/Through the Accountant-General/
Sir,

In submitting herewith a copy of letter No. R.C. 548E /14, dated 23rd November 1914 from the Inspector of European and Training schools, Madras, together with its enclosures on the subject of granting halting allowance to Mr. S.J. Hall, the Physical Training Instructor for the entire period of his stay on the Hills (Nilgiris), I have the honour to state that all the European schools on the plains were closed for the summer vacation during May and June 1914 and the Physical Training Instructor had no work to do in Madras during this period. Consequently, the Inspector of European and Training Schools, under whose

orders the Instructor is working, instructed him to proceed to the Nilgiris where there are several European schools and to open physical training classes there. Accordingly, Mr. Hall left Madras for Ootacamund on the 28th April 1914 and stayed there till 2nd July 1914. He is reported to have started Physical Training classes at 3 centres Viz. Ootacamund, Lovedale and Coonoor and trained 67 teachers in all who are now competent to impart instruction themselves in Physical Training. Mr. Hall now represents that owing to his stay on the Hills on public duty he was put to extra expenditure and requests that he may be given daily allowance for the whole period of his stay on the Hills. I consider that Mr. Hall's stay on the Hills during the period was in the interests of the public service and that his request for halting allowance is reasonable especially in view of the fact that the Instructor would have enjoyed 2 months' vacation had he stayed in Madras which time has now been utilized to the best advantage.

2. From the statement of actual expenses furnished by Mr. Hall, which represents the expenses incurred by him in a week it will be observed that the extra expenses incurred by him amounted on an average to about Rs.3 per diem and I accordingly beg to recommend that, under articles 1056 and 1114 of the Civil Service Regulations, he be granted halting allowance at Rs.3 per diem for the whole period of his stay on the Nilgiris. Mr. Hall stayed on the Hills for 63 days (30-4-14 to 1-7-14) and he has drawn travelling and halting allowance for the first 10 days' halt and the sanction now applied for is for halting allowance for the remaining 53 days.

Dated, Waltair 7-9-1914.

Sir,

I have the honour to respectfully request you to be good enough to approach the Director of Public Instruction for sanction for me to draw daily allowance ~~throx~~ throughout my stay in the Nilgiris.

If it can be shewn that a prolonged halt of more than 10 days at any one place is in the interests of the Public service, I believe sanction can be obtained.

During May and June, the schools on the plains were closed for the mid-summer vacation and had I not remained working with the Hill schools. I would have been compelled to take an enforced holidays.

The sixty four days halt proved very useful, as I was able to train sixty seven teachers and they are now capable of instructing the children. Physical Training Centres were opened at Coonoor, Lovedale, and Ootacamund. I also visited each of the twelve schools twice a week, which necessitated a daily journey between the above mentioned places. Daily railway fare, ~~plus~~ plus the extra cost of having to take my meals at refreshment rooms, made my expenses extremely heavy.

In addition to the above I had to pay more for my board and lodging than I do when at Head Quarters. Had I not been under the impression that I would get Daily allowance, it would have ~~been~~ been impossible to carry on with the work.

Permission to open the Physical Training Centres in the Nilgiris was obtained from the Inspector of European and Training Schools.

Trusting my application will meet with a favourable consideration.

I have the honour to be,
Sir,

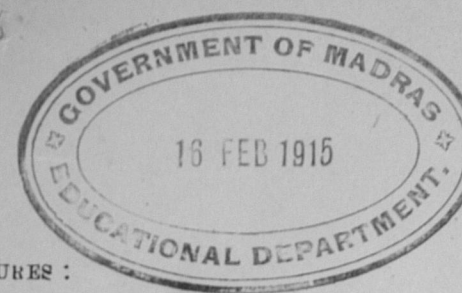

Your most obedient servant,

(Sd) S.J.Hall

Physical Training Instructor.

Submitted that, under the ruling in para 1 (a) on page 216 of the Madras supplement to the Civil Service Regulations, the rate of daily allowance of an officer who stays on the Nilgiris in the interests of the public service may be increased by 50 per cent. In the present case Mr. Hall's prolonged stay from the 30th April 1914 to 1st July 1914 on the hills was necessary in the interests of the public service, and as he was put to extra expense in connection with the halt, it is submitted that sanction may be accorded to the enhanced rate of daily allowance of Rs. 3 for the whole period of his stay on the hills as recommended by the Director of Public Instruction.

A draft order is submitted below for approval. It need not go to ~~Financial~~ for acceptance as exemption from the operation of Article 1056 of the C.S.R. may now be finally dealt with by the administrative department.
