True Copy of Recommendations.

TO THE SECRETARY TO GOVERNMENT,

Local and Municipal Department.

Through the Collector of the Nilgiris.

Sir,

Under article 24 of the Municipal Account Code I have the honour to solicit the sanction of Government to the appointment of K. Morasa Gowden as a Sub-Overseer of public works in this Municipality on a salary of Rs. 50, Rs. 4 biennial, Rs. 70 plus 15 pony allowance, per mensem with effect from the 1st January 1909.

The designation of this post in the sanction scale of establishment is overseer 2nd grade. I prefer the new designation Sub-Overseer, because it signifies his subordination to the senior overseer.

2. I submit herewith copies of testimonials and the recommendations produced by the above nominee from his superiors in the Public Works Department, in which he has been a road and building maistry for about 9 years.

3. I have seen the man myself and consider him well suited for the post. He is a local badaga accustomed to the hardships of the climate and can well supervise the local badaga labours. I have therefore selected him for the post from among several applicants.

(Sd.) E.F. HANDCOCK,
Chairman, O.M.C.

Coonoor,
1-2-09.

S.K. Morasa Gowden was the maistry in charge of the lower sections of the Metta-polliam-Ooty Ghaut road when I took charge of Coonoor section in January 1907 and worked under me till January 1909 when he left the P.W.D. to take up better appointment. He was always attentive to his work and gave me every satisfaction. He also at times had charge of building work which he always carried out well. He is a fair draftsman and knows levelling etc. I hope that he will continue to advance in his profession.

(Sd.) A. BAKER, SERGEANT.

Sergt. Baker's Endt. on the application of S. K. Morasa Gowdah.

Forwarded the applicant has been working on the lower section of the Ooty Kullar road since I have been in charge of Coonoor section and has improved a good deal. He is, I think, fully qualified for the post he applies for. He is also occasionally employed on the erection and repairs of building works and gives every satisfaction.

Assistant Engineer's Endorsement on the above.

Forwarded for favourable consideration shortly after my assumption of charge of the Sub-Division in March 1906, I transferred the applicant to charge of the lower section of the Ooty Kullar road (at the time the worst part of the road) which has been much improved by him and is now as good as another section of the road.

During this time he has also had charge of the repairs to all public buildings in the Nilgiri Wynaad and of the erection of the new suspension bridge below Pykara Falls.

He was always performed his duties satisfactorily and will, I believe make a good Local Fund Overseer.

He has a fair knowledge of simple plan drawing and estimating, levelling and chain and compass surveying.
