In continuation of Mr. Duncan's letter R. C. No. 4902 of 1915 dated 31st August 1915, (paragraph 2), I have the honour to state that the Inspector of Schools, V Circle, reports that, as regards the number of fully qualified teachers in schools under public management, the North Arcot District is more advanced than the other districts in the Circle and contains a smaller number of untrained teachers, while in point of qualifications of the teachers employed in aided schools, the district does not suffer by comparison with the other districts.

There is at present one Government training school in

in the district, viz., the lower training school at Ranipet and the Inspector does not consider that this provision is relatively insufficient.

I have the honour to be,

Sir,

Your most obedient Servant,

for Director of Public Instruction.
