(para 5) 22.5.15

In his letter No E 45, dated the 31st May 1915, Mr. Treasurer suggested that a certain portion only of the provision made for grants-in-aid in the current years' budget should be utilized for ordinary expenditure and that the balance should be spent on the development of one or more selected industrial schools. From the Imperial grant of Rs 21,000 for industrial education provided under grants-in-aid, he ~~proposed~~ proposed to reserve a sum of Rs 9,000 for such special object. ~~He proposed that the sum proposed to be reserved by the Director might be spent on the establishment of a mechanical engineering school~~

There was thus no proposal of surrender of the balance, and there was no resumption of it by the Govt. The latter

school at Bocanada. In his present letter ~~the~~ Mr. Brecker states that he has surrendered a sum of Rs. 9,000 from the Imperial grant + ^{considers} ~~considers~~ ~~that~~ that the amount is not, therefore, at his disposal. It is submitted that, as the Govt. have not yet formally resumed the amount from ~~the~~ his budget, it is still at his disposal. ~~as the Govt. have not yet formally resumed the amount from the budget, it is still at his disposal.~~ ~~as the Govt. have not yet formally resumed the amount from the budget, it is still at his disposal.~~ ~~as the Govt. have not yet formally resumed the amount from the budget, it is still at his disposal.~~ He may, it is submitted, be informed of this.

2. Further, Mr. Brecker states that proposals for the utilization of the whole ~~of the whole~~ ^(Grand) of the Imperial grant, with the exception of the sum of Rs. 9,000, have ^{already} been sanctioned. This, however, is not quite correct. The Govt. have so far sanctioned only the following:—

- | | |
|--|------------|
| (i) Balance of the building grant for the St. Joseph's Industrial School, Bellary. | Rs. 5,000. |
| (ii) Special grants to certain industrial schools. | 5,491. |

Total 10,491

There is therefore a balance of

of Rs 10,509, including the Rs 9000 above referred to, only the Imperial grant. This may also be pointed out to Mr. Treasurer.

3. A draft order is submitted for approval.

for expenditure on any object approved by the Govt. ~~but the balance of Rs. 10,000 in that grant~~

2. The Director ^{in this} states that proposals for the utilization of the whole of the Imperial grant, except the sum of Rs. 9,000 referred to in para 1 above, have ^{been} sanctioned. The Govt. observe that, so far, they have sanctioned the utilization of only a sum of Rs. 10,491 out of that grant as shown below:—

- (i) Balance of the ~~grant~~ ^{Rs.} sanctioned for the construction of a building for the St. Joseph's Girls' Industrial School, Bellary, in G.O. No. 295-S.D., dated the 14th April 1915 — 5,000
- (ii) Special grants for certain industrial schools sanctioned in G.O. No. 843-S.D., dated the 5th August 1915. — 5,491
- Total 10,491
