EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department (through the Accountant-General).

Dated—Madras, the 12th November 1915.

No.—Ref. on Cur. 8419.

With reference to paragraph 2 of G.O. Mis. No. 410, Educational, dated 20th April 1915, I have the honour to state that the Inspector of European and Training Schools to whom the question was referred reports in consultation with the Inspectors of Schools, second, third and fifth Circles, that the establishment of a Government Muhammadan lower elementary training school for masters at Vellore will supply a real want and will afford facilities for the training of Muhammadan teachers of the Bellary, Cuddapah, Anantapur, Chittoor, North Arcot and Salem districts many of whom cannot at present secure admission into the existing Government Muhammadan training schools at Madras and Guntūr. At present the Muhammadan teachers in the Bellary and Vellore Muhammadan ranges who are desirous of undergoing training have to go either to Guntūr or to Madras. As the cost of living at Madras is comparatively high and the number of students seeking admission into the Muhammadan training school in that city are generally far in excess of the number of stipends available the teachers who cannot secure admission at Madras have no other option but to go to the temporary Muhammadan training school at Guntūr. But even here the number of seats available for them are very limited, seeing that the school is intended mainly to cater for the Muhammadan elementary teachers employed in the Vizagapatam and Guntūr Muhammadan ranges. Further the Inspector of Schools, Fifth Circle, states that there seems to be, an awakening of interest in education among the Muhammadans of the North Arcot district probably due to the existence in Vaniyambādi of the only complete secondary school in the Presidency outside the city of Madras.

In view of the above considerations I think that the North Arcot district is more suitable for the location of the training school than any other district, and accordingly beg to recommend that a lower elementary training school for Muhammadans be opened at Vellore temporarily for a period of three years from the 1st April 1916 and that the following staff be sanctioned :—

	RS. per mensem.	RS. per year.
Headmaster	75	900
Assistant who will also teach drawing.	40	480
Drill instructor	20	240
Peon	7	84
	<u>142</u>	<u>1,704</u>

The other charges will be as shown below :—

Wages of sweeper	4	48
Rent	75	900
Stipends (for 20 students at Rs. 10½).	315	3,780
Other contingencies	..	251
Total recurring cost per year	..	6,682

	RS.
Recurring cost per year	6,682
Non-recurring { furniture, etc.	RS. 900
Library	300
	<u>1,200</u>
	7,882
	or 7,900

No provision has been made for a separate model school as the Inspector of Schools, fifth Circle, reports that it will be possible to utilize a municipal elementary school in the town as the model school for the proposed training school.

The cost will be met from the special recurring grant of Rs. 30,000 for Muhammadan education.

2. I beg to suggest that the proposal approved in G.O. No. 729, Educational, dated 3rd July 1915, for the establishment of a training school for Muhammadans at Trichinopoly either in addition to or in lieu of the one proposed to be started at Vellore be allowed to lie over for the present at any rate until the experiment at Vellore has had a fair trial.

II

Endorsement of the Accountant-General No. N.A. 1-17225, dated 22nd November 1915.

Forwarded with the report that there is no audit objection to the proposal being sanctioned.

H. BHIMASENA RAO,
Deputy Accountant-General.

To the Secretary to Government, Educational Department.

Order—1430, Educational, dated 16th December 1915.

The Government sanction the proposal of the Director of Public Instruction to open a lower elementary training school for Muhammadans at Vellore for a period of three years from the 1st April 1916 and the employment therein of the staff recommended by him, subject to the modification that the pay of the peon will be fixed at Rs. 8 per mensem without grain compensation allowance. The Director will understand that the school must be financed entirely out of the recurring grant from Imperial funds of 30 lakh for the improvement of Muhammadan education.

NOTES CONNECTED WITH G.O. No. 1430, EDUCATIONAL, DATED
16TH DECEMBER 1915.[SUBJECT.—Opening of a lower elementary training school for Muhammadans
at Vellore.]

From the Director of Public Instruction, dated 12th November 1915, No. 8419.

Submitted that in the circumstances explained by the Director of Public Instruction, his proposal to open a lower elementary training school for Muhammadans at Vellore temporarily for a period of three years from the 1st April 1916 may be accepted.

2. The teaching staff proposed is numerically the same as that sanctioned for the institution at Guntūr and may be approved. There is also no objection to the scale

G.O. 736, Educational, 23rd June 1914. of pay provided except in the case of the peon. The salary of the Drill Instructor is less than that sanctioned for Guntūr, apparently as the former is not intended to teach drawing. The pay of the peon may, as in Guntūr, be fixed at Rs. 8 without grain compensation allowance.

3. The wages of sweeper and the house-rent seem rather high. Apparently the rates have been suggested with reference to local conditions. They need not therefore be objected to.

4. The annual recurring cost amounts to Rs. 6,682, while in the distribution of the recurring Imperial grant of Rs. 30,000 for Muhammadan education approved in G.O. No. 729, Educational, dated the 3rd July 1915, only Rs. 6,200 has been provided for a training school (at Trichinopoly). It may, however, be noted that the actual expenditure every year is not likely to exceed Rs. 6,200, as the school may not always have the full number of students (30).

The only expenditure that will have to be incurred in the current year is Rupees 1,200 for library, furniture, etc. This may be met from the balance in the provision of Rs. 6,200 made by the Director in the revised estimate for the current year for opening a training school for Muhammadans at Trichinopoly. The Director of Public Instruction has already surrendered Rs. 5,000 out of this provision and this amount has been resumed by Financial. The provision of Rs. 6,200 made in the budget for 1916-17 for the opening of a training school at Trichinopoly may be utilized for Vellore.

5. A draft order is submitted for approval. It may be sent to Financial for acceptance.

FINANCIAL DEPARTMENT.

The amount set apart for the opening and maintenance of a lower elementary training school at *Trichinopoly* out of the recurring Imperial grant of Rs. 30,000 for Muhammadan education is Rs. 6,200 per annum—page 6 of G.O. No. 729, Educational, dated 3rd July 1915. The extra cost involved in the present proposal for the opening of such a school at *Vellore* (the opening of a school at Trichinopoly is for the present to be held in abeyance and the funds intended for it are to be used for the Vellore school) for a period of *three years* from 1st April 1916 is as follows:—

	RS.
Recurring	6,694 per annum.
Initial or non-recurring	1,200

2. The rates of pay for the teachers and the rates of stipends for students and the scale of expenditure on other items, generally follow those adopted in respect of the Muhammadan Government training school at Guntūr and may be accepted—please see G.O. No. 736, Educational, dated 23rd June 1914.

3. *Provision of funds—1915-16.*—The expenditure, if any, will be under *non-recurring* items and necessary provision exists therefor—paragraph 4 of Educational Department note on page 1 *ante*.

1916-17.—The expenditure will be about Rs. 6,137 (11 months' charges) and can be met from the sum of Rs. 6,200 provided in the next year's budget for the training school at Trichinopoly.

4. As it is likely that the expenditure in 1917-18 and 1918-19 will exceed the sum Rs. 6,200 per annum, set apart for the purpose, Educational may be requested

That is that this school must be financed from the 30 lakh grant.

L.E.K.

to inform the Director of Public Instruction that such excess should be met by savings under other items for which the recurring grant of Rs. 30,000 is to be

utilized—page 6 of G.O. No. 729, Educational, dated 3rd July 1915. The draft order may otherwise be accepted.
