GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Acting Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 4th August 1914.

No.—R.C. 1520.

The Inspectress of Girls' Schools, Central Circle, requests sanction for an expenditure of Rs. 20 per mensem to be incurred on behalf of the two hostels attached to the Government Training School for Mistresses, Karantatangudi, for the entertainment of a sweeper on Rs. 3, a watcher on Rs. 5 and two cooks on Rs. 6 each per mensem. The Inspectress proposes that both the sweeper and the watcher should be full-time servants—the former to keep clean the two hostel buildings, and the latter to look after the vessels and furniture supplied by Government, both during day and night and during the vacations. Considering that the boarders with their small stipends are unable to meet the wages of the cooks, she recommends that this charge also be met by Government. These three charges the Inspectress considers to be essential for the proper conduct and working of the two hostels.

2. In this connection it may be pointed out that in their order No. 63, Educational, dated 15th January 1914, Government sanctioned a monthly allowance of Rs. 40, inclusive of the wages of servants, to the Superintendent of the Indian Christian hostel attached to the Government Secondary and Training School, Triplicane, and I believe it will be found impracticable to maintain hostels for women students without the help of such concessions. I have accordingly the honour to request that Government will be pleased to sanction the charges referred to above. The expenditure will for the present be met from the contingencies of the school, while provision will be made therefor in next year's budget estimates.

II

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department (through the Accountant-General).

Dated—Madras, the 1st December 1914.

No.—Ref. on Cur. 2016.

In my letter R.C. No. 1520, dated 4th August last, proposals were submitted to Government for the entertainment in the two hostels attached to the Government Training School for Mistresses, Karantatangudi, Tanjore, of a sweeper on Rs. 3, a

watcher on Rs. 5 and two cooks on Rs. 6 per mensem each, on the ground that these charges were considered by the acting Inspectress of Girls' Schools, Central Circle, to be essential for the proper conduct and working of the hostels and that it would be impracticable to maintain hostels for women students without pecuniary help from Government. Though it is usual to include the wages of cooks in the boarding charges of students, yet in consideration of the fact that with small stipends, the boarders would not be able to meet such expenditure, recommendation was made that it might be borne by Government. Since the submission of the above proposals, Miss Lynch has represented to me that the condition of the hostels is not quite satisfactory, and that the two teachers in the training school who are only nominally in charge of them have family ties of their own and consequently are not in a position either to sleep in the hostels at nights or look after them during the day, even when any of the students get ill and she therefore emphasizes the need for the employment of two matrons, on a salary of Rs. 20 each, in addition to two cooks, a night watchman and a sweeper.

2. Of the 73 students now under training in the school, 20 are members of the Indian Christian hostel and three of the non-Brahman hostel, and the advantages of exercising effective supervision over them out of school hours in view to rendering their training much more thorough and effective need hardly be overrated. Moreover, there is every likelihood of the popularity and usefulness of the Hindu hostel increasing, in the event of suitable arrangements being made for proper supervision; but having regard to the small number of students who are members of it I do not consider that the time has come for the employment of a separate matron in the Hindu hostel. I beg therefore to propose the appointment at present of only one matron on Rs. 20 to look after both the Indian Christian and Hindu hostels.

3. As regards the entertainment of a cook in the Indian Christian hostel, it has since been ascertained from the Inspectress that excluding the wages of the two cooks and other incidental expenses such as lighting, etc., the average monthly boarding charges of each member amount to Rs. 5-7-0 and including them to about Rs. 6-5-0. In view of the fact that this amount is considerably less than the stipends admissible to the elementary grade students under training, I do not think that there is any justification for requesting Government to meet the wages of the cooks employed in the Indian Christian hostel. The case of the non-Brahman hostel is however different, in that while the average boarding charges alone are estimated at Rs. 7 per mensem, the other incidental expenses come to about Rs. 2-7-0 per mensem. Since the aggregate expenses, viz., Rs. 9-7-0 per mensem for each member will probably exceed the stipend admissible, and will leave little margin for the student for purchases of books, note-books, etc., I consider that the boarders will find it beyond their means to pay for the cooks and other servants, and I have accordingly the honour to request that Government will be pleased to undertake to pay their wages until such time as the hostel is large enough to be self-supporting. I further beg to request that, for the reasons stated in my letter quoted *supra*, sanction be accorded to the employment of a watcher on Rs. 5 per mensem and a sweeper on Rs. 3.

4. From the foregoing remarks it will be noticed that the proposals entail an expenditure of Rs. 34 per mensem as detailed in the margin and I request that on the analogy of the Indian Christian hostel attached to the Government Secondary and Training School for Mistresses at Triplicane an inclusive allowance equivalent to the amount specified above be sanctioned on behalf of the matron. I also submit herewith a reappropriation statement for meeting the extra expenditure of Rs. 102 for the three months of the current official year; and request that the necessary provision for the charge may be made in the Civil Budget Estimates for the ensuing year now under the consideration of Government.

Order—No. 33, Educational, dated 9th January 1915.

The Government sanction the payment of a consolidated allowance of Rs. 28 per mensem to the matron of the two hostels attached to the Government Training School for Mistresses at Karantattangudi, for the supervision of the hostels. This amount includes the charges on account of the employment of a night watchman and sweeper on Rs. 5 and Rs. 3 per mensem, respectively, and the payment of this portion of the allowance is contingent on the entertainment of the two servants in question.

2. As regards the employment of a cook on Rs. 6 per mensem in the Hindu hostel, the Government agree, as a special case, to meet the cost from Provincial funds for a period of one year.

3. Orders will issue in the Financial Department on the reappropriation statement submitted by the Director of Public Instruction.

From the Director of Public Instruction, dated 4th August 1914, No. 1520.

The Director of Public Instruction requests the sanction of Government for employing a sweeper on Rs. 3, a watcher on Rs. 5 and two cooks on Rs. 6 each per mensem for the two hostels attached to the Government training school for mistresses at Karantattangudi and to meet the cost thereof from Provincial funds.

2. The necessity for the establishment seems to have been made out and the pay proposed appears reasonable. The Government have sanctioned at their cost a watchman (Rs. 7) and a sweeper (Rs. 4) for each of the two hostels attached to the Triplicane girls' school. There is also no objection to meeting the cost of similar menials (sweeper and watcher) for the Tanjore hostel and these appointments may be sanctioned.

3. As regards the employment of cooks it is submitted that no similar establishment has hitherto been sanctioned for other hostels at Government cost. It seems doubtful whether the cooks in the Indian Christian hostel attached to the Government secondary and training school, Triplicane, are paid from the allowance of Rs. 40 allowed to the superintendent in charge, as stated by the Director. Apparently the wages of servants like sweeper and watcher were intended to be covered by the allowances. Pay of cooks ordinarily goes with the charge for meals and should naturally be recovered from the students. Those at the Tanjore hostel already get rent free accommodation. It is therefore for consideration whether the proposal to employ these servants may be disallowed.

4. The remarks of the Financial Department may be invited.

S. ANANTANARAYANAN—17-8-14.

C. RAMANUJACHARI—17-8-14.

Submitted to His Excellency the Governor.

There was a four-lakh non-recurring grant for hostels and a recurring grant of Rs. 96,000. We shall soon get to the bottom of the former, and then there will remain only the latter from which to build and maintain hostels. So it seems very important to keep down recurring charges.

In the boys' hostels it is a general rule that the charges levied must be enough to pay for the upkeep of the institution. We have even refused in several instances to give the sub-wardens any allowance beyond freequarters.

2. With these hostels for mistresses under training, Government have been more liberal, as mistresses are badly wanted, and have paid the rent of the houses occupied as hostels and the cost of a sweeper and watchman. There are at present only three of these hostels, namely that at Karantattangudi now under discussion and the two in Triplicane.

3. The Director of Public Instruction now asks for the payment of the wages of the cooks (Rs. 12 per mensem) at Karantattangudi. This will probably be followed by similar requests in the case of the cooks at the other two. If the students pay the charge themselves it amounts to about ten annas per head per mensem.

4. It is submitted that Government may decline to pay for the cooks.

5. They have paid before for the sweeper and watchman and the case of these two will be taken up separately afterwards.

[Apparently given to the Director of Public Instruction by His Excellency the Governor.]

W. FRANCIS—18-3-14.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

In the first place there is a precedent for the payment of cooks by Government. In the Indian Christian hostel attached to the Triplicane high school the superintendent is allowed Rs. 40 per mensem and out of this she pays:—

While this file has been pending the Inspectress has applied for sanction for allowances for superintendent for the Karantattangudi training school hostels. I shall therefore address Government on the subject again recommending an arrangement similar to that in the Triplicane Christian hostel.

E. A. HARVEY—15-11-14.

From the Director of Public Instruction, dated 1st December 1914, No. 2016.

The further communication promised by the Director of Public Instruction has been received. In it the Director has withdrawn his original proposal that the pay of the cook in the Indian Christian hostel should be met from Provincial funds and newly requests the sanction of the Government for the employment of a matron on Rs. 20 per mensem to supervise both the Indian Christian and the non-brahman hostels. Sanction is thus solicited for the employment of a matron on Rs. 20, a night watchman on Rs. 5 and a sweeper on Rs. 3 for the two hostels, and a cook on Rs. 6 in the non-brahman hostel. The Director recommends that the total cost on account of the above proposals, viz., Rs. 34 per mensem, may be sanctioned as an inclusive allowance on behalf of the matron as in the case of the Indian Christian hostel attached to the Government secondary and training school for mistresses at Triplicane.

2. As already pointed out in paragraph 2 of the office-note on page 1 *supra*, there appears to be no objection to meet from Provincial funds the pay of the watchman and sweeper. As regards the pay of the cook, it has been pointed out on page 2 *supra* that it should not be paid by the Government. Mr. Stone now represents that the aggregate boarding expenses in this hostel which consists of only three students comes to Rs. 9-7-0 each and leaves little margin for the student for purchases of books, note books, etc., and therefore recommends that the cook's wages may be paid by the Government, until such time as the hostel is large enough to be self-supporting. This recommendation appears reasonable. Orders are solicited whether it may be accepted as a *special* case and as a tentative measure.

3. The proposal to employ a matron may also, it is submitted, be approved in the circumstances explained in paragraphs 1 and 2 of the Director of Public Instruction's letter. The two similar hostels at Triplicane have superintendents paid from Provincial funds.

4. On the question of the grant of a consolidated allowance to the matron for the above purposes, it is for consideration whether it would not be desirable to exclude therefrom the pay of the cook in the non-brahman hostel, as this is to be met by the Government only until the hostel grows and becomes self-supporting, or whether it may be declared to be liable to revision when the cook is to be withdrawn.

5. The remarks of the Financial Department may be called for.

See below.

B.L.—20-12-14.

B. L.—20-12-14.

2. The proposals in items (i) and (ii) above call for no remarks. As regards item (a) above it is submitted that it is not usual for Government to pay out of Provincial funds the charges on account of cooks employed in students' hostels. As in the present case the cook is to be paid only temporarily from Provincial funds till the Hindu hostel is self-supporting the proposal may perhaps be accepted as a special case.

3. The allowance of Rs. 6 for the cook will have to be sanctioned as a separate item as the charge is only temporary and should not be included in the consolidated allowance for the matron, which should be fixed at Rs. 28 per mensem. The total cost involved being small this department need not, it is submitted, object* to the orders sanctioning the proposals being issued at once.

See below.

* (With reference to the orders of the Government of India regarding curtailment of expenditure during the present crisis.)

4. The Director of Public Instruction has forwarded a reappropriation statement to meet the charge to be incurred during the current year. As regards next year the Accountant-General may be asked on receipt of Educational Department proceedings on this case to enter a full year's provision in the budget estimates for

1915-16 under the head "22-F. EDUCATION—Government Schools—Special Training Schools for Mistresses" by manipulation of the amount deducted for probable savings so as to leave the total under the minor head unaffected.

T. C. NILAMEGHAM PILLAI—17-12-14.

C. P. KRISHNA AYYAR—17-12-14.

As in the case of G.O. No. 63, dated 15th January 1914, I think the consolidated allowance of Rs. 34 a month proposed by the Director, to include wages of

servants may be sanctioned, subject to revision when the cook is withdrawn. In that Government Order an allowance of

Rs. 40 for superintendence and wages of servants was sanctioned without calling for details of the latter item, with the result that Government have been committed to meeting from Provincial funds not only the wages of a cook but also of an assistant cook with an allowance for their food and the wages of a kitchen errand boy and unless it is now decided to reconsider the orders in that case it is difficult to negative the present proposal so far as the cook is concerned.

B. LAVILLE—20-12-14.

May be accepted but as to the cook I would sanction separately and for a year only in the first instance so as to indicate that later on the cost of the cook will have to be borne by the students.
