SUBJECT.

List of educational schemes not involving recurring outlay for the year 1915-16.

The list is submitted for consideration in connection with the distribution of any probable surpluses from Provincial or Imperial funds in the next official year.

2. The schemes included in the list are examined below.

Item 1(a). Provision of accommodation for the College of Women. (Rs. 85,000) In the first place, it has to be noted that the Women's College is now only on a temporary footing and its ultimate destination is still an open question. The D.P.I. looks forward to the experience gained from the present temporary arrangement ^{decided} whether it would be advantageous to attach the College to the Presidency Training School or to constitute it a department of the Presidency College. In the former case, the addition to the school now under consideration with ^{the D.P.I. says,} ~~to~~ do for the College and. A sum of Rs. 50,000 has also been provided in the current year's budget for additions to the Presidency Training

School for mistresses. In these circumstances the provision now proposed by the D.P.T. for the purchase of a site and building for the College seems premature at present.

3. Item 114. Provision for the Second Teachers' College in the Ceded Districts. (Rs. 50,000) At the suggestion of the Finance Committee, a provision for a recurring expenditure of Rs. 30,000 (eventual maximum cost, Rs. 80,000) has been made in the C.D.R. No definite proposals have, however, yet been received in this matter. Until these are received and a final decision arrived at, it may not be necessary to make any provision for a building for the College.

4. Item 101. Provision for of temporary accommodation for the college classes to be opened in the ceded districts. (Rs. 20,000) Proposals in regard to the location of this College are still due from the D.P.T. But as the Govt. have almost ^{agreed} decided to open a College, the provision proposed may be accepted. If the question of the location is settled, a provision will be immediately made.

5. Item 2. Subsidies to local bodies for equipment of schools (Rs. 1,00,000). Submitted that this item may be noted.

6. Item 301. Purchase of apparatus and books for the Presidency College (Rs. 5,700). In the report on the working of the College for 1913-14 reference was made to the ^{want of additional} ~~inadequacy~~ of apparatus for Mathematics and Botany. The proposed provision

Colno 2781-1

In the beginning of the current year an application for the purchase of certain apparatus and periodicals at a cost of Rs 5.700 was disallowed for want of funds and the D.P. I. was directed to renew the application in the middle of the year, if he could not find the amount required by re-appropriation from other educational allotments. It is evidently for the purchase of the articles referred to above that the provision now proposed is intended. The provision may therefore be accepted.

7. Item (b). Purchase of books for the Kumbakonam College - (Rs. 1,000) This item is a small and

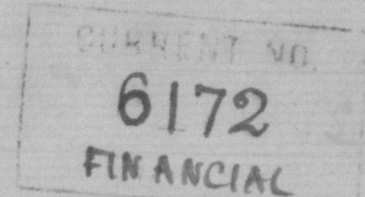

useful one and need not be objected to.

8. With these remarks the file may be forwarded to financial

The D.P.D. submits a list of schemes not involving recurring outlay on which any special grants from Imperial or Provincial funds may be allotted for 1915-16. The total amount required ~~in~~ in next year is put at 2.62 lakhs and Educational approve of it entirely.

2. Since Educational notes on the preceding pages, the G. of I. have insisted on economy being observed in the matter of administrative expenditure in view of the present crisis and have required us to prepare our budget for next year on the basis of "no Provincial deficit." It has accordingly been found necessary largely to curtail ~~throughout with some~~ ~~the allotment under~~ the P.W. heads, so as to balance the revenue & expenditure of 1915-16.

3. As regards the specific schemes now under consideration, the following remarks are submitted ^{to show} ~~works~~ how far there is ~~any~~ necessity for allotment of funds for them in the coming year.

4. Item 1 (a) - College for Women - The original proposal was to acquire the Egmore House. But this has since been given up & it is proposed to acquire the Capper House, ~~the present building~~ where the College is at present located. The question is separately under consideration in Ex^{ts} & ~~an~~ ^{complete the} effort is to be made to ^{complete the} acquisition in the current year. There will therefore be no ~~any~~ necessity for budget provision in 1915-16. Even if the acquisition cannot be completed before 31st March 1915, the item is an obligatory expenditure & should not be noted for "Unallotted". If funds are required for it in 1915-16, they will have to be found from the total grant fixed under the head 45. Civil Works - P.W.D.

5. Items 1 (b) & (c) - Buildings for the Second Teacher's College in Cincas & for the College Classes in the Ceded District

In view of the present necessity for economy in expenditure it has been decided to defer the opening

Provision is being made for it in the current year. BZ.

BZ

opening of these institutions in 1916-17.
No allotments are therefore required
for the buildings in 1915-16.

6. Item 2 - Subsidies to local bodies
for equipment of schools.

This item is debitable to the
head "22 E. Education - Govt. Schools,
General - Payments in support of
municipal + local board schools."

It is doubtful if it is necessary
to make any special allotment
in 1915-16 on this object, in view of
the fact that there is a large
~~unspent~~ unspent balance with local
bodies of the grants given ^{for educational objects} to them
in the ~~current~~ previous years, which
~~if not~~ should be first exhausted before
any further aid is asked for. Attention
is in this connexion solicited to page
3 of notes to H.O. No. 859 Dtl. 2 18.11.14.
It is therefore submitted that the
demand might well be postponed
until the present crisis is over.

No funds are avail-
able for this. D.Z.

7. Item 3 - Apparatus + books
for the Presy. College, + Books for the
Kumbakonam

Kumbakonam College -

The amounts asked for are small & relate to ordinary expenditure which should be met from the normal budget allotments under the head 22. Education

L. M.

8. It will ~~then~~ be observed that, excepting the item - Women's College - referred to in para. 4 ante on which action is being taken separately in Edl, the demands under the remaining items are comparatively small & are not obligatory. They should, therefore, be postponed to 1916-17. If, however, it is thought necessary to incur expenditure on any of them in ~~the~~ the 1915-16, there will be no difficulty in providing funds by reappropriation in the course of the year.

9. With the foregoing remarks the file may, it is subd, be returned to Educational, where it may be recorded. +

It would be safer to say "it may be possible to provide" but it would be better to not to make any promise at all or to hold it as a hope. L. M.
