FROM

THE REVEREND W. H. G. PADFIELD, M.A.,

PRINCIPAL AND SECRETARY,

To

The Director of Public Instruction,

M A D R A S.

SIR,

I have the honour to state that the Rs.10,000/- sanctioned in G.O.No.1106, Educational, dated 11th December 1912, for Science Laboratories has not yet been spent, owing to the taking over of the buildings by the Military Works from the Public Works Department and some technical difficulties in connection with building arising therefrom.

2. This however has now practically been arranged, but, before building the Science Laboratories, the Committee would be glad to know if the money must necessarily be used for this purpose.

3. A Sub-Committee consisting of the Assistant Commanding Royal Engineer, the Civil Surgeon and the Principal have reported that a set of quarters for mistresses of the Girls' School is far more urgent at present than Science Laboratories.

With the new building grant of Rs.45,000/- sanctioned in G.O.No.1203, Educational, dated 28th October 1914, the Committee will now be able to arrange for spare rooms in the main buildings of the Boys' School--formerly wrongly used by the staff, which will be more convenient than outside Science Laboratories, especially in the monsoon weather,

and will be suitable.

4. The Committee also consider that a good staff must be decently housed--but, as far as the mistresses are concerned, their quarters leave much to be desired. Two mistresses have only small cubicles, separated by a wooden partition some 7 feet high, and taken off the dormitories. This unduly crowds up the girls, and gives the mistress no privacy. Four other mistresses occupy two rooms--i.e., each room of about 16 feet square is divided by a wooden partition, and the inner section is without proper light, air or fire-place.

5. The Committee therefore would much prefer to be allowed to arrange for a block of staff quarters for mistresses for the girls' school with the Rs.10,000/- under reference and trust that, if you approve, the sanction of Government may kindly be obtained for this.

I have the honour to be,

Sir,

Your most obedient Servant,

W. W. W. W.

Principal and Secretary.

OFFICE NOTE.

SUBJECT. Provision of Staff quarters for
the Mistresses, Lawrence Memorial School,
Ootacamund

From the D.P. I. no 10504/14 dt 16.12.14

Register No. 3930 Ed

The Committee of the Lawrence Memorial School, Ootacamund, requests permission to utilize the grant of Rs 10,000 sanctioned in G.O. no. 1106 Ed dt 11.12.12, for the construction of a Science Laboratory, for the purpose of providing a block of staff quarters for the mistresses of the girls' school. In applying for the above grant, the Committee represented in the Principal's letter dated the 17th June 1911 that the proposed new building was felt a very urgent necessity, and that the application was made on the recommendation of the Inspectors of European and Training Schools.

2. It may be noted that when the Committee was requested to frame and submit a comprehensive statement

Ref 2 of G.O 1107 dt
11.12.12 (V)

of the requirements of the school and the amount of the recurring and non-recurring grants it required, the Committee had included two much-needed quarters for the mistresses of the girls' school in its proposals for a non-recurring grant of four lakhs submitted with the Vice-Chairman's letter no. 3000, dated the 24th November 1913. It may however be observed that when the grant of Rs 26,830 which included the Rs 10,000 required for the construction of a science laboratory, was sanctioned towards the general funds of the school, the Director was asked to inform the Committee that the grant should be devoted solely to the objects for which the Committee solicited a capital grant.

3. The Committee however, now represents that a set of quarters for the mistresses is far more urgent at present than science laboratories and that it will be able to arrange for spare rooms in the main building of the boys' school, which will be more convenient than outside science laboratories, especially in the monsoon weather. The D.P. also supports the proposals of the Committee.

It is for consideration whether the Committee proposals may be sanctioned. Submitted that the Financial Dept may be consulted u.o.

In 1912-1913 grants aggregating 48 lakhs were made by Govt to the Lawrence Memorial School, Ootacamund, and this sum appears as a charge under the head 32-A Miscellaneous - Donations for Charitable purposes. The source from which the grants were met and the purposes of the grants are set out below:-

Amount of grant	Details
1	2
(i) 1,500.	Met out of the sum of 52 lakhs, being the portion earmarked for European education from the recurring Coronation grant of 8 lakhs for education (pp 12-13 quotes to G.O. 7317ul. 27.XI.12) XIX. The grant was formally stated to be in aid of the Genl. funds of the Asylum (G.O. 951Edl. 29.X.1912 (T)). but it was actually intended to enable the Institution to meet expenses in the revision of pay of teachers sanctioned (cf. H.M. notes of 2.X.12 and p. 10 quotes to G.O. 951Edl. 29.X.12 (T)).
(ii) 26,830.	Met out of the same source as item (i) - G.O. 8137ul 28.12.1912. (U). The grant was formally stated to be in aid of the general funds of the Institution. but it was actually intended to enable it to carry out some extensions to buildings, & to provide equipment furniture etc. - G.O. and p. 8 quotes to G.O. 1107Edl. 12.12.1912 (U ²).
(iii) 20,000 :	Special Special grant sanctioned by the G.O. I, who also gave a corresponding assignment to Provincial revenues to meet the charge : G.O. 2147ul. 18.3.1913. (U) 4p. 257. C.B.E. 1914-15.
<u>48,330</u>	

2. The correspondence in the G.F. relates to a sum of Rs 10,000 being part of the grant of Rs. 26,830 - item ii ante - ~~which was~~ already disbursed in 1912-13, which was intended for the construction of certain buildings viz Physical and Chemical Laboratory.

As to the reasons for which Govt found it necessary to ^{intimate} ~~inform~~ ~~officially~~ that the grant of Rs 26,830, although formally declared to be a grant towards the general funds of the Institution, should yet be restricted to ~~the~~ specific objects, attention is solicited to the final dept.

notes on pp. 4-5 and 6-7 of notes to v² GO. 1107 Edl. 12.12.1912. It will be seen that at least on the buildings of the Lawrence Memorial School has been treated as Military expenditure debitable to 47. Military works and any grant from Provincial funds towards these buildings requires the sanction of the G. & I. as it has to pass as a contribution from Provincial to Imperial under I. Land Revenue - adjustments.

The procedure adopted by Govt in GO. ^(8.11.12.1912) No 1106 Edl. ^{12.12.1912} ~~enabled~~ ~~hence~~ the grant of Rs 26,830 to be passed on at once, without reference to the G. & I.

3. The Committee of the Lawrence Memorial School now request sanction to the grant of Rs 10,000 made for the Science Laboratory, being diverted to ~~the~~ construction of quarters for mistresses for the girls school; this latter work is considered to be far more urgent than the Science Laboratory. As already stated, the amount is one that has already been passed on to the Institution; and the proposal to divert the amount, which is supported by the D.P.I. and the Ed. Dept. need not, it is submitted, be objected to in April. The Ed. Dept. ~~will~~ ^{file} have then to amend the d.o. instructions issued by them in December 1912. The file may be returned to the Educational Dept.
