SUBJECT. Purchase of a Table Spectroscope direct from the dealers in Europe.

From the D.P.D. No 8694/15 d 12.11.15

Register No. 4110 Edl

The D.P.D. requests the sanction of Govt. for the purchase from Europe direct from the dealers, of one Table Spectroscope at a cost of 32 £, for the use of the Science Laboratory of the Govt. College, Rajahmundry. The Govt. of India have authorised that Chemicals and Scientific apparatus of Small Value required by Govt. Schools and Colleges, which do not require careful inspection and testing, may ~~in future~~ be purchased direct outside India without the intervention of the Stores Department of the India Office - vide para 1 of India's letter on p. 2 of G.O. No. 229 Fint. d 26.3.13. But a Spectroscope of the value of 32 £ does not appear to come under Scientific apparatus of Small Value, seeing that the previous sanction of Govt. is required for the inclusion by the D.P.D. in the indent for Europe Stores on the D.G. of Stores, of any

of any article of the value of £25 or over.

W - Vide para 5 of G.O. No. 355 Fint. D. 20.8.10 -
 Under rule 7 (iii) of the Stores rules - on page 3
 of G.O. No. 548 Fint. D. the 12th August 1913, ~~the~~
~~the D.P.D. and certain other officers~~ articles for
 experimental ~~or~~ research purposes required
 by the D.P.D. and certain other officers, may
 be purchased direct from outside India. But
 it seems doubtful ~~whether~~ the Spectroscope
 is question can be ~~considered as an article~~
 to be used for ~~experimental or research purposes~~
 experimental or research purposes. The D.P.D.
 does not also explain the necessity for purchasing
 the apparatus direct from the Dealers in England
 instead of obtaining it through the India Office
 as usual. In these circumstances it is ~~not~~
~~consideration~~ ^{for} whether the D.P.D. may be told that the
 Spectroscope ~~may be~~ being of a high value
 should be purchased only through the Director
 General of Stores. Perhaps the Fint. Dep^t
 may be requested w.o. to advise ~~whether~~ whether
 the Spectroscope of the value of £32 can be
~~placed~~ as an apparatus of small value, ~~or~~
 an article for experimental or research purposes.

With reference to the note above,
does the D. P. 9. pass his request?
If so will he please state his reasons?

No. 181 29.12.15

The reason for asking for direct purchase
was that it was supposed that the ap-
plication in question would be for out-
come and my scientific advisor said
that it did not need direct testing by the
Hos. Department. I do not wish to
bureaucratize the request. The matter has been
explained in a telephone message
to Shipton on 2.12.15.
