GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

G.O. No. 408, Educational, dated 3rd May 1913.

ABSTRACT.—Communicating to the Director of Public Instruction letter from the Government of India allotting a grant of 6.80 lakhs to this Presidency for the improvement and expansion of education.

II

Letter—from the Hon'ble Sir ALFRED GIBBS BOURNE, K.C.I.F., D.Sc., F.R.S.,
Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 12th July 1913.

No.—Dis. 4080.

With reference to G.O. No. 408, Educational, dated 3rd May 1913, calling for a separate report in consultation with the Director of Agriculture on the subject of granting scholarships tenable by the sons of landholders and zamindars in the Agricultural College, I have the honour to submit copy of the letter of the Director of Agriculture, R.O.C. No. 1002-S., dated 12th June 1913.

ENCLOSURE.

Letter—from D. T. CHADWICK, Esq., M.A., I.C.S., Director of Agriculture.

To—the Director of Public Instruction.

Dated—Madras, the 12th June 1913.

No.—R.O.C. 1002-S.

In reply to your letter No. 4398, dated 27th May 1913, I have the honour to state that, on account of the laboratory accommodation, only twenty students can be taken yearly into the Agricultural College at Coimbatore at present.

2. It seems to me that scholarships are only required for one of two reasons—

- (1) the course is so expensive that many desirous of coming cannot afford to do so;
- (2) the number of applicants for admission is decreasing.

The applications we have received since the college was opened are as follows :—

In 1908	..	..	..	..	..	..	..	82
In 1909	..	..	..	..	..	..	..	92
In 1910	..	..	..	..	..	..	..	146
In 1911	..	..	..	..	..	..	..	101
In 1912	..	..	..	..	..	..	..	84
In 1913	..	..	..	..	..	..	..	80

Thus the last reason hardly applies.

As for the first the boys now obtain free quarters and free tuition and the grant of a scholarship would merely mean that they would in addition obtain free food and free books. All the students whom we now get are connected with the land and if a landowner is so poor as to be unable to provide his son with food and books it is most unlikely that he will send him so far away as Coimbatore unless he happens to live close by.

With the course as arranged at present, I do not consider that scholarships are needed and I firmly believe that money can be much more profitably spent on agricultural education by an increase in the staff of teachers and by the opening of vernacular schools for practical training. The revision of the course at Coimbatore is under consideration whereby it will be divided into shorter and longer parts and many more boys will be admitted. For the second part the grant of stipends may then be advisable. Thus though scholarships are not at the moment required I trust you will not consider that they will never be needed and when the time comes I may ask you to consider the possibility of meeting the cost from this grant.

Order—No. 822, Educational, dated 6th September 1913.

In the circumstances stated by the Director of Agriculture, the Government consider that no portion of the recurring Imperial grant of 6.80 lakhs need at present be reserved for the purpose of granting scholarships tenable by the sons of landholders and zamindars studying in the Agricultural College, Coimbatore. The Director of Public Instruction will accordingly be requested to submit proposals for the utilization of the entire grant on other objects.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O. No. 822, EDUCATIONAL,
DATED 6TH SEPTEMBER 1913.

[SUBJECT.—*Scholarships for the sons of landholders and zamindars reading in the
Agricultural College, Coimbatore.*]

From the Director of Public Instruction, dated 12th July 1913, No. 4030.

The question of granting scholarships to the sons of landholders and zamindars studying in the Agricultural College, Coimbatore, is under consideration in the

W. FRANCIS.

Revenue Department in consultation with the Board of Revenue to whom the

Director's current letter may be transferred. If the Revenue Department accepts the view of the Director of Agriculture that scholarships are not now needed for the students in question, the Director of Public Instruction will have to be informed accordingly so that he might submit proposals for the utilization of the entire grant on other objects.

2 With reference to the concluding portion of Mr. Chadwick's letter, it is submitted that it will be inconvenient to leave the question of the appropriation of a portion of the grant for stipends for agricultural study open indefinitely for the future. This will prevent the Director of Public Instruction from submitting proposals involving recurring expenditure to the full extent. If some idea at least as to the amount that may eventually be needed for this object is given it will be useful; and the grant to that extent may be utilized for educational purposes not involving recurring liability so long as it is not needed for agricultural study. It is therefore

W. FRANCIS—18-7-13.

submitted that Revenue may be asked definitely to say whether they will require

in future any portion of the grant for agricultural stipends and if so how much.

Attention is solicited to the notes in the linked file

2. It has been decided that the proposals for the revision of the course of study at the Agricultural College, Coimbatore, should be discussed at the meeting of the Board of Agriculture to be held at Coimbatore in December next. So it will take some time before the revised curriculum is approved.

3. With reference to paragraph 2 of the office-note of the Educational Department *supra*, the Board of Revenue may perhaps be requested to state whether any sum from the grant should be reserved for agricultural stipends in the future. The grant is a recurring one.

BOARD OF REVENUE (REVENUE SETT., SURVEY,
LAND RECORDS, AND AGRI.)

Board's U.O. reply No. 323, dated 22nd August 1913.

I have again consulted Mr. Chadwick and talked matters over with him. He is averse from granting scholarships until it is proved (and it is not proved yet) that we cannot get sufficient men for the Agricultural Department without them. It is impossible to say whether we shall need them for this purpose in a few years: Mr. Chadwick thinks not but all that can be safely said is that we do not want money for this purpose just at present.

We agree in condemning entirely the proposal to allot scholarships to any students who do not contemplate joining the Agricultural Department.

At present then no money need be set aside for the purpose of scholarships in the Agricultural College.
