To

THE SECRETARY TO THE GOVERNMENT OF MADRAS,

EDUCATIONAL DEPARTMENT,

FORT ST. GEORGE, M A D R A S.

Sir,

I am<sup>a</sup> British resident residing at Devakotah, Ramnad District worth about ~~lakhs~~ lakhs, and I pay kist and incometax to the extent of Rs. 4000 annually to the British Government. I own a paper making Factory at Punalur, worth about 3 lakhs which I got in auction sale for Rs. 62,000/- during the year 1914. We made some experiments, of our own accord which proved to be of no avail, and we are now very anxious to start pulp making with the advice and cooperation of Government.

I therefore beg to approach Government with the request that it will be pleased to direct the Director of Industries, to give us the necessary technical advice in the preparation and disposal of the manufactured article, and in placing the services of a Supervisor, a Chemist or Pulp Expert for the conduct of the experiments, for at least a period of one year. I am prepared to bear the charges of Raw material and labour required in the preparation of pulp. On the completion of experiments, which will give us definite working data, I am prepared to do the work on a Commercial Scale.

I beg to remain,

Sir,

Your most obedient servant,

*M. A. R. N. Ramanatha Chettiar*
