BELGAUM,

I know J. Frost and his family. He is a promising boy and likely to do well if he gets a chance. The circumstances of his family make it necessary that he should get a scholarship if he is to study in England. In my opinion he should do well there. He is a fit person for a scholarship.

THE PRESIDENCY COLLEGE,

THE PRESIDENCY COLLEGE,
MADRAS, S.E.
27th January 1915.

I understand that Mr. J. A. Frost, student in the third year class of this college, reading for the B. A. degree examination, has applied for a State scholarship to enable him to proceed to England, where he wishes to take the honours school of English Language and Literature at the University of Oxford: during the year that he attended my lectures and classes in English I have been pleased with his progress. I consider that he possesses intelligence, ability, and other qualities which would enable him to benefit highly by a course at an English University.

His character and conduct have always been all that could be desired. I understand that he has taken front in the college athletics. He has struck me as possessing a pleasant personality in such dealings as I have had with him. I therefore wish to recommend him very heartily.

J. Y. MACKINTOSH,
Additional Professor of English.

(6)

THE PRESIDENCY COLLEGE,
MADRAS, S.E.
29th January 1915.

J. A. Frost has been a member of History class of the Presidency College from July 1914. His work shows distinct promise, he seems to have the intelligence and industry to obtain a sound degree at the end of his course.

He is a student also who takes a part in all the branches of college life. He is a useful member of the cricket and hockey teams.

He is applying for a scholarship which will enable him to continue his studies in an English University and I am confident that he is the type of student who would profit by such an opportunity.

E. W. GREEN,
Professor of History.

Mr. J. Frost has been a pupil of mine since he joined the Presidency College. He has great power of application and hard work and knows how to work up a subject for himself. I have also noticed that he writes extremely well.

I have had frequent opportunities of meeting him, and feel that he is quite the right sort of young man to make the best use of an education abroad. I have much pleasure in recommending him.

M. A. CANDETH,
Additional Professor of History.

ST. JOSEPH'S COLLEGE, BANGALORE,
29th January 1915.

I hereby certify that J. Frost was a student of this college for several years. His conduct and application were uniformly excellent. He passed the Intermediate-in-Arts Examination and was placed in the first class. He is a very good English scholar and gifted as he is, he should get on extremely well, if he were to get the scholarship for which he is now applying.

Principal.

ST. JOSEPH'S COLLEGE, BANGALORE,
28th January 1915.

Mr. James Frost, whom I taught in the ninth standard and in the senior Intermediate history class and with whom I had daily intercourse in our boarding establishment for four years, was a bright boy, active alike in the class-room and playground. He was one of the youngest candidates, who passed the High school in 1911, and in 1914 he took a first class in the Intermediate examination.

I have nothing but promise for his conduct at college and his exceptional courtesy, the result of careful home training. He was popular here and is still remembered as one of our best actors who did much to brighten our college festivities.

B. CHOLET.

ST. JOSEPH'S COLLEGE, BANGALORE,
24th January 1915.

It gives me much pleasure to bear witness to the abilities and character of Mr. J. Frost, who passed the Intermediate examination of the Madras University from this institution, in the first class in 1914. He was a hard worker and a wide reader. He was particularly strong in English and invariably occupied a very high position in his class. He was President of the College Debating Society and has made literary contributions to the college annual. I found in him a bright and cheerful disposition, and a gentlemanly bearing. He was regular in his habits and consistent in his work. He entered freely into the intellectual and athletic life of the college.

He is a young man of promise and I am sure that he will make the best use of any opportunity that may be afforded him.

F. A. SMITH.

(12)

ST. JOSEPH'S COLLEGE, BANGALORE.

Mr. J. Frost studied under me in the junior and senior Intermediate classes in the years 1912-14. I always found him in the front rank of students in my subject Histories (ancient and modern) and also in English Prose which I was teaching for some time. He fully came up to the expectations of his professors by securing a first class in the University examination. He was one of the very best of a few students who excite my admiration. Not a few of his contributions to the college annual have afforded a good deal of interest to its readers.

Having been asked by the applicant Master J. Frost, now residing at San Thomé, to certify to his moral character and his fitness for the State scholarship for Anglo-Indians to go to England I have much pleasure in certifying to his excellent moral character and his physical and mental fitness for the said scholarship. It may not be out of place to add that the young man passed his Intermediate in the first class and shows an intense desire to advance higher.

I firmly trust that the scholarship would be of immense use to the lad and that he would profit greatly by it and show great credit to its donors.

ST. JOSEPH'S COLLEGE, BANGALORE,

I hereby certify that J. Frost's conduct and character have been excellent during the three years he attended the college. He passed the High school in 1911 and was only 14 years of age at the time.

He is now studying in the senior Intermediate class. He always stood among the best boys in the class and every year carried off prizes. I am glad to recommend him for the scholarship he well deserves.

L. FROGER,
Principal.

(16)

SEACROFT, SAN THOMÉ.

My father, James Frost was, at his death, a First-class Military assistant surgeon of the Madras Subordinate Medical Department. He was born in Bellary, his father and mother being Europeans.

My mother Emma Frost is daughter of Captain M. F. Lobo of the Bombay Subordinate Medical Department. She married my father at Belgaum in February 1896. He died in February 1897, the year of my birth, leaving my mother dependent on the small pension given to widows of Military assistant surgeons, by Government. She is now living at Belgaum with her father Captain Lobo. Her Government pension plus the pension from Lord Clives Fund amounts to Rs. 40 only per mensem.

It is therefore impossible for me to go to England unless some scholarship helps me. Even to let me come to Madras for my degree, my grandfather has to help me plus the Madras Government scholarship I am now drawing, of Rs. 20 a month. I have therefore no chance of going to England without help from some scholarships.

J. A. FROST.
