GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from the Hon'ble Mr. J. H. Stone, M.A., C.I.E., F.R.H.S., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 20th February 1915.

No.—Cur.1354.

With reference to paragraph 3 of my letter to Government R.C. No. 11056, dated 15th December 1914, I have the honour to propose herewith the distribution of a total subsidy of Rs. 23,730 to district boards and municipalities, in accordance with the annexed statement A, to compensate them for the loss of fee-income in elementary schools under their management, incurred in consequence of the amendment of Rule 84 of the Madras Educational Rules. I reserve the consideration of the question of additional capitation allowance referred to in the same letter for a future occasion when sufficient funds are available to meet the heavy expenditure that would be involved by meeting *in toto* this charge.

2. The amended rule has been in operation for a period sufficiently long to make its effect felt and the accompanying statement marked B which has been prepared from the budget estimates of local bodies for 1915-16 shows that there will be a gradual fall in the fee-income which is more marked in the case of district boards than in municipalities. The subsidy now recommended represents the decrease which the revised estimate for 1914-15 shows in comparison with the actuals for 1913-14 and is, I think, a fairly accurate estimate of the loss for which the concession sanctioned in G.O. No. 715, Educational, dated 5th August 1913, has been responsible. Such of the municipalities as show a decrease of less than Rs. 100 have not been recommended for any additional subsidy on this account.

3. The expenditure involved can be met from the balance in the provision in the current year's budget under "22-E. Payments in support of local board and municipal schools". In my letter referred to in paragraph 1 above I had pointed out a saving of Rs. 51,659 out of which a sum of Rs. 340 has since been proposed for the Penukonda Taluk Board on account of the maintenance of the carpentry class and an amount of Rs. 4,567 recommended for the Trichinopoly District Board for the board high school building at Kulittalai in my letter R.C. No. 986, dated 11th February 1915. This leaves a balance of Rs. 46,752 of which, Rs. 38,200 may be roughly estimated to be available for recurring expenditure as explained below :—

	RS.
(a) Allotment of usual contribution to local boards and municipalities	2,18,000
<i>Deduct—</i>	
Amount of usual contribution recommended in Director's letter R.C. No. 11056, dated 15th December 1914 ..	1,78,740
Annual recurring liability of items (iii) to (viii) of paragraph 1 of the same letter	11,420
Subsidy to the Penukonda Taluk Board	240
	1,90,400
Savings	27,600
(b) Recurring annual subsidy available for sessional schools ..	72,000
Cost of sessional schools now working from subsidy ..	61,400
Balance	10,600
(a) plus (b)	38,200

The saving under (b) is anticipated on the presumption that no further additional sessional schools will be necessary but it is impossible at present to state definitely whether or no such will be the case although the probability is that a decrease rather than an increase in this kind of schools will be found in future years. In any case the present proposal does not require any further savings than those under (a) above.

From the Director of Public Instruction, Madras, dated the 20th February 1915,
Cur. No. 1354.

In G.O. No. 715, Educational, dated the 5th August 1913, the list of backward classes was enlarged and rule 84 of the Madras Educational Rules was amended so as to provide for the free education of the backward classes even in schools not specially intended for them. It was then thought that the latter proposal would entail only a trifling loss of fee income and that specific compensation was unnecessary. At the meeting of the Legislative Council held on the 14th March 1914, the Hon'ble Mr. C. V. S. Narasimha Raju, however, moved a resolution to the effect that an additional sum of one lakh might be provided under "22-E. EDUCATION—Payment in support of municipal and local board elementary schools," in order to compensate the local bodies for the loss of fee income due to the amendment of rule 84 of the Madras Educational Rules referred to above. It was pointed out by him that local bodies were sure to find themselves "crippled and considerably hampered in endeavouring to give effect to the change" and that, unless the Government came to their rescue by making provision for additional subsidies in that behalf, the practical working of the rule would be beset with difficulties. On behalf of the Government it was stated that if, at the end of the year, it was found that local bodies had spent more than they would otherwise have done, that deficit would be made good and that the Government would also be prepared to consider any requests for grants to make up the loss.

2. So far, no local body has specifically applied to the Government for a grant for the purpose. From the statement submitted by the Director, however, it appears that the fee income of local bodies has been largely affected. The Director considers that the fall in the estimated income in the revised estimate for the current year, as compared with the actuals of 1913-14, may be taken to represent the loss occasioned by the introduction of the amended rule, which is almost the only rule or factor that could have contributed to a fall in the fee income of local bodies' schools. The correctness of this calculation gains support from the fact that in 1914-15 a number of new schools were opened by local bodies which might have, if at all, only increased the fee income from the schools of local bodies. There seems thus to be no doubt that the amended rule has operated adversely on the finances. The effect of this will be noticed when the net expenditure on account of education for the year for each local body comes to be calculated; and in several cases additional expenditure on education entails the diversion of funds from other services. There seems therefore to be no objection to approve the

proposal of the Director to distribute a subsidy of Rs. 23,730 among local bodies in the current year for this purpose. The Director has left out of account losses of Rs. 100 and below.

3. The liability now created is a recurring one and the Director proposes to meet it in the current year from the provision for subsidies. In paragraph 3 of his letter he also explains, and in another connection also he affirmed, that this amount could be found in future years from the annual total allotment for subsidies.

4. A draft order is submitted for approval. It may be sent to Financial and Local and Municipal for acceptance.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
