GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

Letter—from the Hon'ble Sir ALFRED GIBBS BOURNE, D.Sc., F.R.S., K.C.I.E., Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 29th August 1913.

No.—R.C. 2935 of 1912.

I have the honour to submit the plans bearing Nos. 12 to 14 with estimates amounting to Rs. 43,000 for the construction of a hostel in connection with the Madura College and to recommend that a grant of Rs. 38,000 may be sanctioned as a special case in view of the efficient working of the institution. The College Board ten years ago secured a site for the purpose at their own cost which is said to be now worth over Rs. 35,000 and they are in a position to contribute only Rs. 5,000 towards the cost of erection of the proposed hostel. They plead inability to contribute more as they have already spent large sums in making extensions to the college building. A copy of letter No. 36, dated 18th August 1913, of the secretary to the college board is also submitted.

ENCLOSURE.

Letter—from the Secretary, Madura College Board, Madras.

To—the Director of Public Instruction.

Dated—the 18th August 1913.

No.—36.

With reference to the Inspector's endorsement No. N.R.O.C. 1469/12, dated 4th March 1913, on my letter No. 6, dated 24th February 1913 (herewith returned), I have the honour to submit herewith the revised detailed and abstract estimates for the erection of a hostel for the Madura College, called for in your Proceedings, No. R.O.C. 2935, dated 19th November 1912, communicated by the Inspector of Schools, Seventh Circle, in his No. R.O.C. 1469, dated 29th November 1912.

The plan for the same is sent herewith in triplicate—one original signed by the Rāmnād District Board Engineer and two blue-print copies as required in G.O. No. 561, Educational, dated 12th July 1913, communicated with your Proceedings No. Dis. 4035, dated 12th July 1913.

Both the plans and estimates have received the scrutiny of Mr. M. V. Tirumalai Ayyangar B.A., B.E. (C.E.), the Rāmnād District Board Engineer.

The six central rooms in the front block both downstairs (each measuring $25\frac{1}{2}' \times 13\frac{1}{2}'$ and upstairs (each measuring $25\frac{1}{2}' \times 16\frac{1}{2}'$) are intended to accommodate ten students each, while the two rooms at the two ends upstairs are intended to accommodate five each. Provision is thus made for 60 to 70 students in all. The two end rooms in the lower floor of the front block are intended, one for the warden and the other for sick patients.

Two-kitchen rooms and two dining-halls are provided, one for Brahmans and the other for non-Brahmans.

The estimates go up to Rs. 43,000.

The site for the hostel has been already purchased by the management, a compound wall has been built and there is a *pukka* well in it. The site is now well worth over Rs. 35,000.

It is not at present intended to build quarters for the warden. This may be deferred, as the principal, the first assistant and a senior lecturer of the college live in houses of their own quite close to the hostel site, and one of them may be made to serve as warden without being provided with a residence in the hostel compound. Part of the hostel site has, however, been set apart for the warden's quarters, which may be erected later.

II

Note by the Chief Engineer, Public Works Department, No. 9220-C., dated 2nd December 1913.

	RS.	
Main building	41,845	The Director of Public Instruction
Latrine	945	submits for sanction through the
Night urinal	210	Educational Department plans and
		estimates amounting to Rs. 43,000 * for
Total	43,000	constructing a hostel for the Madura
		College, Madras.

2. The plans and estimates have been scrutinized in the Chief Engineer's office and the following alterations have been made:—

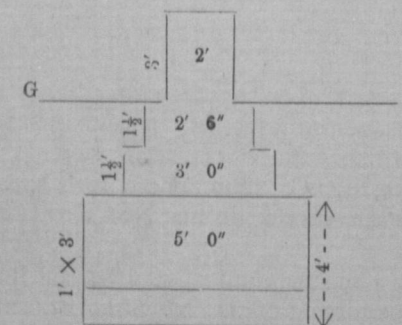

(a) Minor alterations have been made in the section of the rolled steel girders and scantlings of covered passage timbers.

(b) The shelves in the walls under rolled steel girders have been omitted.

(c) The rear windows in the kitchen, those between the kitchen and fuel store and those in the outside walls of the fuel store have been omitted. During construction the sills of all windows should be placed at 3 feet above floor level.

(d) The concrete under the Cuddapah slab floor has been omitted and 6 inches of sand substituted.

(e) The end girders of the jack arches should be laid in accordance with appendix IX issued with memorandum No. 116-C., dated 4th January 1913. The estimate has been altered and necessary tie rods and holding down bolts and plates have been provided in the estimate. The Superintending Engineer should see that the construction of the jack arch roofing is carefully carried out and that the centering used is sufficiently strong.

(f) The foundations of the kitchen and dining-rooms and the bath-rooms and covered way have been reduced as shown in the sketch in the margin.

(g) By the above alterations the amount of the estimate remains unaltered.

(h) Fire places or ovens omitted in the estimate have been now provided.

3. In the front elevation of the building plasters are shown while they are not marked on the plan nor provided in the estimate.

4. In the report it is stated that 3 inches of concrete is provided over the crown of the jack arches; this should be reduced to 2" in accordance with circular quoted above.

5. The dimensions of the plasters of the verandah piers are not marked on the plan.

6. The pressure on the foundations in the main wall is 0.97 ton per square feet and under the verandah pier 0.64 ton of the double storeyed portion. The

description of the soil that it contains 55 per cent. of sand is a very vague one and the Superintending Engineer should have it examined and satisfy himself that the foundations provided are suitable.

7. With the above remarks the plans and estimate as corrected in the Chief Engineer's office amounting to Rs. 43,000 is recommended for sanction.

D. MARSHALL,
for Chief Engineer, P.W.D.

Order—No. 1196, Educational, dated 15th December 1913.

The Government are pleased as a special case to sanction a grant not exceeding Rs. 38,000 towards the cost of construction of a hostel in connection with the Madura College, Madura, subject to the following conditions :—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted ; and

(2) that all the conditions prescribed in the Grant-in-aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

Note by the Chief Engineer, Public Works Department, No. 9220-C, dated
2nd December 1913.

The plans and estimates have been scrutinised in the office of the Chief Engineer, Public Works Department, and the remarks thereon are embodied in the note read above. The file may now be returned to Educational.

K.R.—28-11-13.

P. RAO—28-11-13.

D. MARSHALL—28-11-13.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The estimated cost of the hostel proposed to be constructed in connection with the Madura College, Madura, is Rs. 43,000. Under article 54 (1) of the Grant-in-Aid Code, only a grant of one-half of that amount (Rs. 21,500) is admissible. But the Director of Public Instruction recommends that a grant of Rs. 38,000 may be sanctioned, as a special case, in the circumstances stated in his letter. This recommendation seems to be in accordance with the principles laid down by Government in their order No. 448, Educational, dated 15th May 1913, and may, it is submitted, be accepted. Strictly speaking the Government will not thereby be giving the school more than what is *admissible* under the rules for the whole transaction. The management has not applied for a grant towards the cost of the site (Rs. 35,000) though it is admissible under clause (3) of article 50 of the Grant-in-Aid Code. If that amount is also taken into account the figures work out as follows :—

	RS.
Building	43,000
Site	35,000
Total ..	78,000
Grant admissible under article 54 (1) of the Grant-in-Aid Code ..	39,000
Grant proposed to be given	38,000

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.

* Copies distributed on.....*(Press Clerk.)

† Copies distributed on.....*(Despatcher.)
