Sir,

In forwarding the accompanying application of Mr. J.W. Coombes, the Deputy Superintendent of the Reformatory School, submitted by the Superintendent through me on the 3rd August, I have the honour to state that the present state of efficiency which the school has attained is due in a great measure to the interest which Lieutenant Colonel Marsden and other Indian Medical Service Superintendents have taken in the institution and I do not think that any good reason has been put forward for a change in the system which has proved so satisfactory.

I have the honour to be,

The Director of Public Instruction,

The Humble MEMORIAL of Josiah Waters Coombes, Deputy
Superintendent of the Reformatory School, Chingleput, most
respectfully sheweth:---

Your Memorialist is a Graduate of
the Madras University, an Associate of the Manchester School
of Technology and a Member of the Provincial Educational Ser-
vice of 24 years standing, and has been in charge of the Re-
formatory School for 10 years.

Your Memorialist at considerable
expense, sacrifice of hard earned furlough and at great
personal discomfort made a study of the working of t h e
Chief Reformatory and Industrial Schools in Japan, Germany,
America and the United Kingdom and also in India.

Your Memorialist has made a special
study of criminology and anthropometry and has published a
hand-book on the subject "The Juvenile Criminal in Southern
India."

That the Head of the Administration,
Members of Government and Senior Administrative Officers have
been pleased to express their appreciation of his efforts to

2. 6 7
carry out the policy of Government and make the School a success. A copy of the opinions recorded is appended for information.

That your Memorialist begs that His Excellency's Government may, as a mark of approbation of the good work done by the petitioner, promote him to the post of Superintendent of the School on the occurrence of the next vacancy.

In making this request the petitioner begs to place the following facts for favour of the consideration of -- Government:--

Firstly. Your Memorialist finds that those of his Juniors in College are now Superintendents of large Jails in the sister Service of the Judicial Department while your Memorialist still continues to hold the post of Deputy Superintendent. He fears - that it may be construed to mean a want of confidence in the administrative ability of the petitioner.

Secondly. His appointment will add no financial burden to the State for the District Medical and Sanitary Officer will hold medical charge of the Reformatory and draw the allowance attached to the office--as in the Jail Department where Civilian Superintendents are appointed, and also as in the other Reformatories of India and elsewhere which are all under the management of non-medical Superintendents.

Thirdly. Your Memorialist claims no part of this charge allowance but merely aspires to the prestige of the position as a personal favour.

Fourthly. That the rules framed by Government in G.O. No. 158, dated 20th March 1907, Educational Department, provide for the possibility of the appointment of a Superintendent other than the District Medical and Sanitary Officer. The Rules run as follows:---

Rule. 8. The District Medical and Sanitary Officer shall ordinarily be the Superintendent.

Rule. 10. When the Superintendent is not a Medical Officer the Medical Subordinate attached to the School, shall in professional matters only, be under the immediate control of the Medical Officer of the District.

Note page 3 of
G.O. No. 158 dated
20.3.07
(R)

Fifthly. That Your Memorialist has acted on several occasions as Superintendent when the District Medical and Sanitary Officer went on privilege leave.

In these circumstances your Memorialist begs that as the rules permit it and as no additional cost to the State is involved and in consideration of his attainments, experience and good work for Government, he may, on the occurrence of the next vacancy, be appointed to the post of Superintendent without prejudice to his duties as Deputy.

Your Memorialist begs to subscribe himself,
Your Excellency's most obedient, humble servant,

Memorialist

REMARKS AND OPINIONS RECORDED ON THE WORK OF THE
DEPUTY SUPERINTENDENT.

Para 34 of the Annual Report of the Chingleput Reformatory
School for 1904:-

Remarks by Lt. Col., Thompson, I.M.S., Ag. Superintendent:

Deputy Superintendent.-- I assumed charge of the Reformatory School on the 3rd March 1905 and cannot as yet give an opinion about the Deputy Superintendent, Mr. Coombes; but the following remarks recorded by my two predecessors, Colonel Marsden and Captain Richards speak well for the Deputy Superintendent:--

"Lieutenant Colonel J.C. Marsden, I.M.S., wrote: 'During the short time Mr. Coombes, the Deputy Superintendent, has been in charge, a vast improvement has been effected in every department. He is a capable, energetic and very efficient officer.'"

"Captain W.G. Richards, M.B., I.M.S., wrote:--'I am more than satisfied with the way Mr. Coombes has done his work and leave the school in his hands with satisfaction. All who have known the institution for upwards of a year testify to the entire change that has taken place in the whole tone of the place. This in the main, can only be due to one man--the permanent hand at the wheel, the Deputy Superintendent.'"

(Remarks by Capt. C.G. Webster, I.M.S., Ag. Supdt).

Para. 2. Although there were several changes in the
post of Superintendent, continuity of administra-
tion is insured and maintained by the Deputy, and
the present incumbent, Mr. Coombes, fills that po-
sition with entire satisfaction.

Para 33. Deputy Superintendent:-The following remarks
were recorded by my two predecessors. Lieutenant
Colonel H. Thompson, I.M.S., wrote:--"I wish to
record my opinion of the Deputy Superintendent,
Mr. J.W. Coombes. He is an efficient and excellent
executive officer. The school has worked smoothly
and my work as Superintendent during the period of
my charge has been more a pleasure, than a duty--
mainly owing to the tact and equable management
of this officer."

Major T.H. Foulkes, I.M.S., wrote:- 'I see my predecessors have made very favourable remarks on Mr. Coombes, the Deputy Superintendent. I have only been here about 2 months, and from what I have seen I can endorse all that has been said. He is a very capable man in his present situation.' During the short time I have been in charge I can fully endorse - - these officers' remarks on the work of t h e - - Deputy Superintendent.

Remarks of His Excellency Sir Arthur Lawley.

I have been all over the Reformatory Buildings, have seen the boys on parade and at their work. Some structural alterations and improvements are desirable. The boys turned out well in Parade. They moved smartly and well. They appear to be well-fed, clean and healthy. The out-turn of work, especially when the age and size of the 'Artizan' is considered is remarkably good. I am very much pleased at what I have seen and I consider that the administration of this institution reflects great credit on Colonel Marsden and his staff.

Extract from the Official Visitors' Book dated
16th December 1908:--

I visited this school this morning and was much pleased with all I saw. The boys wear a healthy contented look which speaks well for their treatment. They were - keener and more alert than the boys in many a Board school that I know. I saw when at home on leave last summer a detachment of the Barnardo school boys and a comparison of the two sets is vastly in favour of this Reformatory School. Both Colonel Marsden and Mr. J.W. Coombes take a great personal interest and pride in this institution and I think the boys could not be in better hands.

It contains information which will be useful to Magistrates and to officers both of the Jail and Police Departments. Coombes for the care and solicitude which he maintains in this institution of which he has been for many years, Deputy Superintendent. His interest in the boys seems to me unbounded and is manifested in many ways which few but the boys themselves know. He has for instance purchased when in England this year Coronation buttons for each of the boys which they were yesterday in combination with the nickel Indian Coronation Medals and of which they feel very proud. I mixed freely with the boys during the sports and am - struck with their frank and respectful demeanour.

As a whole, they looked smart and well set up. My ignorance of the vernacular languages prevented me from talking to them as I should have liked to do; but I gathered that they were pleased at coming to camp. I look forward to seeing the Reformatory before long and learning

more about it. I thought the Band played very well. Mr. Coombes' interest in the boys is I think clearly great and I can't help thinking he must be doing good work.

The D. P. I. and the Surgeon General

(1) Submitted that ^{the question of the} appointment of Mr. Coombes to the post of Superintendent of the School does not appear to have come up to the Government before.

(2) From the reports on the working of the Reformatory school for the years 1905 and 1906, it is observed that Mr. Coombes was in charge of the institution on two different occasions for comparatively short periods, from the 20th February to the 3rd March 1905 and from the 16th to the 25th May 1906. But no Government orders sanctioning the arrangements on either of those occasions is traceable. Subsequently in 1907, Mr. Coombes was directed to attend to the duties of the Superintendent in addition to his own during the absence of the District Medical and Sanitary Officer and Superintendent of the School, on leave or until further orders--Vide G.O.No.741 Edl, dated the 6th November 1907.

Again in G.O.No.258 Edl, R, dated the 26th July 1912 Mr. Coombes was appointed to act as Superintendent without prejudice to his own duties as Deputy Superintendent. And he is now acting as such ^(with effect from the 21st September 1914) under the sanction recently conveyed in G.O.No.342 (R) Edl, dated the 13th November 1914.

under Rule 8 of the rules for the Reformatory School,
the District Medical and Sanitary Officer, who should
ordinarily be the Superintendent of the School gets
an allowance of Rs.100 per mensem. But the Deputy
Superintendent, who ~~should~~ belong to the Provincial

even when he officiates as Superintendent. Vide G.Os
No.271 Edl, dated the 30th April 1904 and No.994 Edl,
dated the 12th November 1912. Mr. Coombes' present
request is merely the position of Superintendent as a
personal favour, but ~~XXX~~ he claims no part of this
allowance nor is he eligible for it. The financial
effect will therefore be a saving of Rs.100 per mensem
to the Government.

for the Reformatory school, the allowance
of £100 is attached to the Superintendent,

not a Medical Officer, the medical subordinate
attached to the school shall, in professional
matters only, be under the immediate control
of the Medical Officer of the district. As
there is a medical subordinate attached to the
school, the Medical Officer will not be eligible
for the allowance for being in medical charge
of the school, since ~~there is~~ ^{has been made for it} no specific
provision in the rules.

In the whole, I think
that it would be well if an

very poor work, as much of the
