Recording letter of the Government of India forwarding a report of the — held in Madras in January 1912 with their remarks on the resolutions of the Conference.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from the Hon'ble Mr. L. C. PORTER, C.I.E., I.C.S., Secretary to the Government of India, Department of Education (Museums).

To—the Chief Secretary to the Government of Madras.

Dated—Simla, the 1st August 1913.

No.—92-103.

I am directed to forward, for the information of the Governor in Council, a copy of a Report of the Museums Conference held in Madras in January 1912 containing the proceedings of the Conference and the resolutions passed by them and to communicate the following remarks.

2. *Resolutions I, II and XVIII.*—The Government of India have already approved the appointment of a standing committee to make arrangements regarding further conferences and to advise on museum matters. They accept the addition proposed regarding the election, re-election and number of members, but they consider it desirable that they should be informed of the additional members co-opted from time to time and their approval should be obtained to such appointments.

3. *Resolution III.*—The Government of India have already recognised the standing committee. They are not prepared to discuss the provision of further funds until they are more clearly informed of the amount and nature of the expenditure which is alleged to be necessary for the continuation of the committee and the holding of the conference. They do not, however, hold themselves responsible save in exceptional cases for the payment of the travelling allowances of members of the standing committee.

4. *Resolution V.*—The Government of India agree to all printing work in connection with the work of the standing committee being carried out at the Central Press, India.

5. *Resolution VI.*—The Government of India are not prepared to bind themselves or Local Governments in any way to consult the standing committee. They leave it to the discretion of the Local Government to do so when necessary.

6. *Resolutions VII, VIII, XI, XII, XV and XVII.*—These are in the nature of suggestions on which Local Governments and those in charge of museums will no doubt take such action as they may consider necessary.

7. *Resolution IX.*—The resolution is under separate consideration.

8. *Resolution X.*—It was strongly felt by the Conference of Orientalists held at Simla in July 1911 that antiquities should not leave India. The Government of India are themselves of opinion that museums in India have the first claim to objects of artistic or archaeological interest. They are, however, disposed to agree with the views of the Museums Conference in regard to the distribution of duplicates, as they understand that there are many finds which are mere variants and duplicates of various subjects whose intrinsic value in this country is almost *nil*, though their presence in other countries would be highly appreciated and would lead to greater co-operation between their museums and similar institutions in India. They are therefore of opinion that there is no objection to the transfer of duplicates of antiquities to museums outside India, e.g., the British Museum, subject to the following conditions :—

- (1) That the article to be transferred is a *bona fide* duplicate and of a subject which is already represented in Indian museums.

- (2) That previous to such transfer, and assuming that a duplicate cannot be usefully retained in the provincial and local museums, it should first be offered to the Indian Museum, Calcutta, and museums in other provinces.

- (3) That previous to the transfer of a duplicate outside India the sanction of the Local Government should be obtained.

I am accordingly to suggest that (with the permission of the Governor in Council) lists of duplicates should be prepared and distributed to museums in India before any presentations are made to museums in countries outside India.

9. *Resolution XIII.*—The Government of India are inclined to view with favour this resolution which affirms resolutions 12, 13 and 14 of the Museums Conference of 1907, but they desire to postpone action for the present.

10. *Resolution XIV.*—The subject was taken up by the Conference of Orientalists held in July 1911. The Government of Bengal have already been addressed in the matter and it is probable that other Local Governments will be addressed in due course.
