THE ACCOUNTANT GENERAL, MADRAS.

Sir,

I have the honour to state that the Honorary
Director of Fisheries sometime ago purchased a Hydro-Extractor
for about £.80/- and has offered it to me at this price Rs.
1184/-. I am at present making experiments with refining of
common salt in connection with which the plant is required.
It will also be useful for a number of other purposes. The
Honorary Director has no use for the Extractor and I have and
as the transaction is merely a book transaction I request the
Government will sanction the transfer of the machine to this
Department.

ENCLOSURES: 1

Forwarded with the remark that the proposed book adjustment of the transaction is unnecessary. The Fisheries Department is neither a supplying, nor a commercial department, but an Industrial one and as such, an adjustment will unnecessarily swell or reduce the figures in the accounts. The transfer may be shown in the Administrative accounts only.

Mr. Trevelyan says that he wants to use this centrifugal in connection with the refining of graphite and other purposes.

There is no harm in his doing anything - paid call, but the Commissioner would no doubt be interested to know what he is doing so.
