The question mainly concerns the Educational Dept. There are only three medical institutions which are affected by the stoppage of grants and these, it is understood, will continue to work in spite of ^{such} withdrawal of ~~the grants~~. They are

1. Basal German Mission Hosp at Coimbatore
2. " Dispensary at Payyanur
3. " " at Vaniyankulam

For orders whether the Educational Dept may be requested to incorporate the above information in the answer which they propose to give.

(a) The following statement gives the number of aided educational institutions managed by German

Missionaries :-

Colleges ..	1
Secondary schools	22
Elementary schools	266 266
Training schools	4

293

The above figures exclude Basel Mission elementary schools. As the number of Basel Mission elementary schools given in the statement furnished by the Director of Public Instruction with his letter No.23 (Confidential) dated the 20th April 1915 includes also unaided elementary schools, it is submitted that the Director of Public Instruction may be requested U.O to furnish at a very early date the correct figures relating to aided elementary schools.

2. Similar figures relating to industrial schools are not available in this Department. The Director of Industries may be asked, by telephone, to furnish them :-

"Please furnish Government, as early as possible, "with a statement showing the number of industrial "institutions maintained by German Missionaries to which "assistance was hitherto rendered from public funds. The "information is required for a reply to a question "proposed to be asked at the meeting of the Legislative

Council

3. The information given on page 2 ante as to medical institutions may be incorporated in the answer to be given.

4. As regards clause (b) of the question it is submitted that the report called for from the Director of Public Instruction in paragraph 2 of G.O.No.686 Edl., dated 25th June 1915 has not yet been received and and no arrangements as to the future management of the institutions under reference have been made.

5. Perhaps the Hon'ble Member may be informed that the subject is under consideration. The Director of Public Instruction may be consulted u.o. in regard to this also.

The Director has not furnished the figures asked
for in para. 1 of the note on the previous page. For orders
whether he may be asked by telephone to furnish
the number of aided elementary schools under the
management of the Basel German Mission.
Subject to correction on receipt of these figures
a statement is submitted.

2. The Director's suggestion to mention the names
of the Missions in the answer is also for orders.

3. The file may be submitted to H. E. for the
approval of the answer.

The draft answer on page 4
is submitted for approval subject to
correction of the figures on receipt of
further information.

With reference to the D. P. D. note
above I have substituted 'grant' for

'ed'. It is difficult to bring the mission in since a single order will not cover all the institutions under the same mission eg. the Basel mission schools and hospitals are being dealt with quite separately from one another.
