The numbers of the questions given by the Additional Member are incorrect. They ought to be 105 and 106 and Educational is concerned only with the latter.

2. The report of the D.P.D. explaining the circumstances in which recognition was refused to the Sitaramachand Vilas Technical Institution, Virgianagar, will be found on pages 5-7 of G.O. 923 Sd, the 7<sup>th</sup> August 1914. On receipt of the report, the question of furnishing a copy of it to the Additional Member was specially considered. It was thought not expedient to print the papers in extenso and lay them on the table, but that the Addl. Member might put a further question at a subsequent meeting should he choose to do so. In this view the papers were merely recorded.

3. The Additional Member having now asked for a copy of the report, it is for consideration whether a copy may be laid on the table. As already observed it seems inexpedient to furnish the entire report. The portion marked in red chalk in para. 1 of the Director's letter relating to Y.M.C.A., Madras, and the whole of para. relating to the School of Commerce, Calicut, may be omitted and the rest printed and placed on the Council table.

4. If this view is concurred in, the following draft and is suggested for approval:—

## APPENDIX VI.

[*Vide* Answer to Question No. 80 asked by the Hon'ble Mr. K. R. V. Krishna Rao at the meeting of the Legislative Council held on the 2nd February 1915, page 20 *supra*.]

*Copy of letter from the Director of Public Instruction, Ref. on Cur. No. 5025, dated the 21st July 1914.*

With reference to Government Memorandum No. 1686-1, Educational, dated the 28th May 1914, I have the honour to state that when the correspondent of the Sitaramachandra Vilas Technical Institution, Vizianagram, applied in March 1912 for the recognition of the school, he was informed that the recognition sought for was no longer necessary. Since the revision in June 1910 of article 6 (1) of the scheme relating to the Government Technical Examinations permitting candidates possessing certain minimum general education qualifications to appear for the Government Technical Examinations irrespective of whether they were pupils of recognized institutions or not, it has not been considered necessary to recognize commercial institutions, and whenever correspondents of such schools apply for recognition they are informed accordingly. The policy now adopted by the department is to refuse recognition and aid to commercial institutions *aliter* to ignore them so far as recognition and aid are concerned, and I should certainly prefer to maintain this attitude. Shorthand and Typewriting may be taught with much greater advantage as part of a general education than in special institutions, and we therefore seek by all means in our power to encourage their being taught as parts of the secondary course. These private institutions which admit persons who have undergone the minimum of scholastic discipline are in direct competition with our effort to popularise commercial subjects as part of the Secondary School Leaving Certificate course and we cannot consistently aid them. By allowing their pupils to come up for the Government Technical Examinations we are doing as much as can be expected, since the department is putting no hindrance in the way of people who wish to acquire and teach these arts purely in the way of business.
