Recording extracts
Bellaray D. & Conference
D to Consider the
Girls' Schools in the

EDUCATION.

(Collegiate Education).

X I That the proposed College for the Ceded Districts be located at Bellary.

II (Secondary)

That this Conference is of opinion

X (a) That complete secondary schools be established in the Municipal Towns of Adoni and Hospet and that their net cost be borne by Government.

X (b) That incomplete secondary schools be established at Hadagalli, Kudligi, Rayadrug, Alur, and Siruguppa.

X Local Board School
X (c) That the secondary school at Harpanahalli be provided with a ~~school~~ hostel.

III (Elementary)

That this Conference is of opinion

X (a) That to encourage literacy in the District, free and compulsory education be introduced and that an attempt may be made in the Bellary Municipality to begin with: and that the Government may be requested to introduce legislation on the lines of Mr. Gokhale's Bill.

X (b) That the minimum pay of teachers in all elementary schools maintained by the Local Boards be at least Rs. 12.

X (c) That the discrimination between the elementary and the secondary education is so very rigid as to retard the free progress of boys from the elementary into the secondary course and that the Government be requested to remove the necessary restrictions.

X (d) That a training school for the Canarese-teaching teachers be established in one of four western taluks.

IV

Girl's Education.

That this Conference is of opinion

- (a) That the incomplete secondary school for girls at Brucepetta ^{Bellary} be raised into a secondary school and that a suitable building for the same be provided at an early date.
- (b) That Girls' Schools be started at all Taluk Headquarters where there are none at present.
- (c) That a training school for training women-teachers be established at Bellary.

V

Scholarships.

That this Conference is of opinion that in consideration of the backwardness of the District ^(Bellary) in the matter of secondary and collegiate education, special consideration may be shown to the District by giving more scholarships to poor and deserving students of the District in secondary and college classes.

VI

Technical Education.

That this Conference is of opinion that an industrial school for training fitters and engine drivers and for teaching carpentry and weaving be started either at Bellary or at Adoni.

VII

General.

That this conference is of opinion that the study of the vernaculars be made compulsory throughout the secondary and college courses.

VIII

Agriculture.

That an agricultural school for the benefit of the agriculturists be started in the Ceded Districts.

There is no in complete secondary school
for girls at Brucepeta but there is an
elementary girl school at that place
with the 7th standard as the highest
It has a strength of 98 pupils &
the school is managed by the London
Mission Society. There is no proposal
to raise it to a secondary school.

Public Department.

Bellary District Conference.

(G.No.440) From the President, Reception Committee
of the Bellary District Conference, dated the
18th January 1915.

For the U.S.

The accompanying extracts from the reso-
lutions passed at the First Bellary District Confer-
ence, 1914, may be sent to the *Educational*
Department for necessary action. The receipt of
the Resolutions has been acknowledged in this depart-
ment.

G. V.

Public No. 440-1
28.1.15

To the Educational Dept. No.

29.5.1915

Resolution No.I- Location of the Ceded Districts

College at Bellary:- The question of the location of this College is separately under consideration. The opinions of the local bodies concerned have been invited. No separate action is necessary on this resolution at present. This opinion will be considered in connection with the main file.

Resolution No.II - Secondary education.- In

regard to secondary education, the policy of the Government is to ~~the~~ rely on aided agency. The local bodies or some other private agency concerned should move in the first instance in the matter referred to in the resolution and then apply to the Government for aid. No action need therefore be taken on this resolution.

Resolution No.III- Elementary education (a)Free and Compulsory education:-

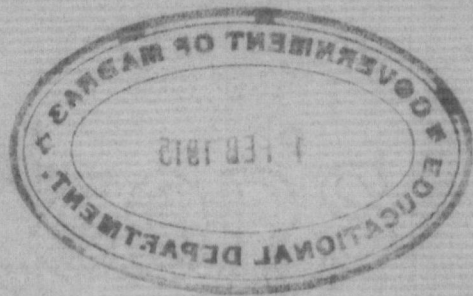

In their ^ceducational policy the Government of

India have observed that free and compulsory primary education is not practicable at present.

(b) Raising of the minimum pay of teachers to

Rs.12.

It was only recently that the minimum pay of teachers was raised to Rs.10. Funds are not at present available for raising this minimum further.

para. 10-12 of
l.p. no 394 Vol 1
1.5.13

l.p. no 715 Vol 5
5.8.13

(c) Distinction between secondary and elementary education:-

The question whether any modification is necessary in the ~~MM~~ distinction between elementary and secondary education which exists at present, is under the consideration of the Director of Public Instruction and a report is due from him on this subject. No. separate action need now be taken on this resolution.

Resolution No. III (d) nEstablishment of a training school for Canarese ~~MM~~ teachers in one of the four western taluks.- There is already a Government Training School at Bellary and Canarese is used there. It has not been shown that this school is inadequate for the needs of the ~~district~~ ~~of Education~~ and no reasons have been given for the establishment of a second school. ~~As~~

~~to be considered.~~ The suggestion need not therefore be considered.

Resolution IV (a).- There is only an elementary girls' school at Brucepeta and it is under the management of the London Mission. It is for that body to raise it to the secondary grade and provide it with a suitable building if necessary.

Resolution IV (b).- There are girls' schools at all Taluk head quarters in the Bellary district except

at Sirugappa. In fact in the Sirugappa taluk there are no girls' schools. The D.P.I. may ~~may~~ be requested to consider the advisability of opening a girls' school at Sirugappa. At the instance of the Finance Committee a recurring grant of Rs.20,000 has been entered in the next year's budget for the opening of girls' schools.

Resolution No. IV (c) .- Establishment of a training school for training women teachers at Bellary.- One of the suggestions made at the conference held by His Excellency the Governor with the educational officers of the Anantapur and Bellary districts during the recent tour was that a training school for mistresses might be established at Anantapur. In his letter dated the 30th October 1914 the D.P.I. pointed out that no such school was necessary, as the number of teachers available for training in the ceded districts was very small and other arrangements were already there to meet the existing ~~needs~~ ~~needs~~. The proposal was accordingly dropped. The reasons urged in the case of Anantapur hold good ~~in~~ in the case Bellary also. No action need therefore be taken on this resolution.

Resolution V.- Scholarships.

Please see statements (45) and (81) on

pages 62 and 76 of Vol. II of the Public Instruction Report for 1913-14. It should be admitted that the Bellary district is backward in point of secondary education of boys ~~mm~~ as well as of girls. Though similar figures are not available in respect of collegiate education, it may perhaps be presumed that in this ~~report~~ ^{respect} also the district is backward.

The distribution of the scholarships available for secondary and collegiate education is not on ~~mm~~ ^a territorial basis, but they are awarded only to pupils of promise whose pecuniary circumstances are certified to be such as to require assistance, the claims of the community most in need of aid being first considered.

It does not appear that this principle should be altered. The number of the scholarships available in secondary schools and colleges in general have been increased recently and the increase would benefit the Bellary district in common with other districts. No further action appears to be called ^{for} ~~in~~ the matter now.

Resolution VI.- Technical education. The

policy of the Government is to rely on ^{mainly} aided agency for the opening of industrial and technical schools. The initiative in the establishment of an industrial school

cf. sec. I of
the Scholarship notification

Preamble to ~~do~~

L.P. no. 701 Edl (B)
30.7.13

of the kind recommended in the resolution should be taken by ~~the conference itself~~ some ~~private~~ private body.

The Government propose at present to concentrate their efforts in this direction in important places. No action seems therefore to be called for at present on this.

Resolution VII. ^{Vernacular study} The question of making the study of ^{the} vernaculars compulsory in College courses is one for the decision of the University. Though that body decided that such compulsion was ~~unnecessary~~ unnecessary, they have introduced some changes so as to give more importance to the ~~study~~ study. Following that decision the Government have approved of the Director's proposals for the improvement of the study of ^{the} vernaculars in school courses by introducing text books and a ^{medium of} ~~modern~~ grammar. Definite recommendations in that regard have been called for from him and their receipt is awaited. No further action is therefore necessary.

Resolution VIII. This is a matter for the ~~Revenue~~ Revenue Department to deal with. An extract ~~may~~ may be

forwarded to that department for necessary action.
