R Pillai
He was first mounted for 4 years and is a plant Collector now for the last 4 years. Dr. Barber thought that "it would be difficult to find anyone more careful than Ramasami Pillai for whom exemption is now sought for, in the details of Crossing plants. He will be invaluable in the Office of an Economic Botanist for the Cross fertilization of flowers and general mendelian work". The Government Economic Botanist recommends that "the very reliable nature of his work makes this ^{exemption} (obtaining ~~sanction~~) most desirable". Hence no other Application was Considered.

9
We have difficulty in filling these fieldmen's posts. That for Cross-fertilising flowers &c. manual dexterity and reliability are much more important than proficiency in English.
