Exo. No. 58 of 22.2.15.

As I am leaving tonight for camp the
Chief Executive will furnish the
information.

Jan 21. 11. 15.

A statement detailing the Grants in aid
to endow (German) missions for educational institutions
managed by them, which are of a recurring nature
(teaching grants and stipendiary grants) and are
met from Provincial funds is placed below.

The figures given are the average of the last three
years (1912-13, 13-14 & 14-15) in the case of teaching
grants to Secondary and to Training Institutions and
the average of the last two years (1912-13, 1913-14) in
the case of teaching grants to elementary schools
and also in the case of stipendiary grants to
training institutions ^{but in that case for the year} (1913-14, 1914-15). The

case of the Mission Training School, Teylore is an exception. It is really paid, and the figure £7380 is made up of £5580, actually sanctioned for stipending grants for the current year and of £1800, the estimated amount of teaching grant that would be payable to this institution annually under normal conditions. As a matter of fact, ^{maximum} a ^{percentage} of £2520 [$£420 \times 6$] is payable as teaching grant ^{alone} to this institution during current year, this having been specially sanctioned by Govt. for the purpose.

Local & Municipal funds give practically nothing to these missions for educational purposes. There are no figures available giving the detailed amounts that Local Bodies provide in the shape of Grants in Aid to German Mission Elementary Schools, but whatever it may be it is so small as to be negligible. Provincial Revenues meet almost the entire grant, i.e. all charges to these schools.
