Sanctioning the continuance of the fixed grant of Rs. 5,000 *per annum* to the — for the current year on the same conditions as those approved in G.O. No. 77, Educational, dated 12th February 1903.

GOVERNMENT OF MADRAS.
EDUCATIONAL DEPARTMENT.

READ—the following paper:—

Letter—from the Hon'ble Sir ALFRED BOURNE, D.Sc., F.R.S., K.C.I.E., Director of Public Instruction, Madras.
To—the Secretary to Government, Educational Department.
Dated—the 14th August 1913.
No.—R.C. 4363.

With reference to G.O. No. 848, Educational, dated 23rd September 1912, I have the honour to submit herewith a copy of letter No. 428, dated 1st May 1913, from the Correspondent, Anjuman-i-Mufid-i-Ahla-i-Islam, and to recommend that Government may be pleased to sanction the continuance of the fixed grant of Rupees 5,000 *per annum* to the school for a further period of three years on the same conditions as those mentioned in G.O. No. 77, Educational, dated 12th February 1903.

2. I also submit herewith a copy of the annual report and the balance sheet of the school for 1912-13.

ENCLOSURE.

Letter—from the Correspondent, Anjuman-i-Mufid-i-Ahla-i-Islam.
To—the Director of Public Instruction, Madras (through the Superintendent of Industrial Education).
Dated—the 1st May 1913.
No.—428.

I have the honour to submit an application for the continuance to this institution of the annual grant of Rs. 5,000 for a further term of three years. In the year 1903 the Governor in Council was pleased to sanction a final grant of Rs. 5,000 *per annum* to the Anjuman-i-Mufid-i-Ahla-i-Islam for three years on conditions—

- (1) That the amount of subscription does not fall below Rs. 3,000 *per annum*.
- (2) That the manager to be appointed is approved by the Director of Public Instruction.
- (3) That the school is properly managed and is favourably reported on by the Inspector of Technical Schools.

The conditions of the grant hitherto given have been fully complied with; our collections for the past three years have always been over the stipulated amount, viz., Rs. 3,000.

We are using our best endeavours to still further improve the institution by extending the building and putting all other things connected with the working of the school on a sound basis and hope in the near future to show greatly improved results coupled with lasting benefit.

Feeling extremely grateful for the consideration shown in the past and thanking you for same.

Order—No. 803, Educational, dated 28th August 1913.

The Government sanction the continuance of the fixed grant of Rs. 5,000 *per annum* to the Anjuman-i-Mufid-i-Ahla-i-Islam for the current year on the same conditions as those approved in G.O. No. 77, Educational, dated 12th February 1903.

(True Extract.)

W. FRANCIS,
Ag. Secretary to Government.

To the Correspondent of the Anjuman.
,, Director of Public Instruction.
,, Accountant-General.
Editors' Table.

NOTES CONNECTED WITH G.O. No. 803, EDUCATIONAL,
DATED 28TH AUGUST 1913.

[SUBJECT.—*Application for the continuance of the fixed grant of Rs. 5,000 to the Anjuman-i-mufid-i-Ahla-i-Islam, Madras.*]

From the Director of Public Instruction, dated 14th August 1913, No. 4363/13.

In G.O. No. 77, Educational, dated 12th February 1903, the Government sanctioned to the Anjuman, subject to certain conditions, a grant of Rs. 5,000 *per annum* for a period of three years 1902-03 to 1904-05. The grant was continued for a further period of three years 1905-06 to 1907-08 on the same conditions (G.O. No. 485, Educational, dated 14th July 1905) and again for another triennium 1908-1909 to 1910-11 (G.O. No. 300, Educational, dated 25th April 1908). On the expiry of the last sanction, Mr. Tressler, Superintendent of Industrial Education, reported that the results obtained in the school were not commensurate with the grant given and that, in view of the prospect of an early revision of the policy of Government in regard to the working of industrial schools, it was undesirable to commit the department to a promise of continuance of grant for three more years.

Paragraph 3 of his letter, page 3 of G.O. No. 642, Educational, dated 14th September 1911. Accordingly he recommended the renewal of the grant for one year, as a temporary measure, on the same conditions as before. Sanction was therefore accorded to the continuance of the grant for 1911-12 also (G.O. No. 642, Educational, dated 14th September 1911). In the absence of any unfavourable report by the Superintendent of Industrial Education, the Government, on the recommendation of the Director of Public Instruction, sanctioned the continuance of the grant for 1912-13 also (G.O. No. 848, Educational, dated 23rd September 1912).

2. The present application is for the continuance of the grant for a period of three years beginning with 1913-14. The receipts of the institution in 1912-13 by way of subscriptions and donations amounted to Rs. 3,054. The opinion of the Superintendent of Industrial Education on the working of the school is not before Government. Presumably the Director of Public Instruction has had it and it is not unfavourable. No definite decision has yet been arrived at in regard to the policy of Government in respect of industrial schools and the present position in respect of this matter is the same as it was in 1911. It is not therefore clear why the Director recommends the sanctioning of the grant for three years instead of for one year as on the two preceding occasions. In these circumstances it is for consideration whether the continuance of the grant for three years may be sanctioned.

3. Subject to orders a draft order is submitted for approval.

P.R.—27-8-13.

C. RAMANUJA ACHARI—27-8-13.

Better say current year only. I have altered the draft.

W. FRANCIS—28-8-13.

Print in part B 6

We have much pleasure in presenting the 29th Annual Report of the Anjuman for the year 1912 - 13 in which the work has been carried on steadily but under some difficulties owing to a part of the premises being in the occupation of the builders.

The Lawley Hall.

At the last Annual Meeting the hope was expressed that this Meeting will be held in the new Lawley Hall but we must express regret that this has not been found possible. The construction of the Hall is progressing and we hope that it may be ready for use next Autumn. Acting under advice we have substituted stock brick in place of country brick at a somewhat increased cost. -- The Tada stone Front Lids fail to be one of the most ornamental, Fronts on the Mount Road.

After carefully checking and revising the estimates the Committee find that the cost of the Hall will be not less than Rs. 32,000. Towards this there is only Rs. 12,000 at present available and in order to provide the balance without touching the slender capital of the Institution the Committee have applied to the Government of Madras for the sanction of a further Grant (in addition to Rs. 10,000 sanctioned in 1911) and have also approached His Excellency Nawab Salar Jung Bahadur, the Prime Minister of the Hyderabad State with a similar request.

Lord Pentland's Visit.

His Excellency Lord Pentland, our present Governor visited the Anjuman on the 4th December 1912 and expressed his interest and sympathy with the Institution in the following terms:--"I have been greatly interested and pleased to see this useful Institution where activity and energy seem to mark both those who benefit and those who direct. The outlook appears to be full of hope and encouragement to its friends and supporters."

Sir Theodore Morrison's Visit.

Sir Theodore Morrison visited the Institution on the 17th January and made the following entry in the Visitor's Book. "This Institution struck me very pleasantly and it seems to me to be doing a very useful work which is much needed in India. There was one feature here which gave me particular satisfaction and which I have not observed in the same degree in any other Technical Institute viz., The youths who had received their diploma were certain to get work. The Institute is obviously giving a thoroughly useful and practical training and meeting a demand. The management seems to combine public spirit with business capacity to a very unusual degree.

The Rajah of Cannanore.

H. H. Sultan Ahmed Ali, Rajah of Cannanore visited the Anjuman Workshops on the 29th January last and as a result ^{added} of his visit, the following very generous contribution, to the list of subscribers and says. "I have visited this Institution to-day and as a result of my appreciation I subscribe Rs. 35/- a month perpetual towards the maintenance of the Anjuman". This is the highest monthly subscription to the Anjuman.

Committee Meetings.

During the year there were 23 Meeting of the Standing Committee, and the attendance shows the unabated interest evinced in the welfare of the Institution by the Members - (often as we are aware, at personal inconvenience to themselves) - for which we tender our grateful thanks.

Mr. Abdur Raheem.

It is with regret we had to part with our Vice-President the Hon'ble Mr. Justice Abdur Raheem who on being appointed to the high position of Member of the Public Service Commission

had to leave Madras and resigned his office. He took a very warm interest in the affairs of the Anguran and did not miss a single meeting. It is a great satisfaction to us that Mr. Abdul Rahim's place on the Bench has been filled up by the Hon'ble Mr. Justice Faiz Badruddin Tyabjee who has kindly accepted the office of Vice-President.

Strength of School.

The year opened with 124 boys on the registers and closed with 130, the full complement: the number of admissions were 41 and withdrawals 35. The daily attendance for the year being 109.5 a great improvement on the last years attendance. Greater precautions have been taken during the year than in former years only to admit boys who were likely to remain long enough to learn one or the other of the trades taught viz., Carentry or Carpet weaving - as it was found that a number of ~~applicants~~ applicants simply wished to make use of the Institution as a convenience and had no intention of staying longer than 3 or 4 months whilst visiting Madras with their parents or friends.

Education.

As in former years all boys under 14 years of age attend School for 2 hours daily and in this connection it may be mentioned that 4 boys of the 4th Standard earned sufficient marks at the Annual Examinations held by the Sub Assistant Inspector of Muhammadan Schools to entitle them to certificates.

The following is taken from the Report of the Sub Assistant Inspector of Muhammadan Schools for the year. "The work for the year in the three R's and in drawing was fairly satisfactory."

Technical Education.

The following are the results of the Government Technical Examinations for the year.

Cabinet making Intermediate Grade.

No. sent up	No. passed	Class.
I	I	2nd.

Cabinet making - Elementary Grade.

No. sent up	No. passed	Class.
8	5	2nd.

Drawing - Elementary Grade.

No. sent up	No. passed	Class.
5	3	2nd.

Carpet-weaving - Intermediate Grade.

No. sent up	No. passed	Class.
I	I	2nd.

Carpet weaving Elementary Grade.

No. sent up	No. passed	Class.
I	I	2nd.

The orders for carpets during the latter part of the year have been larger than usual and will take us right up to about September next to complete.

The hon'ble Sir John Twigg gave us an order for four carpets just before leaving Madras which have since been completed and Lady Twigg has written saying "The carpets referred to in your letter of the 11th December 1912 have arrived and we are very pleased with them."

An endeavour has been made to carry on the Institution on the lines suggested by Mr. Thressler and referred to in the last report by dividing the period of training into a School and a workshop stage. In the School stage the boys are taught simple operations such as planing etc., and should not, when the scheme is in full operation, engage in any Manufacturing work at all - that being left to the senior boys who have passed the Government Examinations and are to work on the piece work system: their earnings depending on their output. The Manufacturing

side should benefit greatly from the generous Grant of Rs. 4,300/- for plant which Government has been pleased to make to us on the Recommendation of Mr. Tressler the Ag. Director of Industries. With this an Oil Engine and Circular and Land Saws have been purchased. Some delay in erecting them has been caused by so large a part of the premises being in the occupation of the builders but it is hoped very soon to have these erected and in working order. Work in past years has been frequently retarded by the difficulty of getting timber cut to size. This difficulty will be entirely met when the new plant is in working order.

Receipts are as follows:-

Government Teaching Grant for the year.	Rs. 5,000 0 0
Subscriptions & Donations.	3,054 3 10
Interest on Government Paper.	421 3 6
Profit on Carpentry.	281 8 4
" on Carpets.	335 6 6
	9092 6 2

Expenditure.

General Technical Education Scholarships and Examination fees.	Rs. 1,569 5 7
Feeding Expenses.	1,660 1 7
Charges contingent, Municipal, etc.,	502 6 3
Printing Reports, Stationery, Postage.	160 1 9
Salaries of Establishment.	3,516 0 0
	7407 15 2

Among our supporters during the past year our special thanks are to Mr. Abdul Khader Haji Israil Saif of Bombay who in July last accompanied by Mr. A. Hameed Hasan, visited the Anjuman and was so much pleased with its management and benevolent work turned out by the Anjuman that he desired to give Rs. 500/- to the Capital Fund of the Anjuman.

Our thanks are also due to the following gentlemen for special donations.

Haji Muhammad Hameed Sahib Bahadur Rs. 100/-: T. Abdul Wahab Sahib Bahadur Rs. 50/-: M. Hussain Meyan Sahib Rs. 25/-

In the main however we have to look to our monthly subscriptions and we must earnestly appeal to the Muhammadan community both for a more punctual payment of subscriptions and for a --- larger number of subscribers to enable the work to be carried on successfully.

In conclusion we beg to offer our grateful thanks to our President the Hon'ble Sir John Wallis who has evinced active interest in every detail of the Anjuman and to whom the Anjuman is specially indebted. It is a matter of much gratification to us that His Imperial Majesty The King Emperor was graciously pleased last year to bestow a Knighthood on him which he so richly deserved. As Sir John Wallis was unwilling to accept any entertainment in honor of his Knighthood, the Muhammadan entertainment, to our great regret, was also postponed.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencee concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

* Copies distributed on (Press Clerk.)
