There was no decision before I went on leave to acquire Mr. Harmanji Naorog's compound for the Inter-Collegiate at this ground. I thought the cost heavy and was inclined to the opinion that the Spun Tamb land to the north of the railway would do, provided this was not wanted for the Medical College + General Hospital. My idea was that this land could first be used for the salubrious which His Excellency desires to hold in the cold weather of 1915-16 and be made over to the Athletic Association after the salubrious. But if funds for the purchase of Mr. Naorog's property can be found from the budget grant of this year I agree to its acquisition.

The only source is the 6 lakhs for playgrounds. It won't be possible to say how much of this will be available until Mr. Moore's Committee report on the point which has been referred to it but till it does so. Remind of here's much more delay.

(Note No. 5)

It is not yet known whether the ... will be ... in the ... year.

It is probable that we may have to provide for this inevitable item this year.

Is this so? I thought we had provided for this in 1915/16?

My note

The amount wanted is 85. If we have 2.00 available could we not spare this? Please.

The total sanctioned grant for the current year for expenditure in the Provincial Section is 834.17 lakhs, and the latest revised estimate stands at 832.14 lakhs.

The amount available for incurring additional expenditure, without applying for the sanction of the Government of India—vide art. 295(a) of the Civil Account Code, Vol I—is thus only a very small sum of about 2 lakhs, which must be kept in reserve for any unforeseen emergent item of expenditure which may arise before 31st March next, eg. acquisition of Mudumalai and Kombarakolli leased forests (1.50 lakhs).

2. For orders whether the Educl. Dept. may be informed that no funds are available for expenditure on the acquisition of the land in question.

OK.
12.2.15.

I submit that it is not possible to provide for this acquisition either in the current year or the next year.

9/26/17

I agree that he cannot provide the money this year for the award about Indomalai grant has been pronounced, the amount is 1.71 & we shall doubtless have to pay this this year; besides the A's figures may well be wrong by a ten or two.

As to next year, if the Indomalai award is paid this year, we may have 1.50 available in 1915/16 from which to meet this ^{proposed} charge. But seeing how closely we have passed our expenditure in 1915/16, ~~it seems~~ it seems advisable not to under this requisition in that year unless it is matter of real urgency & importance.

In the circumstances the proposal will have ~~apparently~~ to be kept in abeyance for the present. If directed it may be brought up in the middle of 1915-16 to see if funds could then be made available for the purpose; otherwise the proposal may stand over to 1916-17.

C. No. From the No. dated

SUBJECT.

Provision of an inter-collegiate playground in the city of Madras.

With reference to the office note, dated the 15th February 1915, on page 6 of L.P. no. 226 Ed., dated 26th February 1915, the question of the provision of funds for the acquisition of a site, ^{in the municipality} for use as an intercollegiate playground is submitted for orders. In the present financial situation no funds are likely to be available for the purpose in the current year. It is also doubtful whether provision can be made in the budget estimate for 1916-17. The remarks of Finance may be invited. The question may perhaps be brought up to the middle of 1916-17.

I am afraid there is no question that consideration of the project must be postponed.
