HIS EXCELLENCY THE GOVERNOR'S TOUR, 1915.

Extract from an address to be presented to His Excellency the Governor by the Vellore Municipal Council.

* * *

" 5. Your Excellency is aware that the development and extension of elementary education is a matter on which the rulers and the ruled alike are now keen. So far as this Council is concerned, it had fully realized its responsibility in this important matter and had been devoting every year a much larger percentage of its revenue in the cause of elementary education than is generally the case in other municipalities. With a view, however, to provide funds for other necessary objects, the Council had recently to reduce expenditure under this head but we are glad to note that the liberal grants which we receive from Imperial and Provincial funds enable us to continue our energies in this important direction unabated and while being thankful for past favours, we trust that the claims of our town will always be sympathetically considered.
