Sir,

With reference to Government Endorsement No. 1553-1

M., dated 12th March 1914 and memorandum No. 3113-1 M., dated 29th May 1914, I have the honour to submit herewith a site plan and a valuation statement in respect of the Women and Children's Hospital buildings proposed to be acquired for the location of the Government Training School for mistresses, Mangalore. The site and buildings which have been approved by the site committee are estimated by the Executive Engineer, West Coast Division to be worth Rs. 13,525/-

The school is now held in a private building rented for Rs.40 per mensem. As it is very desirable that the school should have a building of its own, I have the honour to request that Government may be pleased to sanction the purchase of the buildings.

Sir,

In my letter to Government R.C. No. 6184/13., dated 30th June 1914, I proposed the purchase of the Women and Children's Hospital buildings at Mangalore for the location of the Government Training School for Mistresses in the locality. It has been since pointed out that the hospital buildings will not be available for some time to come and the Inspectress of Girls' Schools, Southern Circle, therefore proposes as an alternative that a vacant piece of land between the Balmatta and Light House Roads measuring more than an acre and belonging to the Municipality may be acquired and that a new building

may

may be constructed thereon for the school. The site^{3rd}
tion is said to be very near the present rented build^{are},
the school and to have therefore the same facilities
securing an adequate attendance of pupils. Further it
reported to be in an airy and healthy locality while
hospital buildings are in a noisy centre. The Inspector
prefers her present proposal to that of purchasing the
pital buildings and adapting them for school purposes. In
in a letter (copy enclosed) addressed to the Inspector
the Collector of South Canara says that the site cannot
made available for school purposes. If the Collector's
objection be not insuperable I beg to submit that the prop
to acquire the site between the Balmatta and Light House
may, in the circumstances now set forth, be approved in li
of the original proposal to purchase the hospital building
on.

2. The Inspectress of schools had already addressed me on the subject, and I had informed her that I could not agree to the land being used for the purpose. My -----

Page 17 enclosed

objections are two-fold:-

(a) The land is quite unsuitable for the purpose. It has been used as a quarry for road material for years, and is full of deep excavations. It is still required for road material. It is on the side of a very steep hill, and would require a great deal of levelling before any building could be put up there. Any building erected on such a slope would always be damp and unhealthy.

(b) The land lies in a triangle between three busy roads, and the situation of the school is, therefore, very noisy and dusty.

3. It is a small piece of land which, in the interests of the health and amenity of the town, it is most advisable to keep in its present condition as an open space.

4. Under these circumstances, I am surprised that the Inspectress should have asked for such a place for the school, and I strongly protest against its grant for the purpose, in the interests of the school itself and of the town of Mangalore.

5. The site of the Women and Childrens' Hospital will be available soon, as revised proposals for a combined new Municipal Hospital and Women and Childrens' Hospital are under consideration and will soon be submitted to Government.

The sanction applied for by the D.P.G. for purchasing the present Women and Children's hospital buildings at Mangalore for the location of the Government Training School for mistresses has to be accorded in the Educational Department. Before passing on the file to that Dept. for issue of orders, it seems desirable to ask the Municipal Council formally whether it accepts the valuation of Rs 13,525 for the site and the buildings. Training School for mistresses. The cost of the site and buildings are estimated at Rs 13,525 by the Executive Engineer, West Coast Division. The municipal Council of Mangalore has agreed to ^{with} ~~pay~~ them for the above value. ^{The chairman, however,} ~~but~~ states that the buildings will not be handed over to the Education Department, until after the construction of the new buildings for the hospital.

2. First as regards the necessity for the purchase of the building in question, it is submitted that the institution which is a permanent one is at present located in a rented building and that it is desirable to have a separate host. building for the institution. The price of the building viz Rs. 13,525 does not also seem high. It may not be possible to construct a new building at this cost. It is presumed that the existing buildings with few ~~on~~ alterations, if any, would be sufficient for the requirements of ~~the~~ the Training School. Orders are therefore solicited whether, with the concurrence of financial, the purchase may be generally approved.

3. There is no provision in the C.A.R. for the current year for the purchase; nor does there seem to be any necessity for the provision, as the building will not be available, until the Council vacates it after the new buildings, the plans and estimates for which have not yet been

sanctioned, have been constructed. It would appear sufficient to make the necessary provision in the next year's budget. As the Chairman, Municipal Council, desires that the negotiations should be settled as early as possible, it seems necessary to sanction the purchase at once.

Cur. no. 484, from the D.P. I. no 6184, dated the
11th February 1915

In view of the fact that the ~~hospital~~ women and
children's hospital buildings at Mangalore will not
be available for some time to come for the location
of the Govt. Training School for Mistresses the
acquisition of a piece of land near the existing ^{new} building
of the school is proposed. It is also stated that the
latter site is ^{in a more healthy locality and cheaper} preferable to the hospital site ~~which~~
which is in a noisy centre. The Collector, however,
says that the new site cannot be made available
for school purposes. He has not given any reason
in support of his statement. As the land selected
is reported to belong to the municipality the
Land & M. Department may be asked ^{in the first instance} to ascertain
from the Municipal Council whether it will be
available and if not, why? ^{final} The intimation to Land &
as regards the purchase of the hospital buildings may be deferred till
the question is settled.

Mr. Conchman, a specially reliable
 officer, has what appear to be convincing
 grounds against the Inspectress' proposal.
 The site is moreover, I should say,
 far too small.

[Memorandum no. 4824-2 Edl, dated the 1st April 1915]

Cur. no 2268 Edl, from the D.P.D. no 6184 of 28.6.15

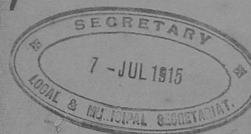

The D.P.D. now agrees with the Collector of South Canara

that the acquisition of the site between the Balmatta and Light House Roads for the Govt. Training School, Mangalore, may be given up. The original proposal to acquire the buildings in which the Women and Children's Hospital is now located therefore stands. These buildings will be available only after the new buildings for them have been constructed. The Local and Municipal Department may be requested u.o. to State in what stage the construction of the new buildings is at present.

In reply to para 2 of G.O. 2227 all dated 12-11-14, the Chairman, Municipal Council, Mangalore, stated in his letter No 70 B 2.5.1915 that the Council had resolved to postpone, for the present, the construction of a new Women + Children's hospital and to proceed with the reconstruction of the Wenlock's hospital. The Surgeon General approved of the Council's proposals but suggested that the site for the proposed new hospital for Women + Children might be purchased now as the price of land will increase as years pass by - It would

(T) In para 3 of No. 1382 M of 6th Sept:
1915 the Govt. have decided not
to take up the question of
acquiring a new site for the
women and Children's hospital
at Mangalore at present. The
present women and Children's
hospital buildings are not
available for the location
of the Govt. Training School for
Mistresses. The Educational

Submitted that the D.P. I. may be informed that the buildings now occupied by the Women and Children's hospital at Mangalore will not be available in the near future for the use of the Govt. Training School for mistresses. Another site selected for the school has been condemned by the Collector. It does not seem necessary to ask the D.P. I. specifically to select other sites. If he is able to find out any other suitable site, he may be left to come up of his own accord.
