Ref. on Cur. No. 68/15,

Station Madras , Dated the 28th January 1915

From (Name) The Hon. Mr. J. H. Stone, M.A., F.R.H.S., C.I.E.
 (Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
 Educational Department.

Sir,

Corporal P.F. Macdonald one of the military students of the College of Engineering who is at present undergoing practical training and who is anxious to rejoin his regiment having enquired the Principal whether he would be granted the diploma awarded to an upper subordinate engineer if he voluntarily terminated his course, Mr. James recommends the application on the ground, that, under the existing circumstances it is not expedient in cases of this kind to insist

sa

on the full twelve months' training prescribed in rules 17, 21, 46 and 71 of the College rules. In the event of his proposal to relax the rules as a special case being accepted, he points out that the diploma might be granted with the actual period of practical training gone through entered in the space provided therein for the purpose. In the special circumstances of the case, I consider the Principal's recommendation to be reasonable and have accordingly the honour to support it. Corporal Macdonald, it may be observed, has now undergone practical training for about seven months and a half and by the time he reverts to his regiment he may probably have done an extra months' course.

I have the honour to be,

S i r,

Your most obedient servant,

O. Krishna Rao

for Director of Public Instruction.

SUBJECT.

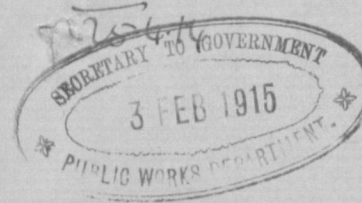

Granting diploma to a military student in the Engineering College who has not completed the full practical course

From The D.P.D. no 68 of 28.1.15

Register No. 347 Edl.

~~Forwarded~~ Submitted that, in the circumstances explained, the proposal to grant the diploma to the military student may be approved, if the Chief Engineer, P.W.D., sees no objection. There is no precedent for this cause. It may, however, be noted that ^{in March last} ~~the~~ with a view to meet the demand for a large number of upper subordinates, the practical course ~~was~~ of the students was terminated at once and they were permitted to accept appointments, the ~~period of~~ service under the P.W.D. being allowed to count towards the full period of the practical course

For the under Secy.

Corporal P. A. Macdonald is the fourth Apprentice overseer now on practical course and as such, is not likely to get a guaranteed appointment here. He joined for practical Course on 11.6.14, and his work so far has been satisfactory.

2. In the circumstances, there seems to be no objection to the proposal to grant the diploma to him ^{before} ~~when~~ his practical Course is completed.

3. The file may be returned to the Educational Dept. with the above remarks.
