EDUCATIONAL DEPARTMENT.

The Hon'ble Raja Sri Madana Mohana Simha Devu Garu.--

31. (a) Are the Government aware that the Uriya community has a fourfold division of castes corresponding to that obtaining among the other Hindu communities of Madras but that the former are entirely dissociated from the latter group by customs, manners and habits of life?

(b) In consideration of the above facts, will the Government be pleased to establish a hostel for the convenience of the Uriya student population in Madras?

2. It is submitted that a consolidated answer for both the clauses may be given, dealing more with the main portion of it in clause (b). The following is suggested:--
The Government do not consider that the number of Uriya students from the Gargan district is so large that the number does not seem to justify the establishment of a hostel for them. Further the policy in these matters is only primarily an affair of private enterprise and, so far as possible, from the financial point of view, it is not possible to establish a hostel for them. The following is suggested:--
The Government do not consider that the number of Uriya students from the Gargan district is so large that the number does not seem to justify the establishment of a hostel for them. Further the policy in these matters is only primarily an affair of private enterprise and, so far as possible, from the financial point of view, it is not possible to establish a hostel for them.

(a) From Table IX appended to the Census report, 1911 it is observed that there are nearly 55 castes among the Oriya speaking people. The additional member apparently refers to the main and important divisions. There is no information as to the customs, manners and habits of life of these castes.

(b) No information is ^{also} available as to the number of members of the Oriya Community at Madras who would require hostel accommodation. According to the Census ^{of 1911} ~~there~~ there were only 92 males of the Oriya Community in Madras and how many of these were studying in College is not known. The number of ~~Oriya~~ ^{from the Ganjam district} students in 1913-14 in the Presidency College, the Law College and the College of Engineering was 7, 5, and 5 respectively, making in all 17. No separate statistics have, however, been furnished as to the Oriya speaking students alone. Even if all the students from the Ganjam district were Oriyas, the number does not seem to justify the consideration of the question of the establishment of a separate hostel for them. Further the policy in these matters is to rely primarily on private enterprise and to assist it, if possible, from the Provincial grants - cf note flagged (J)

2. It is submitted that a consolidated answer for both the clauses may be given, dealing more with the main portion of it in clause (b). The following is suggested:
"The Government do not consider that ^{at this} the number

Concerned or other
of students making such arrangements and the
circumstances of the case would warrant the
taking of action as proposed.

3. The D.P. I. may first be consulted w.o. as to
whether he accepts the proposed answer.

19.1.15. With D. P. I. please
advise. Consider to ascertain
how many Vignas
students there are
in Madras?

D. P. I. Uo

No. 32 dated 26 January '15

In the absence of Mr. Stone in town, I take the liberty
of replying to the above query. On receipt of this no. reference, I
immediately called for a return of the number of Vignas studying in
all affiliated colleges and recognized schools in Madras City.
There are 12 Vignas studying in colleges and 2 in schools,
distributed as follows: Presidency College 3, Law College 3 each,
Pachaiyappa's College 2, College of Engineering 1; Wesley College
(School department) 2. The remaining institutions - 19 in number
- report that they have no Vignas studying in their schools or
colleges. The above answer may be accepted in its present form or
modified so as to contain the figures now furnished.

Educational Department
Submitted that the draft answer
as above may stand. It may be

Sub: to H.E. for approval.

Hostel for
Uriya students
in Madras City.

43 Q.—(a) Are the Government aware that the Uriya community has a four-fold division of castes corresponding to that obtaining among the other Hindu communities of Madras but that the former are entirely dissociated from the latter group by customs, manners and habits of life?

(b) In consideration of the above facts, will the Government be pleased to establish a hostel for the convenience of the Uriya student population in Madras?

43 A.—The total number of Uriya students in Madras is 14. The Government do not consider that either the number of students concerned or other circumstances would warrant their taking the action proposed.

A copy of the answer as given at the meeting of the Legislative Council has been added to the file which may now be closed. A draft order is placed below.
