GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from J. M. TURING, Esq., I.C.S., President, District Board, Kistna.
To—the Secretary to Government, Educational Department.
Dated—Masulipatam, the 14th January 1915.
No.—Ref. 965/D.B. of 1914.

I have the honour to state that out of the recurring annual provincial grant of Rs. 45,495 sanctioned to this district (please *vide* G.Os. No. 1113, dated 26th November 1913 and No. 1027, dated 31st August 1914), towards the maintenance of the Board Elementary schools opened in 1911-12 and 1912-13 in this district, an unspent recurring balance of Rs. 8,904 is remaining at the end of every year. It is understood that this is due to an over-estimate of the necessary cost of schools opened in those years.

2. The amount of the unspent savings anticipated at the end of 1913-14 was provided in the current year's budget for equipment to board schools according to the instructions in paragraph 5 of the G.O. No. 1113, dated 26th November 1913. As similar orders have not been received about the utilization of the amount expected to remain at the end of the current year out of the current year's grant, this amount in addition to the unspent grants sanctioned for other purposes, will appear in the special grant statement XIII of the current year's revised estimate and budget estimate for next year. It would of course be possible to cut down the grant in future, but it seems more desirable to open with the annual balance a few fresh schools.

3. The Inspector of Schools, II Circle, in his endorsement N.R.C. No. 336K, dated 24th October 1914, on the letter R.C. No. 591-Sup. of 1913, dated 21st October 1914, from the Assistant Inspector of Schools, Kistna district (copy enclosed), recommended the utilization of this excess recurring grant of Rs. 8,904 for starting new elementary schools in the district. The subject came up before the District Board at its meeting held on 30th November 1914, which resolved in its Resolution No. 278, to divide the grant among the taluk boards of Bezwada, Gudivada and Bandar in the proportion of $\frac{1}{2}$, $\frac{1}{4}$ and $\frac{1}{4}$ respectively subject to the sanction of the Government for opening new board schools. (Copy of resolution enclosed.)

I request therefore that the Government may be pleased to pass orders for utilising the excess recurring grant of Rs. 8,904 in the manner suggested by the district board as detailed above. On receipt of Government orders in the matter necessary proposals to start individual schools will be invited and submitted to Government for formal sanction.

ENCLOSURES.

(1)

Letter—from the Assistant Inspector of Schools, Kistna district.
To—the Inspector of Schools, II Circle.
Dated—the 21st October 1914.
No.—R.C. 591-Sup. of 1913.

I have the honour to bring to your notice the following.

2. In G.O. No. 1113, dated 26th November 1913, the Government sanctioned a subsidy of Rs. 45,495 for the maintenance of elementary schools opened in 1911-12 and 1912-13 to the district board, Kistna, while the actual expenditure according to the departmental calculations came up to Rs. 36,591 or Rs. 36,600 in round figure.

3. In my letter R.C. No. 591-Sup., dated 29th December 1913, to the President, District Board, Kistna (copy enclosed), I pointed out that there was an excess of about Rs. 9,000 over the requirement, as the sanction was based on a statement supplied by the district board without the knowledge of this office. This sum of about Rs. 9,000 was distributed among the different taluk boards to remain as the unspent balance for the current year and the Presidents of taluk boards now propose to spend this amount as well as another sum of Rs. 9,000 remaining with them in equipment. The board schools are being furnished year after year from separate funds and do not require this large expenditure.

4. I proposed in my letter R.C. No. 199 Sup., dated 11th May 1914, addressed to you, that a portion of this amount be spent in granting stipends to board schoolmasters sent for training, but no amount has been expended as it was ordered that the stipends for the current year would be paid from provincial funds.

5. Again in G.O. No. 1027, dated 31st August 1914, the same figure is repeated for the maintenance of schools opened in 1911-1912 and 1912-1913 and again a sum of about Rs. 9,000 is likely to remain unspent by the end of this year.

6. As this excess amount is sanctioned under a recurring grant, I recommend that a large number of board schools be ordered to be opened, to be maintained out of this grant or the amount be retrenched and only Rs. 36,600 be sanctioned year after year for the maintenance of the schools in question.

Endorsement N.R.C. No. 336-K of 1914.

Forwarded to the President, District Board, Kistna, with the recommendation that the unspent balances of the recurring subsidies referred to, be devoted towards the starting of board schools, as recommended by the Assistant Inspector of Schools, Kistna district.

Read G.Os. No. 1113, dated 26th November 1913 and No. 1027, dated 31st August 1914, sanctioning among other local bodies a special grant of Rs. 45,495 from Provincial funds for the maintenance of elementary schools opened in 1911-12 and 1912-13 in the district.

No. 215, EDUCATIONAL, 24TH FEBRUARY 1915.

Read also correspondence ending with endorsement N.R.O. No. 336-K., dated 24th October 1914, of the Inspector of Schools, II Circle, forwarding with recommendation letter R.C. No. 591-Sup. of 1913, dated 21st October 1914, from the Assistant Inspector of Schools, Kistna district, proposing to utilise the excess recurring special grant of Rs. 8,904 for starting new board elementary schools in the district.

Read also correspondence ending with G.O. Mis. No. 814, Educational, dated 11th July 1914, refusing to comply with the request of the Narasapur Taluk Board for a special increase of subsidy for education to that board, claimed in view of its high percentage of its expenditure on elementary education.

Read also note of the President, dated 28th September 1914, suggesting that the excess amount may be added to the amount of the annual grants in aid to the local boards in the district and to allot the surplus amount of Rs. 8,904 to the Bezwada Taluk Board in view of the higher proportion of its expenditure on roads when compared with any other board on this account and as it has the best claim for help in extending elementary education.

Resolution No. 278.—The Board, subject to the sanction of Government, would divide the grant in the proportion of half to Bezwada Taluk Board and other rest to Gudivada and Bandar in equal shares.

Order—No. 215, Educational, dated 24th February 1915.

The Government are unable to approve the proposal of the district board of Kistna to utilize, on opening new schools, the savings in the recurring grant sanctioned for the maintenance of the board elementary schools opened in 1911-12 and 1912-13. The grant to be sanctioned to the Kistna District Board for the maintenance of schools will be reduced by the amount of the savings with effect from 1915-16.

EDUCATIONAL DEPARTMENT.

In the first place it has to be noted that all the recurring grants up to date to local bodies on account of education from the Imperial and Provincial funds (excluding the usual subsidies) have been distributed almost fully and that no additional funds from the above sources are likely to be available for some time to come, in the present situation, for meeting recurring charges. Applications, however, continue to be received from local bodies for recurring subsidies towards the maintenance of elementary schools. The utilization of the savings in the recurring grants already sanctioned to local bodies has therefore to be considered carefully.

G.Os. No. 1091, Educational, dated 18th September 1914, and No. 1475, Educational, dated 23rd December 1914.

2. The first question for consideration in the present case is whether there is any immediate necessity for opening additional elementary schools under the Kistna District Board. From the Educational statistics for 1913-14, it is observed that in point of general Education (secondary and elementary) the Kistna district is in

a much better condition than many other districts. With the help of the subsidy, sanctioned in G.O. No. 942, Educational, dated the 11th August 1914, the district board would have opened under its management 18 more elementary schools, of which 17 were to have been newly started. The district board cannot have any claim to the surplus in question, as it was the result of an over, and probably wrong, budgeting on their part. The distribution of subsidies is made only on the criterion of need for education. It is not understood how the excess demand was admitted successively. It is for consideration, whether the unspent balance of Provincial grants amounting to Rs. 8,904 may not be transferred to some other needy local board with effect from 1915-16.

3. If the above suggestion is accepted, the next question for consideration is how the amount is to be distributed. The linked file contains an application from the Chittoor Taluk * Board for a grant of Rs. 3,000 per annum for the maintenance of certain elementary schools. An application from the Chandragiri Taluk Board for help towards the revision of establishment of certain elementary schools has been referred † to the Director of Public Instruction for remarks. These cases may be considered in connection with the distribution of the savings in the subsidy to the Kistna District Board.

* Since disposed of in G.O. No. 224, Educational, dated 26th February 1915.

† Since disposed of in G.O. No. 332 L., dated 2nd March 1915.

EDUCATIONAL DEPARTMENT.

The note referred to by the Director of Public Instruction is in the file immediately below. It only says that it is not possible to find additional funds in the current year for any further recurring subsidies. The present case does not deal with any request for additional funds; rather it deals with the disposal of additional funds. The Kistna District Board is being given an excess recurring grant of Rs. 8,904 to which it has no claim. If this amount is taken as available for distribution to other bodies, the applications from the Chandragiri, Chittoor and other taluk boards may be considered. It was for remarks on this point this file was forwarded to the Director of Public Instruction. It is submitted that this may be returned to him for reconsideration.

I agree that it is more important to provide for the continuance of the schools under the Chittoor Taluk Board and the revision of establishment of those under the Chandragiri Taluk Board than to open new schools in Kistna. This would absorb Rs. 5,112 of the Rs. 9,000 excess in Kistna. There are other similar proposals presumably to which the remaining money might be devoted. Apparently the Madanapalle Taluk Board also wants Rs. 3,000.
