From (Name) The Hon'ble Mr. J. R. Stone, M.A.F.R.H.S.C.I.B.

(Designation) Director of Public Instruction,

To The Secretary to the Government of Madras,

Educational Department.

Sir,

I have the honour to invite a reference to G.O. No. 288, Educational, dated 31st August 1914, in which the Director was informed that the proposal regarding the appointment of a professor for teaching higher electrical engineering in the College of Engineering was held under abeyance by the Government of India. Mr. James now emphasizes the urgent need for the employment with effect from 1st July 1915 of the professor in question, on the ground that next session there will be two additional fourth year classes in the Civil and Mechanical Engineering divisions of the Engineer classes and that it will be impossible for the Professor of Mechanical Engineering to

2/3
undertake single-handed the advanced instruction necessitated by the course of studies. He further states that the erection of the equipment of the new Electrical Engineering laboratory is nearing completion and that the services of not only a professor but also a laboratory assistant mentioned in G.O.No. 607, Educational, dated 30th June 1913 are necessary to use the plant for class work.

⑥ As the Principal has shown good grounds for not delaying the employment of a Professor of Electrical Engineering and his assistant any longer, I beg to request that the Government of India be moved in view to their sanction being accorded to the appointment of such a professor in the cadre of the Indian Educational Service. If, however, there is any difficulty at the present juncture in creating a permanent post, I would suggest that Government be pleased to sanction as a temporary measure for a period of one year from 1st July next the employment of a Professor of Electrical Engineering on Rs 500 per mensem outside the cadre of the Indian Educational Service and a laboratory assistant on Rs 200 per mensem.

On receipt of orders on this communication I shall submit the usual proposition and re-appropriation statements.

I have the honour to be,

S i r .

Your most obedient servant,

O. Krishna Rao
