No. 5643

Urgent

SENATE HOUSE,

12 DEC 1913

Enclosures.

FROM

FRANCIS DEWSBURY, Esq., B.A., LL.B.,

Registrar, University of Madras,

To

The Secretary to Government

Educational Department.

Sir,

With reference to G. O. No. 565, Educational, dated June 14, 1913, I have the honour, by the direction of the Syndicate, to request that H. E. the Governor in Council will accord approval to the appointment which has just been made of Mr. E. H. Neville, Fellow of ~~the~~ Trinity College, Cambridge, as a Special Lecturer in Mathematics at the University of Madras.

2 It is proposed that Mr. Neville shall deliver a course of lectures, about 20 in number, in January next. The main subject of the lectures will be 'Moving Axes and Differential Geometry' but it is expected that two lectures also will be delivered on 'The Nature of Real and Complex Numbers'.

3 I am to explain that the preliminary engagement of Mr. Neville was by cablegram to England, and that only by the last Mail were detailed particulars received regarding his proposed lectures. Mr. Neville is now on his way to India, and it is hoped that he will begin his lectures about the 7th of January next.

4 The Syndicate considers and has resolved that this

VE
PR 12/12

2 3
course of lectures should be paid for from the Imperial Re-
curring Grant of Rs65,000 recently made to the University,
though similar special lectures previously arranged under
the Regulations have been charged to the University Fee Fund.

5 In these circumstances the Syndicate has felt obliged
to so far anticipate the sanction now requested as to give
instructions for the preliminary announcement of the Lectures,
so that Mathematical Students not only of this but of other
Universities may be able to make their arrangements to attend.

I have to request that this letter may receive your
very early and favourable attention.

I have the honour to be,

Sir,

Your most obedient servant,

Francis B. ...
Registrar.

Again G.O. No. , dated 191 .
Current No. from the , No. , dated 191 .

Current No. 3801 from the Registrar, University of Madras, No. 5643, dated 12-12-1913.

SUBJECT. Appointment of University Professor of Mathematics.

Out of the Imperial recurring grant of Rs 65,000 a sum of Rs 12,000 has been earmarked for expenditure on courses of lectures of an advanced character by specialists from Europe and in India to be arranged, if possible, in conjunction with other Indian Universities. Mathematics has been recognised by Govt as one of the subjects in which the University might usefully afford teaching of an advanced character. The present proposal is one of those already approved by Govt and what is now required is the approval of Govt to the appointment of Mr. Neville as a special lecturer in mathematics with reference to the Govt of India's letter on page 19 of G.O. 565 Dtdy 14-6-13. There appears to be no objection to the proposed appointment. The remuneration proposed for Mr. Neville is not stated & presumably he is a specialist of real distinction. 2. The S.P.G. may perhaps be requested u.o. to state whether he finds any objection to Mr. Neville's appointment.

cf. para. 5 of memo. no. 1374-3 dtdy 2-9-12 on p. 4 of G.O. no 565 Dtdy 14-6-13. (F)

12-12-13 12/12/13

As Mr. M. Wille is a Fellow of Trinity he
don't see knows his subject all right. But it
is interesting to know whether he is
to go on to other Universities, or whether
Madam has adopted the expensive course
of importing him specially, & also whether the
University has any definite programme for putting
out other tide unto him. Perhaps D.P.L.
could say.

W 13/12

D.P.L., no.

I cannot give this information
without a reference to the University
but surely the Government do not intend
to do more than reserve to themselves
power to veto the appointment of
any individual whose lectures might
contain objectionable matter.

(B) "Moving Axis" + "Real & Complex Numbers"
has not lent themselves to politics
