R.C.C. No. 1149 of 14
m

Station COIMBATORE, Dated the 27th November 1914.

From (Name) M.R.Ry. Rao Bahadur M.G. Arogyasawmy Pillai,
(Designation) Chairman, Municipal Council, Coimbatore.

To the Secretary to the Government of Madras,
Local and Municipal Department.

Through
The Collector and the Revenue Divisional Officer,
Coimbatore.

Sir,

In submitting herewith a copy of the Council's Resolution No.318 dated 24-9-1914, I have the honour to state as follows:--

2 The Municipal Factory school attached to the Coimbatore Spinning and Weaving Company is at present located in a rented building opposite to the Mill premises. The Inspecting Officers have remarked more than once that the accommodation is hardly sufficient for a school containing more than

100 pupils. There is no suitable building available elsewhere. In September 1913, the Mill authorities at first proposed to construct a new building for the school in their compound on the understanding that the management of the institution should be in their hands. The Council was prepared to handover the management of the school when the Company was ready to take charge of it. Subsequently the Mill authorities stated that the Directors were unable to provide funds for the construction of the school. The Inspector of schools, 8th Circle, in his letter No.167 (c)/1913 dated the 2nd September 1914, copy of which is enclosed, states that the company is now prepared to assign a piece of land for constructing a building for the factory school. The cost of the proposed building is estimated at Rs.4,000 and as stated by the Inspector of schools, the Council is unable to provide funds for this out of its ordinary funds.

3. I therefore strongly support the Council's Resolution and request that the Government may be pleased to grant a Provincial subsidy of Rs.4,000 for the construction of a factory school in the land outside the compound of the Mill and east of it.

4. A tracing showing the proposed site is enclosed.

I have the honour to be,
Sir,
Your most obedient servant,

M. G. Arogyasawamy Pillai
Chairman.

318. Read letter No.167 (c)/1913 dated 2-9-1913, from the Inspector of Schools, 8th Circle, suggesting that Government may be addressed for an educational grant of Rs.4,000 for the construction of a school building in the compound of the Coimbatore Spinning and Weaving Mill as the Mill authorities are unable to provide a building at their own cost.

Resolution.

A plan of the site proposed to be given by the Mill authorities and a written undertaking to provide the same will be called for.

The Government will be addressed to provide -
Rs.4,000.

(sd). M.G.Arogyasawmy Pillai,
Chairman.

27/11

In continuation of this office R.O.C.No.167 C/13, dated 11th July 1914, I have the honour to inform you that the Coimbatore Spinning and Weaving Mill Company have definitely informed me of their inability to provide accommodation for the Mill school. They are however prepared to assign a piece of their land to the east of the Mill and outside the mill compound for the erection of a building either by Government or the Municipality. I have seen the site and consider it very suitable.

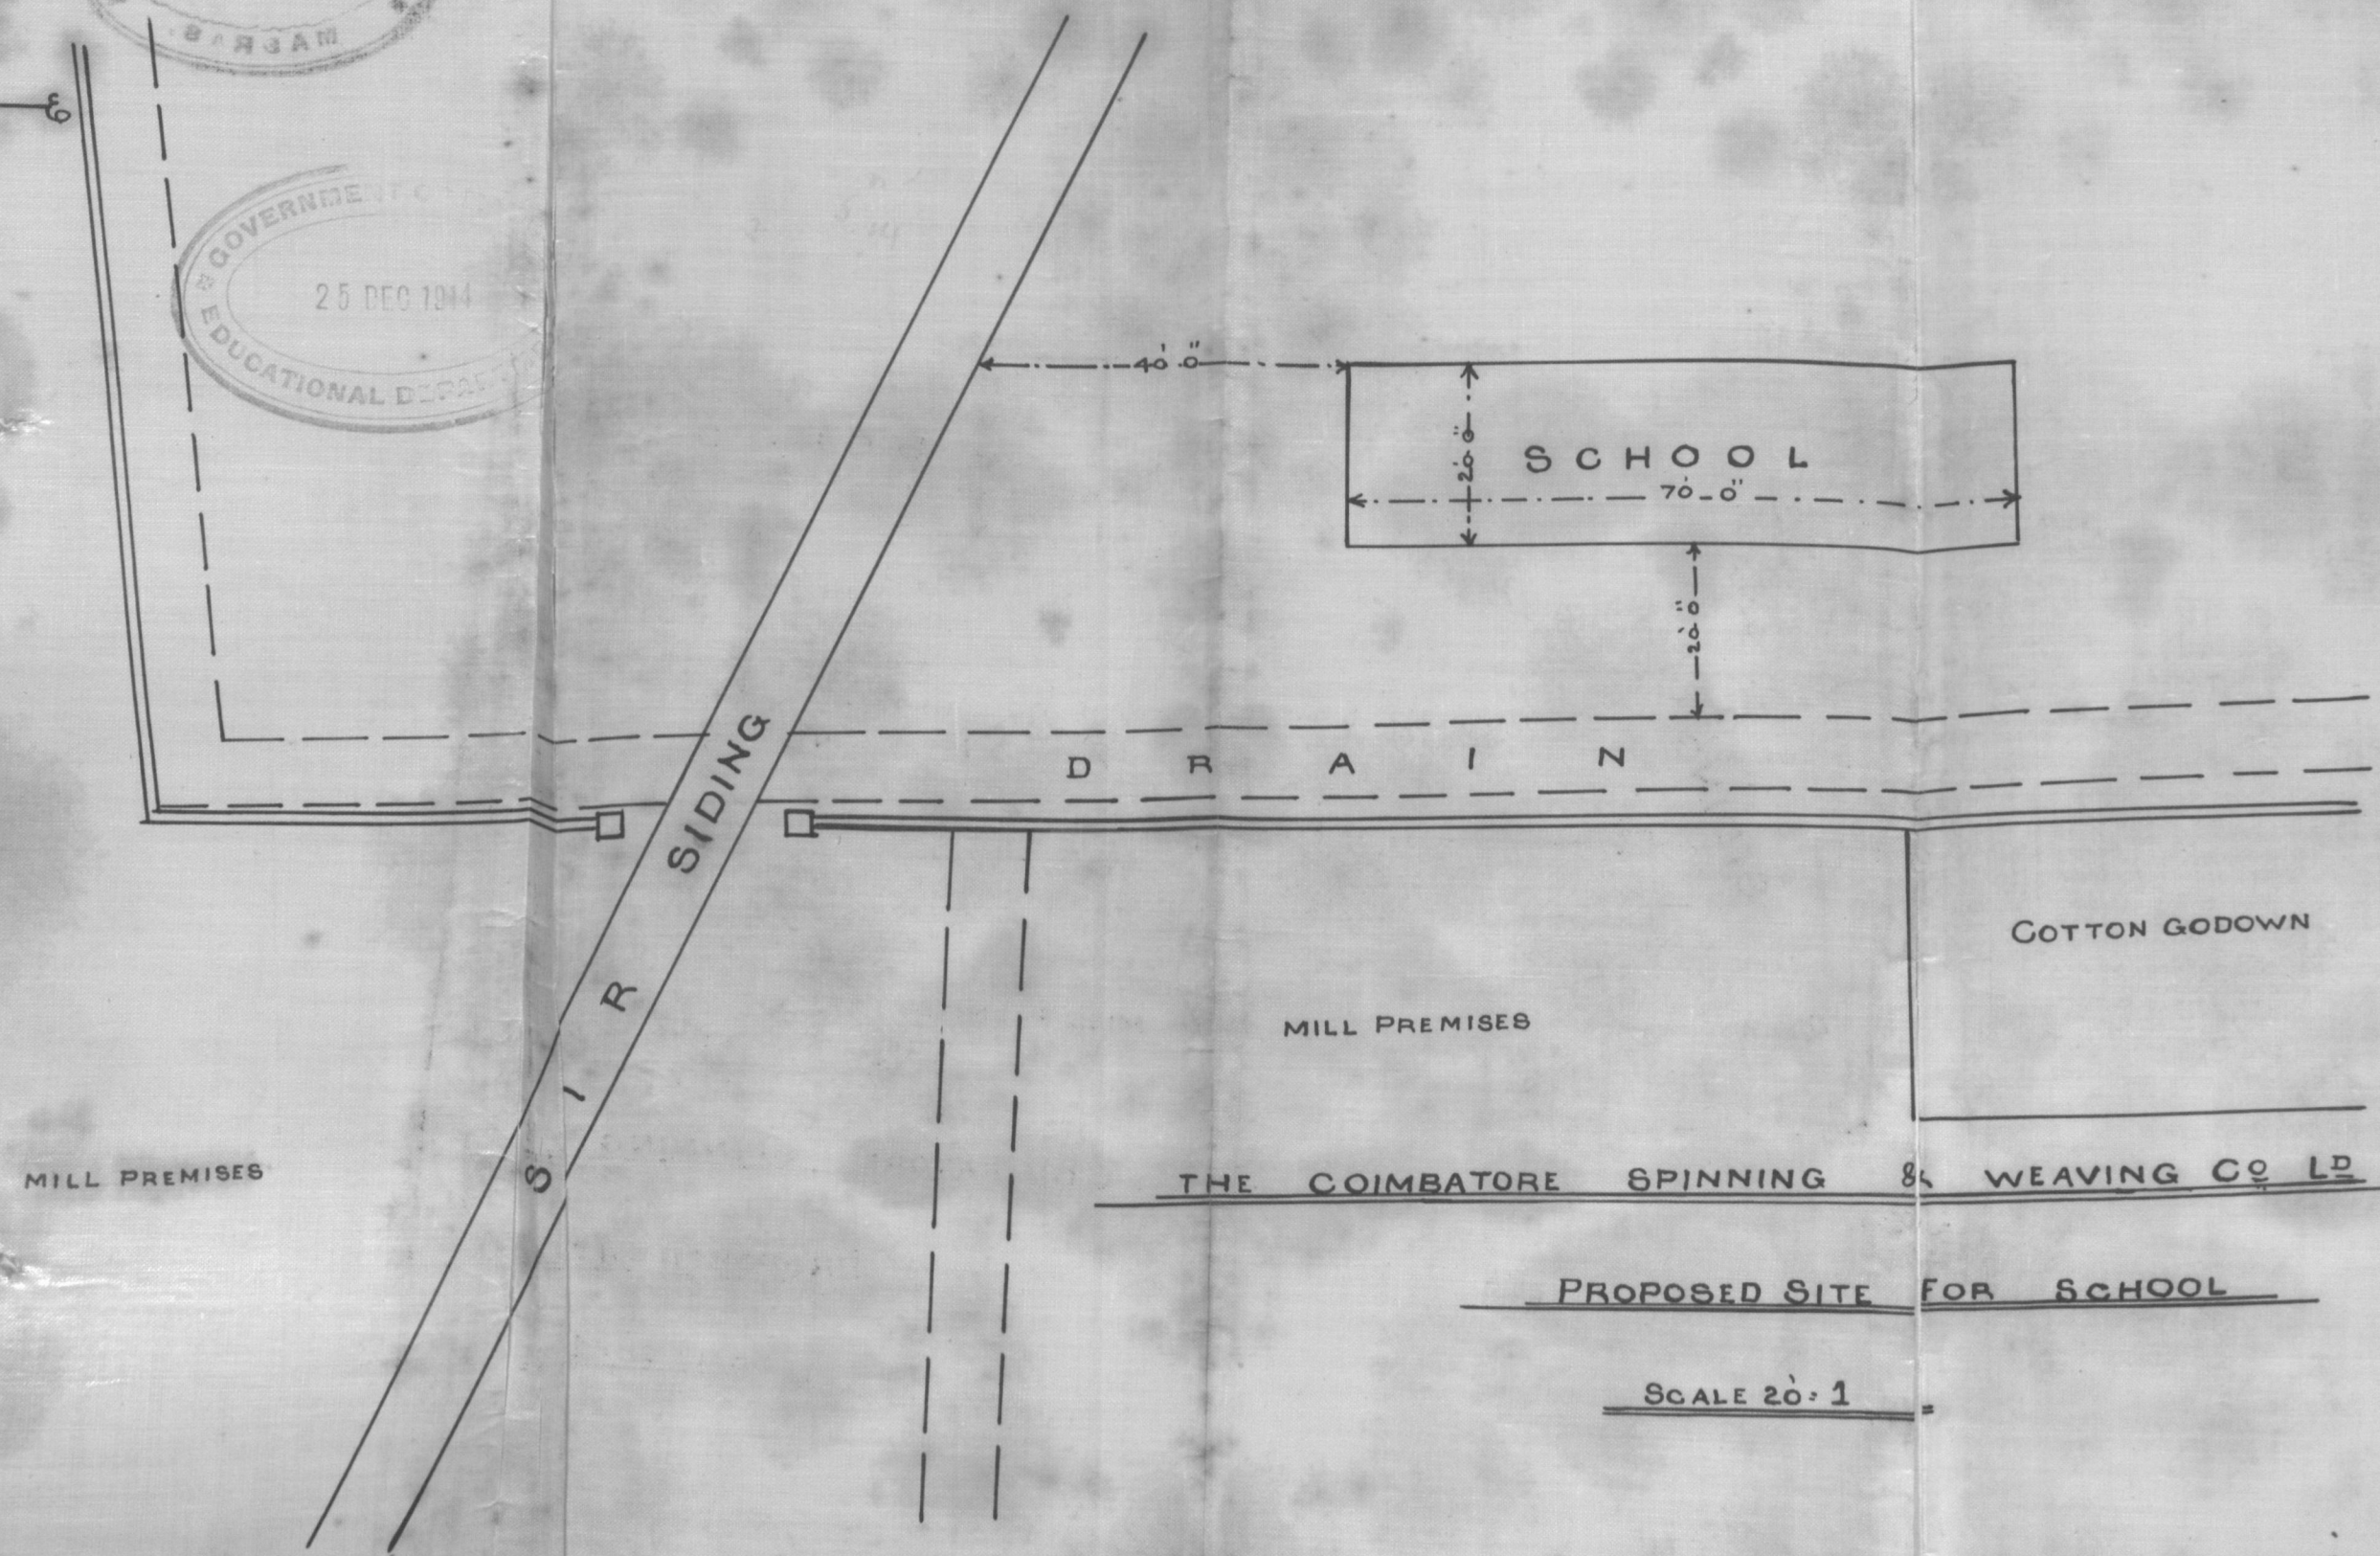

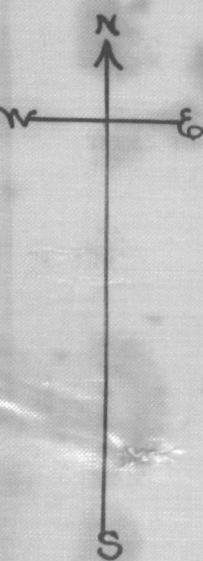

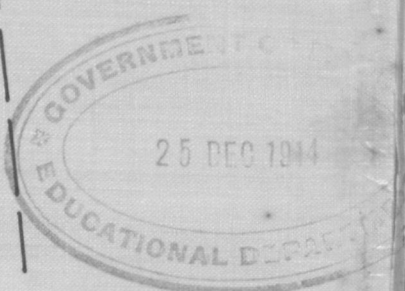

2. As it appears impossible to procure suitable accommodation on rent and I presume the Municipality cannot afford to pay for the construction of a school building, I would suggest that Government be addressed to provide the necessary funds.

3. As the enrolment is about 160 per shift, the cost of a sufficient building will be at least Rs.4,000

Submitted in continuation of this office No. R. C. 3435 of 1914, dated 26th November 1914 and recommended for favourable consideration.

2. An amount of Rs. 5,000/- has been proposed to this Municipality in the letter referred to above for the construction of new elementary school buildings.

3. It is presumed that the conditions upon which the land is assigned for school purposes are to be such as will ensure the permanence of the school.
