GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

Letter—from the Hon'ble Sir A. G. BOURNE, D. Sc., F.R.S., K.C.I.E., Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 9th December 1913.

No.—Ref. on Cur. 8723.

I have the honour to submit the plans bearing Nos. 70 to 74 with estimates amounting to Rs. 31,011 relating to the purchase of two houses for the Scottish Ladies Association Girls' School, Georgetown, and certain improvements proposed to be carried out to make them fit for school purposes. The Superintending Engineer, V Circle, and the Executive Engineer, North Presidency Division, value the two houses to be purchased at Rs. 19,000 as against Rs. 21,011 estimated by the Correspondent. A copy of the Executive Engineer's letter No. 1836-S.E., dated the 22nd November 1913, with the valuation statement, are herewith submitted. The necessity for the proposed purchase is explained in the enclosed application. The school is higher elementary containing standards up to the seventh and I consider that it is not likely that so large a school could be adequately accommodated in Georgetown at a less cost. I therefore recommend that a half grant on the estimated cost may be sanctioned subject to the condition that the title to the property is found to be valid by the Government Solicitor.

ENCLOSURE.

Letter—from the Executive Engineer, North Presidency Division.

To—the Superintending Engineer, V Circle.

Dated—the 22nd November 1913.

No.—1836-S.E.

With reference to your No. 1371-N.P.D., dated the 10th October 1913, I have the honour to report that I inspected the building which it is proposed to acquire, yesterday.

The building is in fair condition. The ground floor which consists of small and badly ventilated rooms will need considerable alteration. Several walls will have to be demolished and steel girders inserted before the building can be considered safe. The first floor rooms are of fair size and in good order. The top storey walls are cracked and the roof in moderate condition.

The cost of rendering this house fit for school purposes will be fairly considerable. I presume it is the most suitable building in the locality.

Endorsement of the Superintending Engineer, V Circle, No. 1828 M., dated the 4th December 1913.

Copy forwarded to the Director of Public Instruction, with the plans and valuation statement, with reference to his No. 8723/13, dated the 2nd October 1913.

II

Note by the Chief Engineer, Public Works Department,
No. 2986-C., dated the 2nd April 1914.

The Director of Public Instruction submits through the Educational Department, detailed plans (Blue Prints) bearing Nos. 70 to 74 D.P.I. with estimates amounting to Rs. 31,011 * relating to the purchase of two houses and certain improvements thereof for the use of the Scottish Ladies Association Girls' School, Georgetown, Madras.

	RS.
* 1. Valuation statement	21,011
2. Improvements to the house ..	8,571
3. Miscellaneous charges	1,429
Total	31,011

II. The plans and estimates have been scrutinized in the Chief Engineer's office and the sizes of the rolled steel joists, floor and roof timbers, have been altered where necessary, as detailed in page 11 of the detailed estimate, for improvements, with the following further remarks :—

(1) The widths of the front verandah in door No. 40 measures 6', 5' 9" and 5' 4" to inside of pillars in the basement, first and second floors respectively. The reason for the decreased width of verandahs in the upper floors is not understood. If at all, the widths ought to increase in the upper storeys. Probably this is a mistake in the drawing.

(2) In the second floor of door No. 39 there appears to be one urinal in the place marked Q. The screen wall 9" thick and 7' high with its return, hatched in red, has apparently no bearing below. The pillars marked P.P. in the same floor should also have good supports under them.

(3) The rolled steel beams specified for the improvements in question are all very extravagant.

(4) Venetian windows with glazed heads (3' and 2') are provided on the first and ground floors at the places marked T and N and C.D. and G respectively. If these are likely to interfere with the light and ventilation of the school rooms, they should be omitted.

(5) A detailed report of what is proposed to be done should accompany the estimate.

(6) The plans are most confusing and they should have the walls coloured showing—

(a) existing work (b) new work and (c) proposed alterations. The one cross section of the building is also very indistinct and should be made easily readable. There should be two or more sections taken in different places in each of the buildings to show clearly the proposed alterations and additions.

(7) The rates for the following items appear excessive—

1. Zinc rain water pipes 4" semi-circular.
2. Teakwood wrought and put up.
3. Painting 3 coats.
4. Cement plaster $\frac{1}{2}$ " (1 : 3).
5. Plaster black boards.

(8) Portions of the buildings are classed as second and third class and valued at annas two and three respectively per cubic foot. These rates appear high for old buildings of this kind.

III. With the above remarks, the estimates and plans are returned by the Chief Engineer for revision.

S. B. MURRAY,
Offg. Chief Engineer, P.W.D.

III

Memorandum No. 3787-2, Educational, dated the 7th April 1914.

The plans and estimates relating to the purchase of two houses and their adaptation for the purposes of the Scottish Ladies Association Girls' school, Georgetown, Madras, received with the Director of Public Instruction's letter R.O.C. No. 8723, dated the 9th December 1913, are returned to him for resubmission after revision in accordance with the Chief Engineer's note No. 2986-C., dated the 2nd April 1914.

(By Order.)

C. S. ANANTARAMA AYYAR,
Under Secretary to Government.

To the Director of Public Instruction with plans and estimates
and copy of Chief Engineer's note.

IV

Letter—from the Hon'ble Mr. J. H. STONE, M.A., C.I.E., F.R.H.S., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—the 26th November 1914.

No.—Ref. on Cur. 8723 of 1913.

With reference to Government Memorandum No. 3787-2, Educational, dated the 7th April 1914, I have the honour to submit revised plans (in duplicate) bearing Nos. 176 (a) to 176 (d) and estimates (in duplicate) amounting to Rs. 31,090 relating to the purchase of two houses and their adaptation for the use of the Scottish Ladies Association Girls' School, Georgetown, Madras. One more copy of the plans will be obtained and submitted, if necessary.

2. The original plans and the valuation statement also are submitted herewith.

V

Note by the Chief Engineer, Public Works Department,
No. 820-C., dated the 1st February 1915.

The Director of Public Instruction submits for sanction, through the Educational Department, revised plans and estimates amounting to Rs. 31,090 relating to the purchase of two houses and certain improvements thereof for use of the Scottish Ladies Association Girls' School, Georgetown, Madras.

II. The plans and estimates have been scrutinized in the Chief Engineer's office and some minor alterations have been effected in the sizes of the floor and roof timbers as figured on the plans and estimates.

III. In the ground floor of No. 40 between rooms 3 and 4 and in room No. 6, teak beams are now provided instead of rolled steel girders.

IV. The value of the buildings and lands was given as Rs. 21,000 in the original estimate but now it is given as Rs. 23,970 in the revised estimate. The Executive Engineer, North Presidency Division, valued the two buildings and the lands at Rs. 19,000, to which if the other charges of transfer, registration, stamp and solicitor's fees, amounting to Rs. 970, are added, the total value will be only Rs. 19,970 against Rs. 23,970 provided in the revised estimate. The cost of acquisition thus exceeds the Executive Engineer's valuation of the buildings by Rs. 4,000.

V. With the above remarks, the revised estimates, as altered in the Chief Engineer's office, amounting to Rs. 31,090 are recommended for sanction.

S. B. MURRAY,
Chief Engineer, P.W.D.

Order—No. 212, Educational, dated the 24th February 1915.

The Government are pleased to sanction a grant not exceeding one-half of the actual expenditure, nor Rs. 13,545, towards the cost of acquiring two houses and certain improvements thereof for use of the Scottish Ladies Association Girls' School, Georgetown, Madras, subject to the following conditions:—

(1) that, in carrying out the work, the suggestions of the Chief Engineer in his note No. 820-C., dated the 1st February 1915, read above, are adopted;

(2) that all the conditions prescribed in the Grant-in-Aid Code have been duly complied with; and

(3) that the title to the property is found to be valid by the Government Solicitor.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

2. The revised estimates for the purchase of the two houses required and certain improvements thereof, as approved by the Chief Engineer amount to Rs. 31,090 ; but it is pointed out that the value of the buildings and lands is given as Rs. 23,970, which exceeds the Executive Engineer's valuation by Rs. 4,000. Submitted that the total estimate may be reduced by this amount, and a half grant amounting to Rs. 13,545 given as recommended by the Director of Public Instruction. A draft order is submitted for approval.

INSTRUCTIONS FOR THE SECRETARIAT.

- (a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.
- (b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.
- (b¹) For rules regarding printing of notes, see rule 315 of the office Manual.
- (c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.
- (d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.
- (e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

- (a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.
- (b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.
- (c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.
- (d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.
- (e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

* Copies distributed on ‡ (Press Clerk).
