No. 109

Station MADRAS, Dated the 13th MARCH, 1915.

From (Name) K.T.B. TRESSLER ESQ.,

(Designation) AG. DIRECTOR OF INDUSTRIES,

To The SECRETARY TO THE GOVERNMENT OF MADRAS,
EDUCATIONAL DEPARTMENT.

Sir,

I have the honor to submit herewith an application from Sir Hugh Fraser, President of South Indian Athletic Association, for a grant towards the Industrial Exhibition to be held in December last week of 1915 in connexion with the Annual Sports.

Last year a similar application was made and as stated in Sir Hugh Fraser's letter, careful enquiries were made by Government regarding the character of the proposed exhibition. It is not necessary for me therefore to enlarge on this point. The application was withdrawn owing to the outbreak of war but is now renewed in anticipation that the war will come to a close before the end of the year.

SK

2 ✓
As last year, I strongly support the application
of the association as I consider it a good means of disse-
minating industrial information with the minimum of labour.

I have the honor to be,

Sir,

Your most obedient servant,

K. R. M.
Ag. Director of Industries.

109
From,

The Honourable Sir Hugh S. Fraser,

President,

South Indian Athletic Association Ltd.,

M A D R A S.

To,

The Chief Secretary

to the Government of Madras (Educational),

Fort St. George.

Thro' The Director of Industries,

Sir,

M A D R A S.

I have the honor to renew my application, on behalf
of the South Indian Athletic Association, for a Grant towards
the Industrial Exhibition to be held in the last week of -
December 1915, when the Annual Sports and Fair will be held
as usual, on the Grounds of the Association.

In May last year the Association applied for a Grant
and the Government in their Memorandum No. 1787-1 Bal. dated
16.10.14 30th June 1914, called for more information and wanted an
assurance from the Association that the Industrial side of
the

page 87 p. 1162

South Indian Athletic Association, Limited.

PEOPLE'S PARK,

Madras, 10th May 1915.

the Exhibition would be properly represented and organised.

In the reply dated 13th July 1914, sent through the Director of Industries, Madras, a detailed report was given of the arrangements that the Association had decided to make and the strenuous efforts they were prepared to put forth to strengthen the Exhibition side of the Annual Sports and Fair. The Director of Industries, in his letter of August 1st, 1914, was kind enough to support our application and made some valuable suggestions towards making the Exhibition an efficient and permanent feature.

Unfortunately, the outbreak of war in Europe and the stupendous struggle in which our Empire has been involved, made us reconsider the situation and the Executive Committee of the Association thought it inexpedient to hold the Exhibition and press their application to Government for a Grant. This decision was communicated to the Government in my letter dated 6th September 1914.

I have the honor to renew the application for the Grant this year in the full hope that the war will come to a close before the end of this year and in the strong conviction that so just a cause as ours must ultimately triumph.

Last

South Indian Athletic Association, Limited.

PEOPLE'S PARK,

Madras, 10th March 1915.

Last year, during the Annual Sports and Fair a comparative Exhibition on a small scale of German and Austrian goods side by side with Indian Industrial Products and also some Japanese Wares was held in the "MOORE PAVILION" of this Association by the Director of Industries. The Exhibition, the most opportune as it was, produced a good impression on the visitors, who were able to compare the Continental goods with indigenous articles and form an idea of the relative cheapness and quality of the Exhibits. The Association, in applying for a Grant this year towards the Exhibition, hope not only to follow the lines indicated by them in their letter dated 15th July 1914, but also to devote special attention to the Exhibition of Indian Goods side by side with the German and Austrian, in order to impress the people with the superiority and cheapness of the former and stimulate an industrial activity with a view to drive the goods of those two hostile countries from the Indian Market.

The Association prays that the Government may be pleased to give the application their best consideration.

I have the honor to be,

Sir,

Your most obedient servant,

N. S. Fraser
PRESIDENT.

the Exhibition would be properly represented and organized. In the reply dated 15th July 1914, sent through the Director of Industries, Madras, a detailed report was given of the arrangements that the Association had decided to make and the arrangements that they were prepared to put forth to strengthen the Exhibition side of the Annual Sports and Fair. The Director of Industries, in his letter of August 1st, 1914, was kind enough to support our application and made some valuable suggestions towards making the Exhibition an efficient and permanent feature.

Unfortunately, the outbreak of war in Europe and the stupendous struggle in which our Empire has been involved, made us reconsider the situation and the Executive Committee of the Association thought it inexpedient to hold the Exhibition and press their application to the Government for a Grant. This decision was communicated to the Government in my letter dated 28th September 1914.

I have the honor to renew the application for the Grant this year in the full hope that the war will come to a close before the end of this year and in the strong conviction that so just a cause as ours must ultimately triumph.

PROGRESS PAPER

1915

Last year, during the Annual Sports and Fair a cooperative exhibition on a small scale of German and American goods side by side with Indian Industrial Products. This some Japanese wares was held in the "Horse Pavilion" of this Association by the Director of Industries. The exhibition, the most opportune as it was, produced a good impression on the visitors, who were able to compare the Continental goods with indigenous articles and form an idea of the relative cheapness and quality of the exhibits. The Association, in applying for a grant this year towards the exhibition, however, only to follow the lines indicated by them in their letter dated 17th July 1914, but also to devote special attention to the exhibition of Indian Goods side by side with the German and American in order to impress the people with the superiority and cheapness of the former and stimulate an industrial activity with a view to drive the goods of those two hostile countries from the Indian Market.

The Association prays that the Government may be pleased to give the application their best consideration.

Station Madras, Dated the 4th September 1915.**6**From (Name) K. T. B. Tressler, Esq.,(Designation) Director of Industries.

To The Secretary to the Government of Madras,

EDUCATIONAL Department.

Sir,

I have the honour to submit herewith the application of the South Indian Athletic Association for a grant towards the forthcoming industrial exhibition in Madras this year.

2. Government will be aware that the Association have decided to add an industrial section to their annual exhibition in the People's Park, and as this will involve extra expenditure, and as it is intended to be of an educative character they consider that they qualify for a grant from this Department.

3. My opinion is that if an industrial exhibition is

8/

to be held, adequate covered space for exhibits must be provided and such space is not now available. Working on existing lines the Association would put up temporary sheds every year: but in view of the space required these temporary sheds will be comparatively expensive, and as the Exhibition is to be an annual one, I think it perfectly reasonable that they should spend more money at the beginning and put up semi-permanent sheds which will always be available.

4. For this purpose I would be prepared to recommend the grant from this Department subject to the following conditions:-

- (1) That the Association subscribe an equal amount.
- (2) That the whole of the sum is spent in providing cheap but semi-permanent accommodation.
- (3) That Government should have the ~~first right~~ ^{refusal} of the use of the buildings for exhibition purposes and that in such cases Government should pay no hire for the use of the same. ⁽⁴⁾ Whenever Government exhibits are shown, whether independently or in conjunction with an event by the Association, ~~(4)~~ Government should have the right of determining what gate money is to be charged for admission to the industrial section.

Note:- For industrial, agricultural and forest exhibitions not supported by Government the Association may charge as they like.

- (5) The buildings should be erected on a site to be arranged by myself and the Association.
- (6) Government should have the right at any time of resuming possession of the buildings on payment of the share contributed by the Association.

5. Subject to the above conditions I would be prepared to pay up to Rs. 7,500 in the way of contribution. I consider the expenditure quite justified because I consider it eminently desirable in the interests of industrial development

2/ 8

that frequent exhibitions should be held. It is, however, impossible always to arrange for big exhibitions but the accommodation to be provided will just be suitable for holding annual shows so as to keep the public informed of what is going on.

Savings under the
6. The expenditure can be met from the allotment for 'Miscellaneous Experiments' provided in the current year's budget as some of my machinery has been delayed owing to munition manufacture and I am not likely to be able to start work on some industrial experiments as soon as I had anticipated.

I request the favour of a very early reply.

I have the honour to be,

Sir,

Your most obedient servant,

J. R. M.

C.No.957. From the Director of Industries, No.109, dated the 13th
March 1915.

S U B J E C T.

Application for a grant from the South
Indian Athletic Association for
holding an industrial exhibition.

The application of the South Indian Athletic Association
for financial assistance from the Government towards the
holding of an industrial exhibition last year was withdrawn
by that body as it was thought that, in the circumstances
created by the war, the exhibition would not be a success-

(S) Please vide G.O.No.1162 Edl., dated the 10th October 1914.

The President of the Association now renews the application
in the hope that the war will come to a close before the
end of this year. It is submitted that no separate provi-
sion has been made in the next year's budget estimate for
a grant to the Association for the purposes of the exhibi-
tion and it is ^{now} too soon to consider the question of re-
appropriating an amount for this object from the allotments
for other purposes in that Budget. It may probably happen
that the question may have to be considered only if the war
ends in the ~~meanthi~~ meanwhile. The Director of Industries may
perhaps

page 4 of 4.

15

14

perhaps be asked to inform the Association that they should address the Government on the subject in July next with a statement showing the probable receipts and expenditure of the exhibition. By July the Government may perhaps be in a better position to decide in respect of the matter. The statement referred to above was required by the Financial Department on the last occasion - Subject to approval a draft Memo. is submitted below.

C.No.3114Ed1.,

C.No.3115 ..

from the Director of Industries, No.K.138, d/4-9-15.

-do.-

No.K.138, d/7-9-15.

Please see notes above. As directed by Government in Memorandum No.957-1 Ed1., dated the 26th March 1915, the President of the South Indian Athletic Association renews his application for a grant towards the holding of the industrial exhibition. He also submits a statement of the probable receipts and charges of the exhibition. The Director of Industries in forwarding the application suggests that a grant not exceeding Rs.7,500 be granted to the Association for the erection of a semi-permanent building for holding the exhibition subject to the following conditions:

- (i) that an equal amount should be subscribed by the Association for the erection of the building;
- (ii) that the building should be erected on a site to be settled by the Director and the Association;
- (iii) that the Government should have the right at any time of resuming possession of the buildings on payment of the share contributed by the Association;

*para 6 of cf.**para 11 + 12 of cf.**para 13 of cf.**para 5, para 8 of cf.*

(iv) that the Government should have the first refusal of the use of the buildings for exhibition purposes and that in such cases the Government should pay no hire for the use of the same; and

(v) that the Government should have the right of determining what gate money is to be charged for admission to the industrial section in those cases where their articles are exhibited.

2. Before dealing with these suggestions

it has to be considered whether the Government will entertain the application for help from the Association. The application submitted by the Association last year was withdrawn by that body, as it considered that in the circumstances created by the war it was inexpedient to hold an exhibition. These circumstances still continue, but it has to be noted that last year under the orders of the Government of India, the Commercial Intelligence Department held exhibitions of German and Austrian goods and also of Indian articles which competed with them and could take their place.

In his letter of the 10th March 1915, the President

*See - President's letter
page 15 of pp. 1162
10.10.14 (S)*

*Please see pag 302
of the Imp'l. Supri. Council
proceedings (A)*

19

of the South Indian Athletic Association referred to this and stated that the Association would devote special attention to the exhibition of Indian goods side by side with the German and Austrian manufactures. In these circumstances, it is submitted that Government may help the Association in organizing the exhibition.

3. If it is decided to help the Association, the next question is what help should be given and how. Last year the Association requested that the Government should make a liberal grant towards the expenses of the exhibition and that they should issue instructions to District Collectors sufficiently to notify the exhibition and also to render such help as might be required of them.

The latter request was accepted both by Educational and Revenue. It may be complied with now also.

As regards the question of grant the Association stated that any surplus that might be found would be utilised for raising a permanent structure for holding the exhibition. Mr. Tressler was,

Page 8

however, of opinion that the bulk of the Government grant should be utilized in the erection of a building and that a grant of £10,000 in that year and a similar amount in the next year might be made to enable the Association to put up such a building. The Secretary (Mr. Francis) was not in favour of the proposal to make a grant for a building, as he thought that the Government should not encourage the erection of further buildings on the People's Park, that there was no guarantee that the exhibition would be an annual affair and that the building, though ~~erect~~ erected for exhibition, would practically be the property of the Association. The Revenue Department concurred in this view.

4. In the first place, it has not been stated whether the Association are prepared to build at all under the conditions mentioned by Mr. Tressler. They seem to be more anxious to run this year's show than to embark immediately on elaborate arrangements to make the show a permanent affair. Their immediate request is

page 1 of 4. 1162 (S)
10.10.14

page 13 of 4.

for a grant towards the expenses of the exhibition. The question of a building may perhaps be dealt with separately. The receipts are only problematical and they apparently wish to secure help for initial charges and to be insured against loss in case the gate collections are not sufficient. Even as estimated the probable charges will exceed the probable receipts by Rs.800. It may perhaps be sufficient for the present to sanction a grant of about Rs.1,000.

The conditions to be imposed in respect of the grant were discussed in paragraph 7 on pages 21 and 22 of papers with G.O.No.1162, dated the 10th October 1914. The first four of the conditions named therein may be applied here, with a further stipulation that articles that ^(by the Govt.) may be exhibited should not be charged for.

5. As regards the question of building, it is submitted that the exhibition was inaugurated only in 1913; none was held in 1914

page 1 of 4. 1162 (S)
10.10.14

and there is a proposal to hold one in 1915.

It would perhaps appear safer to wait and watch whether the exhibition would be a success and will be an annual function and whether the advantage to the public will be worth the outlay of public funds on it. Further, since the Secretary (Mr. Francis) noted on 8th August 1915, the Government have declined to sanction the application of the Suguna Vilasa Sabha for a site on the People's Park for the construction of a theatre. Though it is likely that the S. S. A. Association will, if the proposal is sanctioned, build within the portion of the Park already leased ~~out~~ out by them, the objection to erecting any permanent or semi-permanent building on the park holds good especially as the tenure under which the land is held by the Association is only temporary, terminable at six months'

notice.

THE PARK FAIR.

ATHLETIC SPORTS.

EXHIBITION OF ART AND INDUSTRY.

The following Press Communique has been issued from Government House, Ootacamund:—

The South Indian Athletic Association has been good enough recently to propose to hand over this year the management of the usual Athletic Sports and People's Park Fair during Christmas week to the Madras War Fund, for the benefit of that Fund and of the work which, through the Hospital Ship "Madras," the Ladies' Depot, and in many other ways, it is now doing for the fighting forces of the Empire in East Africa, Mesopotamia, the Dardanelles and Europe. The second year of war lays an ever-increasing burden on the resources of the Madras War Fund and upon its generous supporters. In the hope of helping to meet this increasing responsibility, and being advised that this undertaking can be organised on lines which are likely not only to be profitable to the Madras War Fund, but also generally useful to the permanent interests of the Presidency and Southern India, His Excellency the Governor, on behalf of the subscribers to the Madras War Fund, has decided to accept this offer.

The usual Athletic Sports will accordingly be held during the week beginning Monday 27th December with the customary amusement and other attractions, and the usual exhibits from commercial firms, with any new features which may seem desirable; and at the same time, in addition to this, so far as space is available and with the help of the Madras Government, there will be an Exhibition of the artistic and industrial products of the Presidency and Southern India.

This Exhibition will include seven or more sections, namely

- (1) an Agricultural section organized by the Madras Department of Agriculture,
- (2) similarly a Forestry section organized by the Forestry Department,
- (3) a Fisheries section organized by the Fisheries Department.
- (4) a section organised by the Department of Industries,
- (5) a section organized by the Victoria Technical Institute and the School of Arts,
- (6) A section representing Village and Mission hand industries, and
- (7) A Health and Hygiene section under the superintendence of the Surgeon-General and the Sanitary Commissioner.

It is hoped that this project, which was initiated in order to afford direct help to the immediate and temporary interests of the Madras War Fund, will be not less successful in achieving the further purpose of giving wider publicity and encouragement to the permanent interests of the industries of the Presidency and Southern India.

A General Committee is now being formed under the presidency of His Excellency the Governor to carry out these purposes. An Executive Committee which will be more immediately responsible for the details of the proposed arrangements will also be formed. At His Excellency's request Mr. S. D. Pears has kindly consented to act as Chairman of this Executive Committee, which will include representatives of the various sections and departments enumerated above.
