From this sum, an allotment of 1.90 lakhs has already been sanctioned and it is proposed to sanction a further sum of .24 lakh to local bodies for Compensation as loss of fee income. There will thus be only a small sum of .04 lakh available for further expenditure; and the balance will have to be found by this department from other sources. Will you please let me know whether you have any similar proposals under consideration which will reach Govt shortly so that the Govt may have an idea as to the total amount which will be required by you for distribution to local bodies for non-revenue objects before the end of this month?

We have already had occasion in another case to point out to the D.P.I. the irregularity of trying to hold on to savings under one head in order to spend it on other objects not provided for in the budget, instead of making surrenders promptly and asking separately for additional allotments or re-appropriations of surrenders made as soon as he sees the necessity for doing so.

We have resumed from the grant
