No. E45

Station Madras, Dated the 19th December, 1914.

From (Name) K.T.B. Tressler Esq.,  
(Designation) Ag. Director of Industries,

To The Secretary to Government,  
Educational Department.

Sir,

I have the honour to state that the following schools to which Imperial Grants noted against them were sanctioned in G.O. No.1171 Edl./13-10-14, have either expressed their inability to spend the money within the current financial year or else have raised difficulties which will prevent anything being done before March 1915.

| Name of School. | Amount of grant sanctioned Rs. A. P. |
|-----------------|--------------------------------------|
|-----------------|--------------------------------------|

- |                                                       |          |

Telephone Message.

From

The Secretary to the Government  
Educational Department.

To

The Director of Industries.

Please refer to your letter No.E.45, dated 19th December 1914. As regards the grants of Rs.6,000 and Rs.1,500 sanctioned for building for the St. Joseph's School, Tindivanam, and for an oil engine for the Vellore Anjuman, respectively, please say whether in view of the fact that it may not be possible to find sufficient funds in the next year, it is not desirable to pay the grants in advance before the close of the current official year, provided that you are satisfied with the status of the management of the schools and that sufficient guarantee is obtained that the grants will be utilised on the objects for which they are granted and that the ordinary rules as to estimates and vouchers are complied with.

Station MADRAS., Dated the 20TH JANUARY 1915.  
28.

From (Name) K. T. B. TRESSLER, ESQ.,

(Designation) AG. DIRECTOR OF INDUSTRIES.

To The SECRETARY TO THE GOVERNMENT OF MADRAS,  
EDUCATIONAL DEPARTMENT.

Sir,

With reference to paragraph 2 of G. O. No. 727 Mis. Edl., dated 19th June 1914, I have the honour to state that the stores indented for in June last for the Leather Department have just now arrived and I request that the arrangements may be made for the payment of their cost during the official year. Sanction is accordingly requested for the allotment of Rs.10,237 (Rs.19,237-9000) in this year budget.

I have the honour to be,  
Sir,  
Your most obedient servant,

Ag. Director of Industries.

Rs. 4,000 provided out  
of Rs. 4,500 out of

in Rs. 2348 paid 1/24/14  
3-6-14 Hap R.

C.No.3989, from the Director of Industries, No.E.45, dated the 19-12-1914.

Subject.

Requesting sanction for the utilization of savings under certain items in the Industrial Education Budget for industrial experiments.

(K) In G.Os.No.1171, Educational, dated the 13th October 1914, and No.1338, Educational, (S) dated the 27th November 1914, the Government approved the proposals of the Director of Industries for the distribution of Rs.19,652 out of the Imperial recurring grant of Rs.21,000 for industrial and technical education. The Director now states that certain schools have expressed their inability to spend the grants sanctioned in the current year and anticipates a saving of Rs.8,848 out of the Imperial grant, which can be utilized for other purposes. He also points out that there would be savings of Rs.3,570 and Rs.380 from the provision made for furniture and + teaching grants, respectively, for the

current

20,200 - 528 = 19,652

6000  
1500  
1348  
8,848

page 2 of 4.

3 G.O. 423 dated 3.11.14 - Rs 8000  
+ Rs 20,000. included in the sum  
of Rs 51,000 (p 199.C.B.E)

current year. Mr. Tressler requests sanction for the utilization of these savings amounting in all to Rs. 12,798 in "educating the ryots to appreciate improved machinery".

2. In the first place, the surrender of the three items amounting to Rs. 5,298 and representing the unallotted balance of Imperial grant and savings out of furniture and teaching grants, seems inevitable. Mr. Tressler has not apparently got any other educational proposals for their utilization.

3. As regards the diversion of the grants (6,000 + 1,500 = 7,500) sanctioned for a building for the St. Joseph's Orphan Industrial School, Tindivanam, and for an oil engine for the Vellore Anjuman school, it seems that the proposal is based on the orders of Government in paragraphs 3 and 4 of G.O. No. 1171, Educational, dated the 13th October 1914. In the case of ~~the~~ buildings, it was directed that the grants should be disbursed only after the plans and estimates have been sanctioned and ~~the~~ grants formally sanctioned by competent authority.

Apparently

1348  
3570  
380  
5298

1348  
3570  
380  
5298

page 17 of  
+ page 6 of p. M. 1171  
13.10.14

Apparently, these are not yet ready; but Mr Tressler does not state that the scheme has been abandoned.

It may probably be considered whether the grants may not, as a special case, be disbursed in advance as in the case of hostels and in the case of building grants in 1913. It may not perhaps be possible to find funds for this work in the next year and in that view it may be advisable to sanction the grant for a desirable object immediately, if possible.

In the case of the purchase of oil engine, there may not be any great difficulty for the adoption of the system of advance payment.

Apparently, the same course was adopted in the case of the grants of previous years. It may perhaps be sufficient if the Director satisfies himself that the grant has been spent fully on the object for which it was sanctioned and this may, in the special circumstances, be done at the beginning of the next year as well as before the close of the current year.

In these circumstances, it is for consideration whether the Director may be asked to state whether

fr. No 147 Est  
17.2.13  
+ fr. No 89 Est  
20.1.14

Link to

60

10

this course may be adopted in the two cases above noted.

4. If, however, it is considered that the amounts sanctioned for these two objects should be withdrawn immediately, it is next for consideration whether they, along with the other sums noted in paragraph 1 above, should be resumed or reserved for "Experiments" as proposed by Mr. Tressler. He has not, however, explained fully how exactly the amount is to be spent. It is not therefore possible to state how far the proposed diversion of these grants, especially those from Imperial, is strictly educational.

The Imperial grant of Rs. 21,000 which is comprised of the Durbar grant of Rs. 12,000 sanctioned in 1912 and of Rs. 9,000 sanctioned in 1913 is meant for industrial and technical education. When sanctioning the first grant, the Government of India stated as follows:--

"It is understood that much is needed in the way of workshops and equipment; and in cases where schemes for industrial education have been submitted but not yet sanctioned, it is thought that money may usefully be expended upon these and kindred objects."

*Handwritten:* 8/15

fo. no. 264 Est 27.3.13 (T)

para 4(d), page 3  
offo. no. 204 Est 2.3.12 (H)

In regard to the second grant, the Government of India have not given any such instructions but have earmarked the grant for industrial and technical education. The experiments may in a sense be taken to ~~have~~ <sup>have</sup> educational value, and it may therefore be taken that the diversion is permissible, if it is considered necessary. It may however be observed that Mr. Tressler has not at all explained the need for additional allotment for "experiments". If this diversion is to be further considered, Mr. Tressler will have to be asked to state in detail for what specific objects funds are needed and how the existing allotment for the purpose is inadequate.

5. It may also be mentioned in this connection that Mr. Tressler may soon apply for an allotment towards the cost of Europe stores indented for, for the Leather Trade School, Madras. In June last, he was asked to forward the indents to the India Office and to apply for funds when intimation of the shipment of stores had been received. The India Office recently wired saying that the articles would be sent before January. Funds may

9

12

probably be required for this purpose in the  
 current month. The savings now anticipated may  
 be utilized towards the payment of the cost of  
 these stores which was estimated at Rs.10,237.

page 5 of ref.

para 3, page 2

~~The above~~ Please see the telephonic message on page 3 of current file. Mr. Truesher states that he would not recommend the payment of the grant ~~via~~ to the industrial schools at Tindivanadam + Kellore if it is ~~undoubtedly~~ doubtful that additional grants can be allotted to these ~~schools~~ next year. Of the two schools, the grant sanctioned for the one at Kellore is for the purchase of an oil engine. Any additional amount that may be required next year for the equipment of this school may be met from the provision of Rs. 8,000 made in the next year's budget for furniture grants to industrial schools. Besides, the Imperial grant of Rs. 21,000 will ~~be available~~ <sup>as it is at present accepted</sup> also be available next year for utilization on the equipment of industrial schools. It may, therefore, be ~~safely~~ assumed that ~~grants~~ further grant for equipment ~~will~~ will be available next year & it is for orders whether the grant ~~is~~ <sup>already</sup> sanctioned.

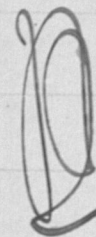

3 Mr. Tressler may be informed of these provisions and asked to state whether in the circumstances he would recommend advanced payments to the Tuidivanain St Joseph's School & the Vellore Aijuman. A draft telephone message to him is submitted for approval.

POST COPY OF TELEPHONE MESSAGE.

(DATED 24TH JANUARY 1915.)

From

The Director of Industries,

M A D R A S.

To

The Secretary to the Government of Madras,

Educational Department.

"Even so, I do not recommend advance payments to Tindivanam  
"and Vellore as I am not certain of them".

"If advance payments are to be made I recommend the Waltair  
"School, which I know is going through".

"I am submitting proposals on this point in a day or two".

(Sd) K. T. B. Tressler.

Director of Industries.

The Secretary to the Government of Madras,

Educational Department.

R.K.N.

Educational Department.

Please see the telephonic message on page 10 supra and Mr. Tressler's reply thereto on the previous page. Mr. Tressler is not in favour of giving the grants in advance to the two schools at Vellore and Tindivanam. He does not say why he recommended the grants originally, but considers now that the schools are not such as should receive the amounts sanctioned. ~~Apparently the objection is only to the advance payment suggested.~~

His recommendation may ~~however~~ be accepted.

2. In his reply, Mr. Tressler suggests that, if advance payments are to be made, he would recommend the school at Waltair and that he would submit proposals about this in a day or two. This is not one of the schools already approved for this year's grant. It is, however, submitted that the Government have already decided that the school at Waltair should be developed and in a separate file Mr. Tressler is being asked to report how that may best be done. It may be noted here that a plot of land has been acquired by the Government for the extension of this school. A provision of

page 11 supra

Gr. No. 1171 Est (K)  
13.10.14  
+ Gr. No. 1338 Est (S)  
27.11.14

\* Re the establishment of  
a Mech. Eng. School at  
Cocanada.

Memo No. 3335-1 (K)  
20.11.14  
(Amended file)

Rs.40,000 has been made in the next year's budget towards the cost of constructing a building for this school as well as for the two industrial schools at Coimbatore and Cocanada. Mr. Tressler has stated that he has already arrived at an understanding with the Waltair school authorities.

It may, however, take some time before Mr. Tressler's proposals are received and sanctioned by the Government. In these circumstances, it does not seem necessary to set apart for the payment of an advance grant to this school as large a sum as Rs.12,798.

As already pointed out on page 5 supra, Mr. Tressler's proposal to allot the saving to further experiments does not seem acceptable. It may, as suggested therein, be utilized towards the payment of the cost of Europe stores for the Leather School at Madras. A separate application for the amount required for this purpose (Rs.10,237) has since been received from Mr. Tressler and has been added to the current file.

With the concurrence of Financial, the Accountant General may be authorized to pay the sum from the amount available. The balance of Rs.2,561 may be
