GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

Letter—from K. T. B. TRESSLER, Esq., Director of Industries.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 19th July 1915.
No.—B. 16.

I have the honour to submit herewith the application for building grant for the construction of a carpentry shed received from the Correspondent, Andhra Jatheeya Kalasala, Masulipatam, together with the plans and estimates and other records. The grant applied for may be sanctioned if the plans and estimates meet with the approval of the Chief Engineer. The expenditure can be met from the allotment for building grants provided in the current year's budget.

II

Note by the Chief Engineer, Public Works Department, No. 8750-C.,
 dated the 15th December 1915.

The Director of Industries submits through the Educational Department four plans and detailed estimates (in duplicate) amounting to Rs. 4,078 for constructing a carpentry shed (with a compound wall) attached to the Andhra Jatheeya Kalasala, Masulipatam, Kistna district.

2. The plans and estimates have been examined in the Chief Engineer's office and the following alterations carried out :—

- (1) Correcting the sizes of the truss members where necessary.
- (2) Providing brick in lime mortar instead of brick in clay, for foundations and basement and for one foot around openings and at top of walls in superstructure.
- (3) Re-arranging doors and windows and substituting windows for shelves provided for in one of the end walls.
- (4) Reducing the height of compound wall from 8 feet to 6 feet above ground level.
- (5) Providing an open space of about 20 feet between the proposed shed and the existing workshop so that they may derive the full benefit of doors and windows with reference to light and ventilation.

3. By the above alterations the amount of the estimate has been reduced from Rs. 4,078 to Rs. 3,800.

4. The items of compound wall should not have been mixed up with the quantities in the main estimate.

5. It is for consideration whether the iron gate with double-headed rail standards provided for in the estimate may not be replaced by one of expanded metal with teak frames and masonry pillars and the iron trusses by wooden ones.

6. The Superintending Engineer, II Circle, should satisfy himself as to the nature of the soil and suitability of the foundations provided.

7. With the above remarks the plans and estimates amounting to Rs. 3,800, as altered in the Chief Engineer's office are recommended for approval.

S. B. MURRAY,
 Chief Engineer, P.W.D.

Order—No. 1437, Educational, dated 18th December 1915.

The Government are pleased to sanction a grant not exceeding one half of the actual expenditure, nor Rs. 1,900 towards the cost of constructing a carpentry shed (with a compound wall) attached to the Andhra Jatheeya Kalasala, Masulipatam, subject to the following conditions :—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted ; and

(2) that all the conditions prescribed in the Grant-in-Aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O. No. 1437, EDUCATIONAL,
DATED THE 18TH DECEMBER 1915.

[SUBJECT.—*Application for building grant on behalf of the Andhra Jatheeya Kalasala, Masulipatam.*]

From the Director of Industries, No. B. 16, dated 19th July 1915.

The authorities of the Andhra Jatheeya Kalasala, Masulipatam, submitted towards the beginning of this year plans and estimates for the construction of a moulding and smithy shed for the school and requested that the Government might sanction a half-grant. As the scrutiny of the plans and estimates could not be effected before the close of the official year 1914-15, and as the grant was to be met

from that year's allotment, the Government sanctioned the payment of a grant of Rs. 1,525 being half the estimated cost of the shed, in advance of the scrutiny of the plans and estimates and stated that separate orders would issue on the latter. The plans and estimates when scrutinized later on by the Chief Engineer were found to require revision and were accordingly returned to the school authorities. In their reply received recently they have stated that the construction of the shed has already been completed and that the suggestions of the Chief Engineer could not therefore be adopted fully. The Secretary noted in that connection that an officer of the Public Works Department should inspect the building and report on its suitability and stability and the expenditure which it might be taken to represent. The file was sent to Public Works Department on the 17th instant.

2. The school authorities now submit plans and estimates for the construction of a carpentry shed for the school. The total amount of the estimate is Rs. 4,077-8-8. If the estimate is approved by the Chief Engineer, the school will be eligible for a

Article 54 of the Grant-in-Aid Code. building grant of half the estimate, i.e., Rs. 2,039. The Director recommends the grant. It is submitted that the plans and estimates may be forwarded to the Public Works Department u.o. for scrutiny in the first instance.

S.K.—23-7-15.

C.R.—23-7-15.

Will the Public Works Department please advise?

For a building of this nature I should have thought that as much light and air as possible was necessary and that perhaps part of the brick walls might be replaced by expanded metal.

C. G. TODHUNTER—26-7-15.

To the Public Works Department.

NOTES TO G.O. 1437, EDUCATIONAL, 18TH DECEMBER 1915.

PUBLIC WORKS DEPARTMENT.

Note by the Chief Engineer, Public Works Department, No. 8750-C,
dated the 15th December 1915.

The remarks of the Chief Engineer on the estimate and plans are contained in his note read above. The file may be returned to Educational u.o. for the issue of orders.

T.P.S.—13-12-15.

P.RAU—13-12-15.

D. MARSHALL—13-12-15.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The amount of the estimate has been reduced from Rs. 4,078 to Rs. 3,800 by the alterations made by the Public Works Department in the plan and estimate.

Half of Rs. 3,800.

The grant admissible is therefore only Rs. 1,900. It is stated in the application that the carpentry classes have so far been held in a thatched shed which has become insufficient for the needs of the institution. It is therefore for orders whether the grant of Rs. 1,900 may not now be sanctioned. Mr. Tressler will be able to meet it from his budget. Subject to approval, a draft order is submitted.

S.K.—16-12-15.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
