OFFICE OF THE DIRECTOR OF INDUSTRIES,

POST COPY OF TELEPHONE MESSAGE.
(Dated the 10th December 1914).

From

The Director of Industries,

To

The Secretary to Government,
Educational Department.

"The total amount that may be required for expenditure is Rs. 32,500 of which Rs. 12,500 may be provided for in the revised budget for 1914-15 and the balance Rs. 20,000 in the Budget Estimate for 1915-16 in addition to Rs. 15,000 for "Ordinary Tools and Plant" already budgetted for.

Permission may also be accorded for the local purchase of the articles".

Director of Industries.

2. In the telephone message, Mr. Tresler also asks for permission for the local purchase of the articles sanctioned in this case. In regard to this, it is submitted that the Government can sanction the local purchase only in cases where serious inconvenience would be caused by waiting to obtain the articles from England ~~through~~ through the Director of General of Stores or when, owing to the greater promptitude of supply an economy can be effected by purchasing in India, provided that the articles are already in India at the time of order. Please see rule 5 on page 3 of G.O. No. 548 Financial, dated the 12th August 1913. It may be presumed that the articles are required urgently and are now available in India. But it may be observed that, as Rs. 20,000 is to be budgetted only for the next year, there may be time enough for the purchase being made in England. Probably, the provision will be needed for payment at the beginning of the next year, ~~there~~. In any case, there seems to be no serious objection to permitting Mr. Tresler to make the purchase locally especially in view of the ~~probably~~ probable dislocation of work in England and the consequent delay. A draft order sanctioning the purchase is submitted for approval.

The file may be sent to the Financial Department.

As pointed out in the Educat. Dept.
office, Under the Stores rules local
Govts. have full powers of sanction
in regard to the local purchase
of articles of ^{European} ~~foreign~~ manufacture
when serious inconvenience to the
public service would be caused
by waiting to obtain ^{articles} ~~them~~ from
England through the D.G. of Stores
or when, owing to the greater prompti-
tude of supply, an economy can be
affected by purchasing them in
India, ^{provided that the articles are already in India}
~~The machinery is absolutely essential~~
~~file are of an economical and~~
~~therefore is urgently necessary~~ and there
is no objection to ^{a general} sanction to local
purchase being accorded. ^{provided} It is
the policy already in vogue in view of
~~not to purchase all the articles~~
the fact that the India Office authorities, duly
~~regard are obtainable in India.~~
^{in the matter of articles intended for}
Mr. Dressler has presumably satisfied
himself on this point. The Educational
dept. may, however, be requested
to make sure of this by a reference
to Mr. Dressler before the order

is issued.

Yes. There was no such
urgency as to require
him to give orders without
previous sanction.

MS

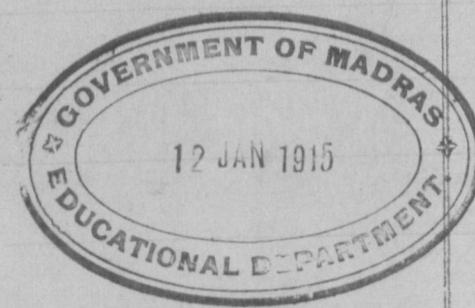

As noted by C.S. part at least
of the machinery seems to be such
as should have been obtained on indent
from the D.G. of Stores and the Director
appears to have acted irregularly in
ordering the machinery from a firm in
Calcutta in anticipation of the sanction
of Govt. to their local purchase, par-
ticularly as there seems to be no great
urgency in the matter. It would be as
well perhaps that Mr Treasurer is informed
accordingly. But under rules 5 and
13(a) the local Govt. may sanction local
purchases under the conditions prescribed
in the former rule, and as delay and
inconvenience will undoubtedly be avoided
by obtaining the machinery in India where
they are being manufactured, Govt. need not
perhaps object to such sanction being now
formally accorded.

8/1/15

It is useless to refuse sanction now that orders
have been given & we may accept the draft
though I doubt whether Mr. T. could really
make out a case for local purchase in all
instances.
