Station Madras, Dated the 7 October 1915

the

Sir,

This Circle comprises at present three girls' ranges, the number of schools in each of them on the 31st

March 1915 being as follows:-

Trichinopoly-Madura Girls' Range	182
Tinnevelly "	159
West Coast "	278

The Inspectress of Girls' Schools, Southern Circle, reports that the Assistant Inspectress, West Coast Girls' Range, which comprises Malabar, South Canara and a portion of Coimbatore has not been able to visit even once in two years all the schools under her charge, that the inspection of as many as 30 out of 198 schools was transferred last year to the Sub-Assistant Inspector of Boys Ranges, that surprise visits are at present an impossibility and that as the number of schools has increased further this year, the office work and inspection of schools have grown much too heavy to be managed by a single officer. She therefore requests that the inspection of 103 schools in the West Coast Girls' Range may be transferred to the Sub-Assistant Inspectors of Boys Schools.

This proposal is not feasible without detriment to the work of Sub-Assistants of Boys' schools who are already overworked.

In these circumstances I consider that the Assistant Inspectress, West Coast Girls' Range, is in urgent need of help which can only be afforded by the employment of an additional Sub-Assistant Inspectress to be placed in charge of a new girls' range to be evolved by a redistribution of the charges of the present West Coast and Trichinopoly-Madura Girls' Range.

2. I may remark that this congestion of work in the Southern Circle is no new thing and that I have hitherto only refrained from proposing a temporary arrangement to alleviate it in the hope that a permanent increase of the inspecting staff would not be very long delayed, a hope which I see ^{little} prospect of being fulfilled.

1-1400-115-16

3. The extra charge involved during the current year amounting to Rs.1,300/-, as detailed below, can be met from the savings anticipated under 'Inspection' in the current year's budget.

	<u>For 4 months.</u>	<u>per year</u>
Pay of the additional Sub-Assistant Inspectress Rs.125 per mensem	Rs.500	1500
" 2 clerks one on Rs.20 per mensem and the other on Rs.15 "	35 140	420
" 2 peons at Rs.7 each 14 "	56	168
Travelling allowance, contingencies etc., about Rs.1,800 per annum	600	1800
	1,296 or	3888
in round numbers	1,300	3900

I have the honour to be,

S i r,

Your most obedient servant,

C. Krishnamoorti

NOTES.

OFFICE NOTE.

SUBJECT. Employment of a temporary addl. sub-
assistant inspectors

From the D.P.O.

Register No. 3598

The D.P.O. appears to have made out a strong case for the temporary employment of an additional sub. assistant inspectors. The pay proposed for her namely, Rs. 125 is unobjectionable and the clerical and menial establishments proposed are also similar to those of the existing sub. assistant inspectors.

(Copy of this memo No. 7437-1
D. 26. 12. 14 not available)

- 2. The recent instructions of the Govt. of India that "steps must be taken to husband the financial resources available to the utmost extent" and that "all expenditure which can be postponed without grave inconvenience must be postponed and no provision can be made for new schemes of expenditure unless they are of pressing urgency" ^{may not be taken} ~~may be made~~ ^(however) ~~may be made~~ ^(of girls' schools) from the Director's letter it will be observed that the efficiency of inspection ^(of girls' schools) suffers much at present the employment of an additional sub. assistant inspectors, it appears, can be regarded as a scheme

personnel urgency and brought under the items of expenditure permitted by the Govt. of India.

3. In this view, a draft order sanctioning the proposal is submitted. If approved, it may be forwarded to the Financial Dept., for acceptance. They have already accepted, in connection

with the scheme of reorganization of the female inspecting agency, the D.P.D.'s proposals to appoint eight additional sub-assists. The maximum number of schools to be controlled by a sub-assist. has been taken to be 150. The total number in the Trichinopoly-madura & in the West Coast ranges amount to 460 schools, which will ~~then~~ just need the services of three sub-assists., as against two at present.
