- (B) Please see G.O. No. 2734 Revenue, dated the 18th August 1910, in which the Govt. decided to develop with State aid the St. Aloysius' Industrial School at Vizagapatam. The terms finally settled will be found ~~in~~ in the Correspondent's letter printed on pages 2 & 3 of
- (F) G.O. No. 728 Est., dated the 9th August 1912. One of the conditions of aid was that the management should allow Govt. to nominate twenty pupils of any caste or creed. ~~for admission to the school.~~ The scheme settled in the above G.O. was not, however, given effect to. ~~As the~~ The site required for the construction of additional buildings has been acquired, but ~~the~~ further progress was ~~for~~ interfered with owing to the fact that the management did not give the undertaking required by Mr. Dresser to provide a competent Superintendent in case the present Supt., Bro. Smole, left the school.

(Papers relating to the scheme are in a file which is in the file.)

At the beginning of this year, however, Mr. Treacher proposed that the Govt should construct a factory for the school & lend it to the mission while the development of the school itself should be left to the management. He proposed that the savings anticipated & in the current year's provision for grants-in-aid of industrial schools should be utilized on the construction of the factory. It was also proposed that a new site adjoining the school should be acquired by Govt for the construction of the factory. H.E. the Governor, however, ~~did~~ remarked that the scheme for the establishment of the mechanical engineering school at Cocanada should first be given effect to before considering the question of the ~~construction~~ development of the St. Aloysius Industrial School, Vizagapatam. He

also directed that the new
land selected for the ^(of the latter school) factory
should be acquired at once
but that further consideration ^(of the scheme)
for ~~the~~ development of it should
be postponed pending the
issue of orders on Mr. Trevelin's
Draft Technical education
code. ~~Thereafter~~ This code has
been revised & has been sent
to Mr. Trevelin for remarks.

2. The question asked by
the Additional member is
based on the original scheme
by which twenty pupils of
whatever caste or creed would
be nominated by Govt for
admission to the school.
But as this scheme has not
been proceeded with & that
no other scheme has been
sanctioned the Additional
member may be told that
as follows:—

Clause (a) of the "Arrangements for the develop-
ment of the St. Aloysius Industrial
School, Vizagapatam ^(with stipend) have not
yet been completed."

It may be noted here that the latest annual report of the Director of Industries does not contain figures as to the number of students in the Vizagapatam school. ~~or the~~
