GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

Letter—from the Hon'ble Sir ALFRED GIBBS BOURNE, D.Sc., F.R.S., K.C.I.R.,
Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 18th September 1913.

No.—Ref. on Cur. 7566.

In G.O. No. 224, Educational, dated 11th March 1912, a two-thirds grant not exceeding Rs. 9,233 was sanctioned

Enclosures.

- (1) Plan of proposed school building and hostel (in triplicate).
- (2) Plan of proposed school building upper floor (in triplicate).
- (3) Plan of proposed latrine and bathing-house (in triplicate).
- (4) Site plan (in triplicate).
- (5) Estimates (abstract in duplicate).
- (6) Extract showing a brief history of the institution and its financial position.

The grant sanctioned in the Government Order mentioned above has therefore not been taken advantage of and may be cancelled.

2. The present proposals of the management are as follows:—

	Estimated cost.
	RS.
(1) A latrine	1,040
(2) A bathing house	1,440
(3) A hostel and school building (two storeys)	52,800
Total	55,280

The total of the estimated cost is Rs. 55,280 and they apply for a three-fourths grant. It is reported that the existing buildings which are in the native quarters will be used for accommodation and work rooms for Indian girls. I have the honour to recommend that a grant not exceeding two-thirds of the total cost may be sanctioned under article 57 of the Code of Regulations for European schools. If sanctioned, the grant may be paid when funds are available.

3. The necessary plans and estimates and extracts giving a brief history of the institution and showing the financial particulars during the past five years are submitted herewith.

ENCLOSURE.

History of the institution of St. Joseph's European girls' school, Coimbatore.

This institution was founded in 1878 and its first inspection took place in August 1879; since then it has had its annual inspection regularly.

In 1885, the present school room and dormitory were built with the help of a very small building grant of Rs. 500.

In 1891, an additional room was built with the help of a grant of Rs. 573.

These rooms became long ago insufficient and the inspecting officers repeatedly remarked on the deficient accommodation.

The site of the building being in the native quarters at Coimbatore is also a great disadvantage to the school nor can the school house be enlarged on the present premises. The management have tried to find a better locality for the school and orphanages.

An application for the purchase of a site with building had been submitted in 1911, and a grant had been sanctioned, but as it was found that the bungalow was under a doubtful mortgage with great difficulties to clear it, the management decided in the interests of the school, to withdraw the application and have the grant cancelled, with a view to submit later on a revised plan and estimate for a new school-building and orphanage.

2. The plans and estimates have been scrutinized in the Chief Engineer's office and the sizes of the rolled steel girders and joists and roof timbers altered where necessary as shown on the plan and estimates.

3. The girder 18" x 7" x 75 lbs. supporting a wall on the first floor between the sister's room and the dormitory is weak and two girders each 16" x 6" x 62 lbs. have been now provided instead.

4. Joists and the elongated portions of the main girders to carry the water closets and lavatories omitted in the estimate have now been provided.

5. The piers marked X on the plans should be built with brick in Portland cement as the pressure on them is in excess of the safe limit or brick in lime mortar. A provision of Rs. 56 has been made in the estimate to meet the extra cost for this.

6. The Superintending Engineer, IV Circle, should satisfy himself that the foundations provided are suitable and sufficient.

7. With the above remarks, the estimate amounting to Rs. 55,400 as altered in the Chief Engineer's office is recommended for sanction.
