Station Madras, Dated the 15 January 1915.

From (Name) The Hon. Mr. J.H. Stone, M.A., D.R.H.S.C.I.E.

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
Educational Department.
/Through the Accountant General/
Sir,

In their order No. 1045 Edl., Mis., dated 7th September 1914, Government sanctioned the proposal to institute during the current school year a course of 12 lectures on Hygiene and First Aid to the students undergoing training in the Government Secondary and Training school for mistresses, Triplicane and to pay the lecturer selected for the purpose a remuneration of Rs.180/-. The Inspectress of Girls' Schools, Central Circle, now states that as Mrs. C.N. Sundara Muthulakshmi, M.B.C.M., who was originally selected for the purpose was reported to be physically unfit to undertake the work, Mrs. Dr. Hendrie Simonson has been

on

impossible to complete the course on First Aid and Hygiene and Sick Nursing in 12 lectures as originally contemplated has suggested the desirability of confining her lectures to First Aid alone with a view to preparing the students for the examination held on that subject and to enable them to obtain the certificates awarded on the results of that examination. It has been ascertained that each lecture occupies an hour, that Mrs. Simonson devotes an extra hour every Saturday gratis for practical work, since it is found that it has not been possible otherwise for the students to obtain sufficient practice in bandaging etc., and that the lectures are being repeated in Tamil by a member of the staff for the benefit of the Elementary students. Having regard, however, to the fact that Sick Nursing and the management and care of children are extremely important for girls' schools and that a dissemination of the knowledge obtained in these subjects is likely to lessen infant mortality and in some way mitigate the undue amount of suffering which is caused through ignorance of common remedies for simple ailments, the Inspectress urges that an additional course of lectures should be arranged for on the re-opening of the school this month. In view of the importance and utility of instruction in First Aid and Hygiene and Sick Nursing, I have the honour to request that Government will be pleased to sanction as a special case the institution of a further course of 12 lectures on the above subjects during the current school year, at an additional cost of Rs.180, calculated at the rate of Rs.15 for each lecture.

2. The proposal involves an additional expenditure of Rs.180 for which I can find funds by re-appropriation from savings under contingencies for Government Girls' schools.

3. I further request the favour of very early orders on acceptance

|| before the close of the current official year.

I have the honour to be,

S i r,

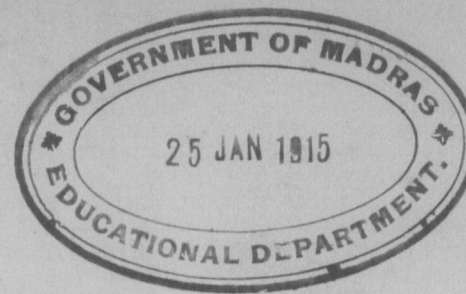

Your most obedient servant,

Christman

for Director of Public Instruction.
