctioned in G.O. no. 1000, Educational, dated 4th November 1913, whom it is proposed to entertain from the 1st January no.

2x100 = Rs 200

Existing provision Rs 8,046

Add: amt. Rs 200
and 3

1) Cost of Specimens purchased on tour. A

provision of Rs 500 was entered under this head in the budget estimate as submitted to Government. This was, however, reduced by Government to Rs 200, apparently with reference to past actuals. The expenditure varies from year to year with reference to the tours undertaken, and this year's allotment has already been exceeded owing to a prolonged tour made by my Zoological Assistant in the Velikonda Range, Nellore district. The additional allotment applied for under this head is required to cover the excess expenditure already incurred and to meet the cost of further tours in the year.

(iii) Fittings, Furniture, etc., for the Collection.

The expenditure up to date amounts to Rs 1444 and an amount of Rs 800 nearly is covered by estimates for works (including the revolving stand with screens sanctioned in G.O. Mis. no. 484, Educational dated 27th May 1913) which are in progress and will shortly be completed. The additional allotment applied for under this head is required to meet the cost of new cases to be made for the Arts and Zoological sections and the new extension of the Economic Gallery.

(iv) Library. Though the expenditure up to date amounts only to Rs 492, books costing £ 108 or Rs 1620 are now under order. These latter include a number of rare works and manuscripts relating to Indian history offered for sale by Mr. Francis Edwards, Secondhand Bookseller

Of London whose catalogue has recently been brought to the notice of Government by Colonel H. D. Love. An additional allotment is necessary to meet the cost of further acquisitions for the Library in the current year.

(v) Ammunition. The gun which was purchased

(C) under the sanction accorded in G.O. no. 309 Mis. Educational dated 22nd May 1909 has become unserviceable owing to a burst barrel and I have made inquiries as to the type which will be best fitted for museum work. As the result of my inquiries, I have the honour to request the sanction of Government to the local purchase for the use of the Taxidermists' department of the museum of two double-barrel breach-loading guns (One 12 bore for ordinary use, the other a 410 bore "Collector's gun" for small birds etc.) at a cost of Rs 95 and Rs 60 respectively, which I am advised will best suit my requirements. The additional allotment applied for provides for the cost of these two guns and the purchase of the necessary Ammunition.

(vi) Electric lights and fans. An additional

allotment is required to meet the cost of maintenance of the electric installation in the Museum Office sanctioned in G.O. no. 369 W. dated 13th February 1913 Communicated with Educational Endorsement no. 55

vii) Food for animals (marine Aquarium). The excess expenditure under this head is due to the increased quantity of food required on account of increase in the number and size of the live fish exhibited and to the increased cost of food in the market.

Existing pro-
vision - Rs 200

(viii) Fittings, etc., for Collections (marine Aquarium).

The additional allotment applied for under this head is required chiefly to meet the cost of re-newing some of the Coloured illustrations of fish exhibited over the tanks which have become soiled.
